if there might be a flop, typically will house a 'no flop, no drop' insurance coverage plan. This means that if there is no flop, regardless how many raises or how large is the pot, the house will not collect hardly any money from the flop. It must be remembered that doesn't all live poker rooms collect rake if there could flop. May sometimes regional, but could vary from poker room to poker network in exactly the region.

Another cool feature for me was the no download path to take. I am always worried about getting spyware or some sort of virus from downloading programs off for the internet. However Rushmore has produced it easy with a no download option i always really fancy. Plus this lets me play on any computer I am at since i have don't end up being download the application each free time. I usually enjoy playing slots but have also ventured into playing roulette, craps and blackjack from time to time.
