## About Scapho Secukinumab

---

Secukinumab is a monoclonal antibody. It works by blocking certain substances in the body that affect inflammation and the body's immune system.

It is mainly used for Treating moderate to severe plaque psoriasis in certain patients.

## Scapho 150mg Secukinumab Injection

Brand Name : Scapho Injection

Content : Secukinumab 150mg/ml

Manufactured by : Novartis Pharma Stein AG Germany

Packing : Pack of 1 vial

## Important Safety Information

---

Tell your doctor or dentist that you take Secukinumab before you receive any medical or dental care, emergency care, or surgery.

Secukinumab may lower the ability of your body to fight infection and increase your risk of infections. Avoid contact with people who have colds or infections. Tell your doctor if you notice signs of infection like fever, sore throat, rash, or chills.

If you have Crohn disease, talk with your doctor. Worsening of Crohn disease can happen with Secukinumab. Sometimes this may be serious. Discuss any questions or concerns with your doctor.

**PREGNANCY and BREAST-FEEDING:** If you become pregnant, contact your doctor. You will need to discuss the benefits and risks of using Secukinumab while you are pregnant. It is unknown if Secukinumab is found in breast milk. If you are or will be breast-feeding while you use Secukinumab, check with your doctor. Discuss any possible risks to your baby.
