Preparing for your special day:

- *Have at least one consultation, hair trial style and makeup at least one month before you wedding day
- *During the "test run," walk around with hairstyle you plan to wear to determine its comfort level.
- *Bring your head piece/veil to the trial. Make sure the head piece has small hoops inside to secure hair.
- *Hairstyles for the bride usually take one hour to one hour and fifteen minutes. Allow one hour for bridesmaids, mothers, and flower girls who are receiving up styles.
- *Remember that some hairstyles can add inches to a bride's height, shorter brides may want to use this to their advantage.
- *Hair color looks its best the first two weeks, so have hair colored a week or two before the wedding. Do not have any chemical services the day of wedding.
- *Hair that is over-conditioned does not style well, so deep conditioning treatments should not be used within a week of the wedding. For best styling results, shampoo hair lightly the day before the wedding and if possible, do not wash hair day of wedding
- *Everyone should wear a button-down shirt for services the day of appointments, and hair should be dry.
- *For individuals receiving makeup services, face must be clean and moisturized.
- *In order to keep brides and parties on time, please send your itinerary to your entire party who are having services done and be on time so that we will not hold up your event.
