

INT. CAR - NIGHT

ROHAN

Dude, the party wasn't even that bad. You literally left after an hour doing fucking whatever.

Kai stays silent.

ROHAN

We made it dude. These tupa bitches would've never even talked to us, and now we were at one of the most insane parties in the world. I mean it was a pretty basic house party, but it was still fucking crazy. Like, dude remember Monica? The one who dated 7 guys at the same time but still rejected JT. The one who smoked dog shit at prom after someone convinced her it was chocolate weed. Dude, she like talked to me. She was saying something about her being a woman of god or something. I dunno man, but it was complete bullshit 'cause she down like seven bottles of hennessy.

Kai still stays quiet.

ROHAN

Why'd you leave anyways? Gary Planche pulled up and gave everyone money. Like a lot too.

Rohan pulls out his money and waves it around.

ROHAN

Oh yeah, and Maya came later too. I think she was trying to find you, but gave up and got hella drunk. Like she was stumbling.

KAI

She good?

ROHAN

Oh, so now you fucking talk.

KAI

Dude is she ok?

ROHAN

Yeah, she's fine. . . she went home with some dude.

KAI

What'd he look like?

ROHAN

Bro, y'all broke up, why do you care?

Neither of them speak after that. Kai seems to be thinking.

KAI

Did he seem like a good person at least?

ROHAN

BRO!

[Title Screen Plays]

CUT TO:

EXT. HOUSE - NIGHT

ONE SHOT: A black Nissan Altima pulls up to the house. There is no parking. They drive past the house a couple blocks down. Rohan and Kai get out of the car, and start walking towards the house. Kai is on his phone, and it seems like he's trying to contact someone during this conversation.

ROHAN

Dude, we gotta go to Denny's after this.

KAI

Why Denny's? Didn't you say you hated their pancakes, and that their bacon made you want to become muslim.

ROHAN

Why would I be eating pancakes at 4AM?

KAI

No way we're staying at this party for 6 hours.

ROHAN

Time flies bro. Plus Denny's has this Philly Cheesesteak Omelette thing, and apparently there's these two chicks that work the night shift-

KAI

That sounds disgusting, and there's no way I'm sleeping with the waitress at Denny's

ROHAN

Who says you have to? I was gonna take both.

KAI

You're nasty bro.

They get to the door. Kai opens it up. Music is blaring and we see tons of people dancing and having fun.

ROHAN

Holy shit.

Rohan runs in excitedly with a massive grin, while Kai slowly follows behind
