Privacy Policy

Our Privacy Policy explains:

- What information we collect and why we collect it.
- How we use that information.
- Information that we collect

We collect information to provide better services to all of our users. Information that we get about you from other services Such as Google Analytics, Firebase, Crashlytics, Google Play and others services we use to improve our applications and services.

This information includes:

Information you give us - for example, if our application request login or register to store or sync your date - we'll ask for personal information, like your name, email address or telephone number. Or will asked you to sing in into your Google (maybe Facebook or other accounts). We do not collect any personal information in our applications for kids. In our kids apps users could access the app or game in its entirety without any signing.

Device information - device-specific information such as your hardware model, operating system version, unique device identifiers and mobile network information.

Log information - this may include: details of how you used our applications or services; internet protocol address; device event information, such as crashes, system activity, hardware settings, browser type, browser language,

the date and time of your request and referral URL; cookies that may uniquely identify your browser or your Account.

Location information - some of services that we use in the applications (Google Analytics for example) may collect and process information about your location. All data about your location is aggregated non-personally identifiable information.

Unique application numbers - certain services include a unique application number. This number and information about your installation (for example, the operating system type and application version number)

Local storage - we may collect and store information (including personal information) locally on your device using mechanisms such as browser web storage (including HTML 5) and application data caches.

Survey Serving Technology - This app uses Pollfish SDK. Pollfish is an on-line survey platform, through which, anyone may conduct surveys. Pollfish collaborates with Developers of applications for smartphones in order to have access to users of such applications and address survey questionnaires to them. When a user connects to this app, a specific set of user's device data (including Advertising ID which will may be processed by Pollfish only in strict compliance with google play policies- and/or other device data) and response meta-data (including information about the apps which the user has installed in his mobile phone) is automatically sent to Pollfish servers, in order for Pollfish to discern whether the user is eligible for a survey. For a full list of data received by Pollfish through this app, please read carefully Pollfish respondent terms located at <https://www.pollfish.com/terms/respondent>. These data will be associated with your answers to the questionnaires whenever Pollfish sends such questionnaires to eligible users. By downloading the application you accept this privacy policy document and you hereby give your consent for the processing by Pollfish of the aforementioned data. Furthermore, you are informed that you may disable Pollfish operation at any time by using the Pollfish "opt out section" available on Pollfish website . We once more invite you to check the respondent's terms of use, if you wish to have more detailed view of the way Pollfish works.

APPLE, GOOGLE AND AMAZON ARE NOT A SPONSOR NOR ARE INVOLVED IN ANY WAY IN THIS CONTEST/DRAW. NO APPLE PRODUCTS ARE BEING USED AS PRIZES.

Cookies and anonymous identifiers - we use various technologies to collect and store information when you visit our site or work with application, which may include one or more cookies or anonymous identifiers sent to your device. We also use cookies and anonymous identifiers when you interact with services that we offer to our partners, such as advertising services and others. How we use information that we collect

We use the information that we collect from all of our applications to improve our applications and make it better for you. We may share aggregated, non-personally identifiable information publicly and with our partners, such as publishers, advertisers or connected sites. For example, we may share information publicly to show trends about the general use of our apps. Our Privacy Policy may change from time to time. We will not reduce your rights under this Privacy Policy without your explicit consent. We will post any Privacy Policy changes on this page. If you have any questions - you can ask them by e-mail.
