

## What The Funge - October Updates

October 5

- When matching in Practice mode with the weekly free deck, matchmaking prioritises matching against other weekly free roster users.
- Various crash and login fixes.
- All store items are cheaper!
- A tournament is live with a starting pool of 400 \$PRIME
- Minor balance changes.

October 14

- You can now login with just email and password, no Web3 wallet required. We have changes coming to:
  - Upgrades
  - Boosts
  - Perks
  - Traits
  - Superfunges
- All of these changes will be wrapped into the Copium Update, coming soon (tm).

October 21

- Matchmaking now prioritises matching you against squads with a similar win count, and you'll also be able to match against yourself. This helps lower scorers to have a better chance, and top scorers to taste their own medicine.
- Our tooltips have been enhanced! They're now *snazzier*, easier to read and expandable - which is important for all of the *snazz* comin up in the Copium update
- Here's a peek into something that's comin up as part of the Copium update... more info coming soon:
