#### About Books

Lara has only one thought when her husband is taken prisoner: I will do whatever it takes to set you free. A queen now in exile as a traitor, Lara has watched Ithicana be conquered by her own father, helpless to do anything to stop the destruction. But when she learns her husband, Aren, has been captured in battle, Lara knows there is only one reason her father is keeping him alive: as bait for his traitorous daughter. And it is bait she fully intends to take. Risking her life to the Tempest Seas, Lara returns to Ithicana with a plan not only to free its king, but for liberating the Bridge Kingdom from her father's clutches using his own weapons: the sisters whose lives she spared. But as Lara and her companions formulate a plan to free Aren from her father's palace, they soon discover that while it is easy to get in, it will be quite another thing to get Aren, and themselves, back out. Not only is the palace inescapable, there are more players in the game than Lara ever realized,
