## Wind Wall 3rd-level evocation Up to 1 minute C 1 action A wall of strong wind rises from the ground at a

point you choose within range. You can make the wall up to 50 feet long, 15 feet high, and 1 foot thick. You can shape the wall in any way you choose so long as it makes one continuous path along the ground. The wall lasts for the duration

When the wall appears, each creature within its area must make a Strength saving throw. A creature takes 3d8 bludgeoning damage on a failed save, or half as much damage on a successful one.

The strong wind keeps fog, smoke, and other gases as bay. Small or smaller flying creatures or objects can't pass through the wall. Loose, lightweight materials brought into the wall fly upward. Arrows, bolts and other ordinary projectiles launched at targets behind the wall are deflected upward and automatically miss. (Boulders hurled by giants or siege engines, and similar projectile, are unaffected.) Creatures in gaseous form can't pass through it.

## Conjure Woodland Beings 4th-level conjuration

You summon fev creatures that appear in unoccupied spaces that you can see within range. Choose one of the following options for what appears:

- One fey creature with challenge 2 rating or lower
- Two fey creatures with challenge rating 1 or lower
- Four fey creatures of challenge rating 1/2 or lower Eight fev creatures of challenge rating 1/4 or lower.
- A summoned creature disappears when it drops to 0 hit points or when the spell ends.

The summon creatures are friendly to you and you companions. Roll initiative for the summoned creatures as a group, which have their own turns. They obey any verbal commands that you issue to them (no action required by you). If you don't issue any commands to them, they defend themselves from hostile creatures, but otherwise take no actions.

The DM has the creatures' statistics

At Higher Levels. When you cast this spell using certain higher-level spell slots, you choose one of the summoning options above, and more creatures appear: twice as many with a 6th-level slot and three times as many with an 8th level slot.

Freedom of Movement 4th-level abjuration

You touch a willing creature. For the duration, the target's movement is unaffected by difficult terrain, and spells and other magical effects can neither reduce the target's speed nor cause the target to be paralysed or restrained.

The target can also spend 5 feet of movement to automatically escape from nonmagical restrains, such as manacles or a creature that has it grappled. Finally, being underwater imposes no penalties on the target's movement or attacks.

You conjure a vine that sprouts from the ground in an unoccupied space of your choice that you can see within range. When you cast this spell, you can direct the vine to lash out at a creature within 30 feet of it that you can see. That creature must succeed on a Dexterity saving throw or be pulled 20 feet directly toward the vine.

Until the spell ends, you can direct the vine to lash out at the same creature or another one as a bonus action on each of your turns.

**Locate Creature** 

4th-level divination

Describe or name a creature that is familiar to you. You sense the direction to the creature's location, as long as that creature is within 1,000 feet of you. If the creature is moving, you know the direction of its

The spell can locate a specific creature known to you, or the nearest creature of a specific kind (such as a human or a unicorn), so long as you have seen such a creature up close (within 30 feet) at least once. If the creature you described or named is in a different form, such as being under the effects of a polymorph spell, this spell doesn't locate the creature.

This spell can't locate a creature if running water at least 10 feet wide blocks a direct path between you and the creature.

## Commune with Nature 5th-level div. (ritual)

1 minute

Instantaneous

You briefly become one with nature and gain knowledge of the surrounding territory. In the outdoors, the spell gives you knowledge of the land within 3 miles of you. In caves and other natural underground settings, the radius is limited to 300 feet. The spell doesn't function where nature has been replaced by construction, such as in dungeons and towns

You instantly gain knowledge of up to three facts of your choice about any of the following subjects as they

- terrain and bodies of water
- prevelent plants, minerals, animals or peoples
- powerful celestials, fey, fiends, elementals, or undead
- influence from other planes of existence
- buildings

For example, you could determine the location of powerful undead in the area, the location of major sources of safe drinking water, and the location of any nearby towns.

Conjure Volley

5th-level conjuration

1 action

Ranger

Instantaneous

You fire a piece of nonmagical ammunition from a ranged weapon or throw a nonmagical weapon into the air and choose a point within range. Hundreds of duplicates of the ammunition or weapon fall in a volley from above and then disappear. Each creature in a 40-foot-radius, 20-foot-high cylinder centered on that point must make a Dexterity saving throw. A creature takes 8d8 damage on a failed save, or half as much damage on a successful one. The damage type is the same as that of the ammunition or weapon.

V S M (1 piece of ammo)

Swift Quiver

5th-level transmutation

1 bonus action

Up to 1 minute C

You transmute your quiver so it produces an endless supply of nonmagical ammunition, which seems to leap into your hand when you reach for it.

On each of your turns until the spell ends, you can use a bonus action to make two attacks with a weapon that uses ammunition from the guiver. Each time you make such a ranged attack, your quiver magically replaces the piece of ammunition you used with a similar piece of nonmagical ammunition. Any pieces of ammunition created by this spell disintegrate when the spell ends. If the quiver leaves your possession, the spell ends.
