

BECOME A DOG GIRL CYOA

Introduction

You find yourself sitting in a chair in a waiting room. After a while a woman with a leash in her hand enters the room and indicates you to follow her. You two enter a huge hall that you can only assume to be the entrance hall of a big company.

The woman turns to you and only now you notice that there's a girl with dog ears and a bushy tail on the leash she carries.

„Welcome at Canine Creations! We hope you enjoy your stay here.“ She smiles at you warmly.

„Could you remind me how you got here?“

Game Mode

Page 1

Normal

„I am forced to become a Dog Girl as part of the ‚Humans Best Friend‘-Program.“

You are part of a government program that tries to create humanoid dogs to make up for complications caused by stricter animal rights.

Play through the CYOA as explained below. (Instructions)

Random

„I can't remember ... L-last thing I know is there was a cellar ... Holy shit I have been kidnapped.“

You have been kidnapped by your owner who pays a corrupt manager at Canine Creations to make you his perfect Dog Girl.

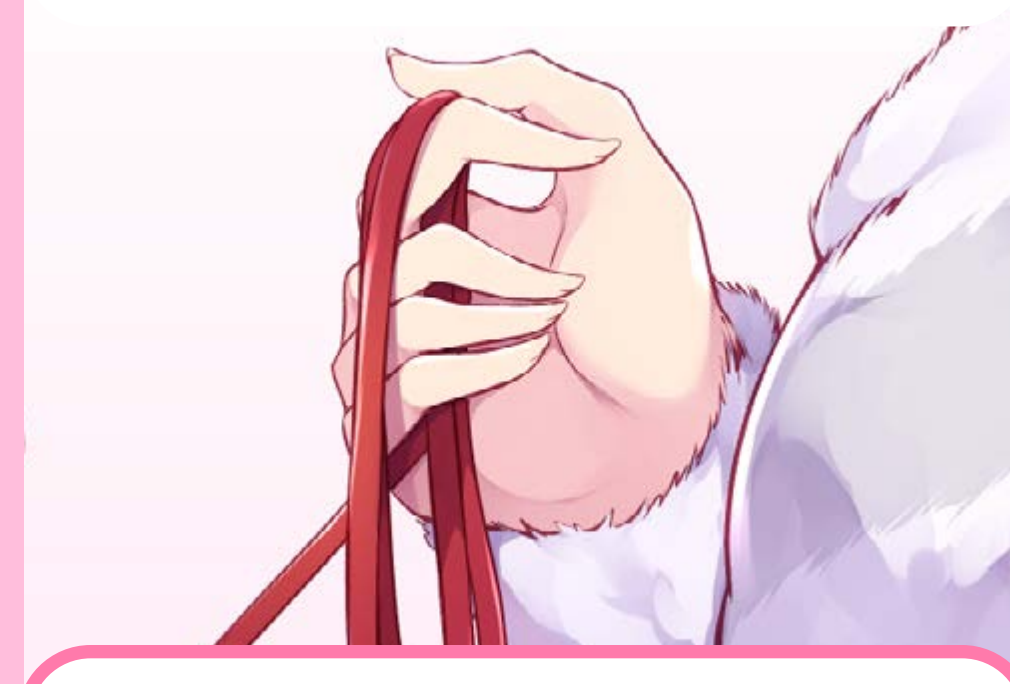

First roll or choose an owner (Page 7). Then roll all your traits, but to ensure your owners satisfaction the traits rolled have to cover at least one of your owners preferred categories. (They are marked next to your owner as the example below shows.)

E. G.

Be the Owner

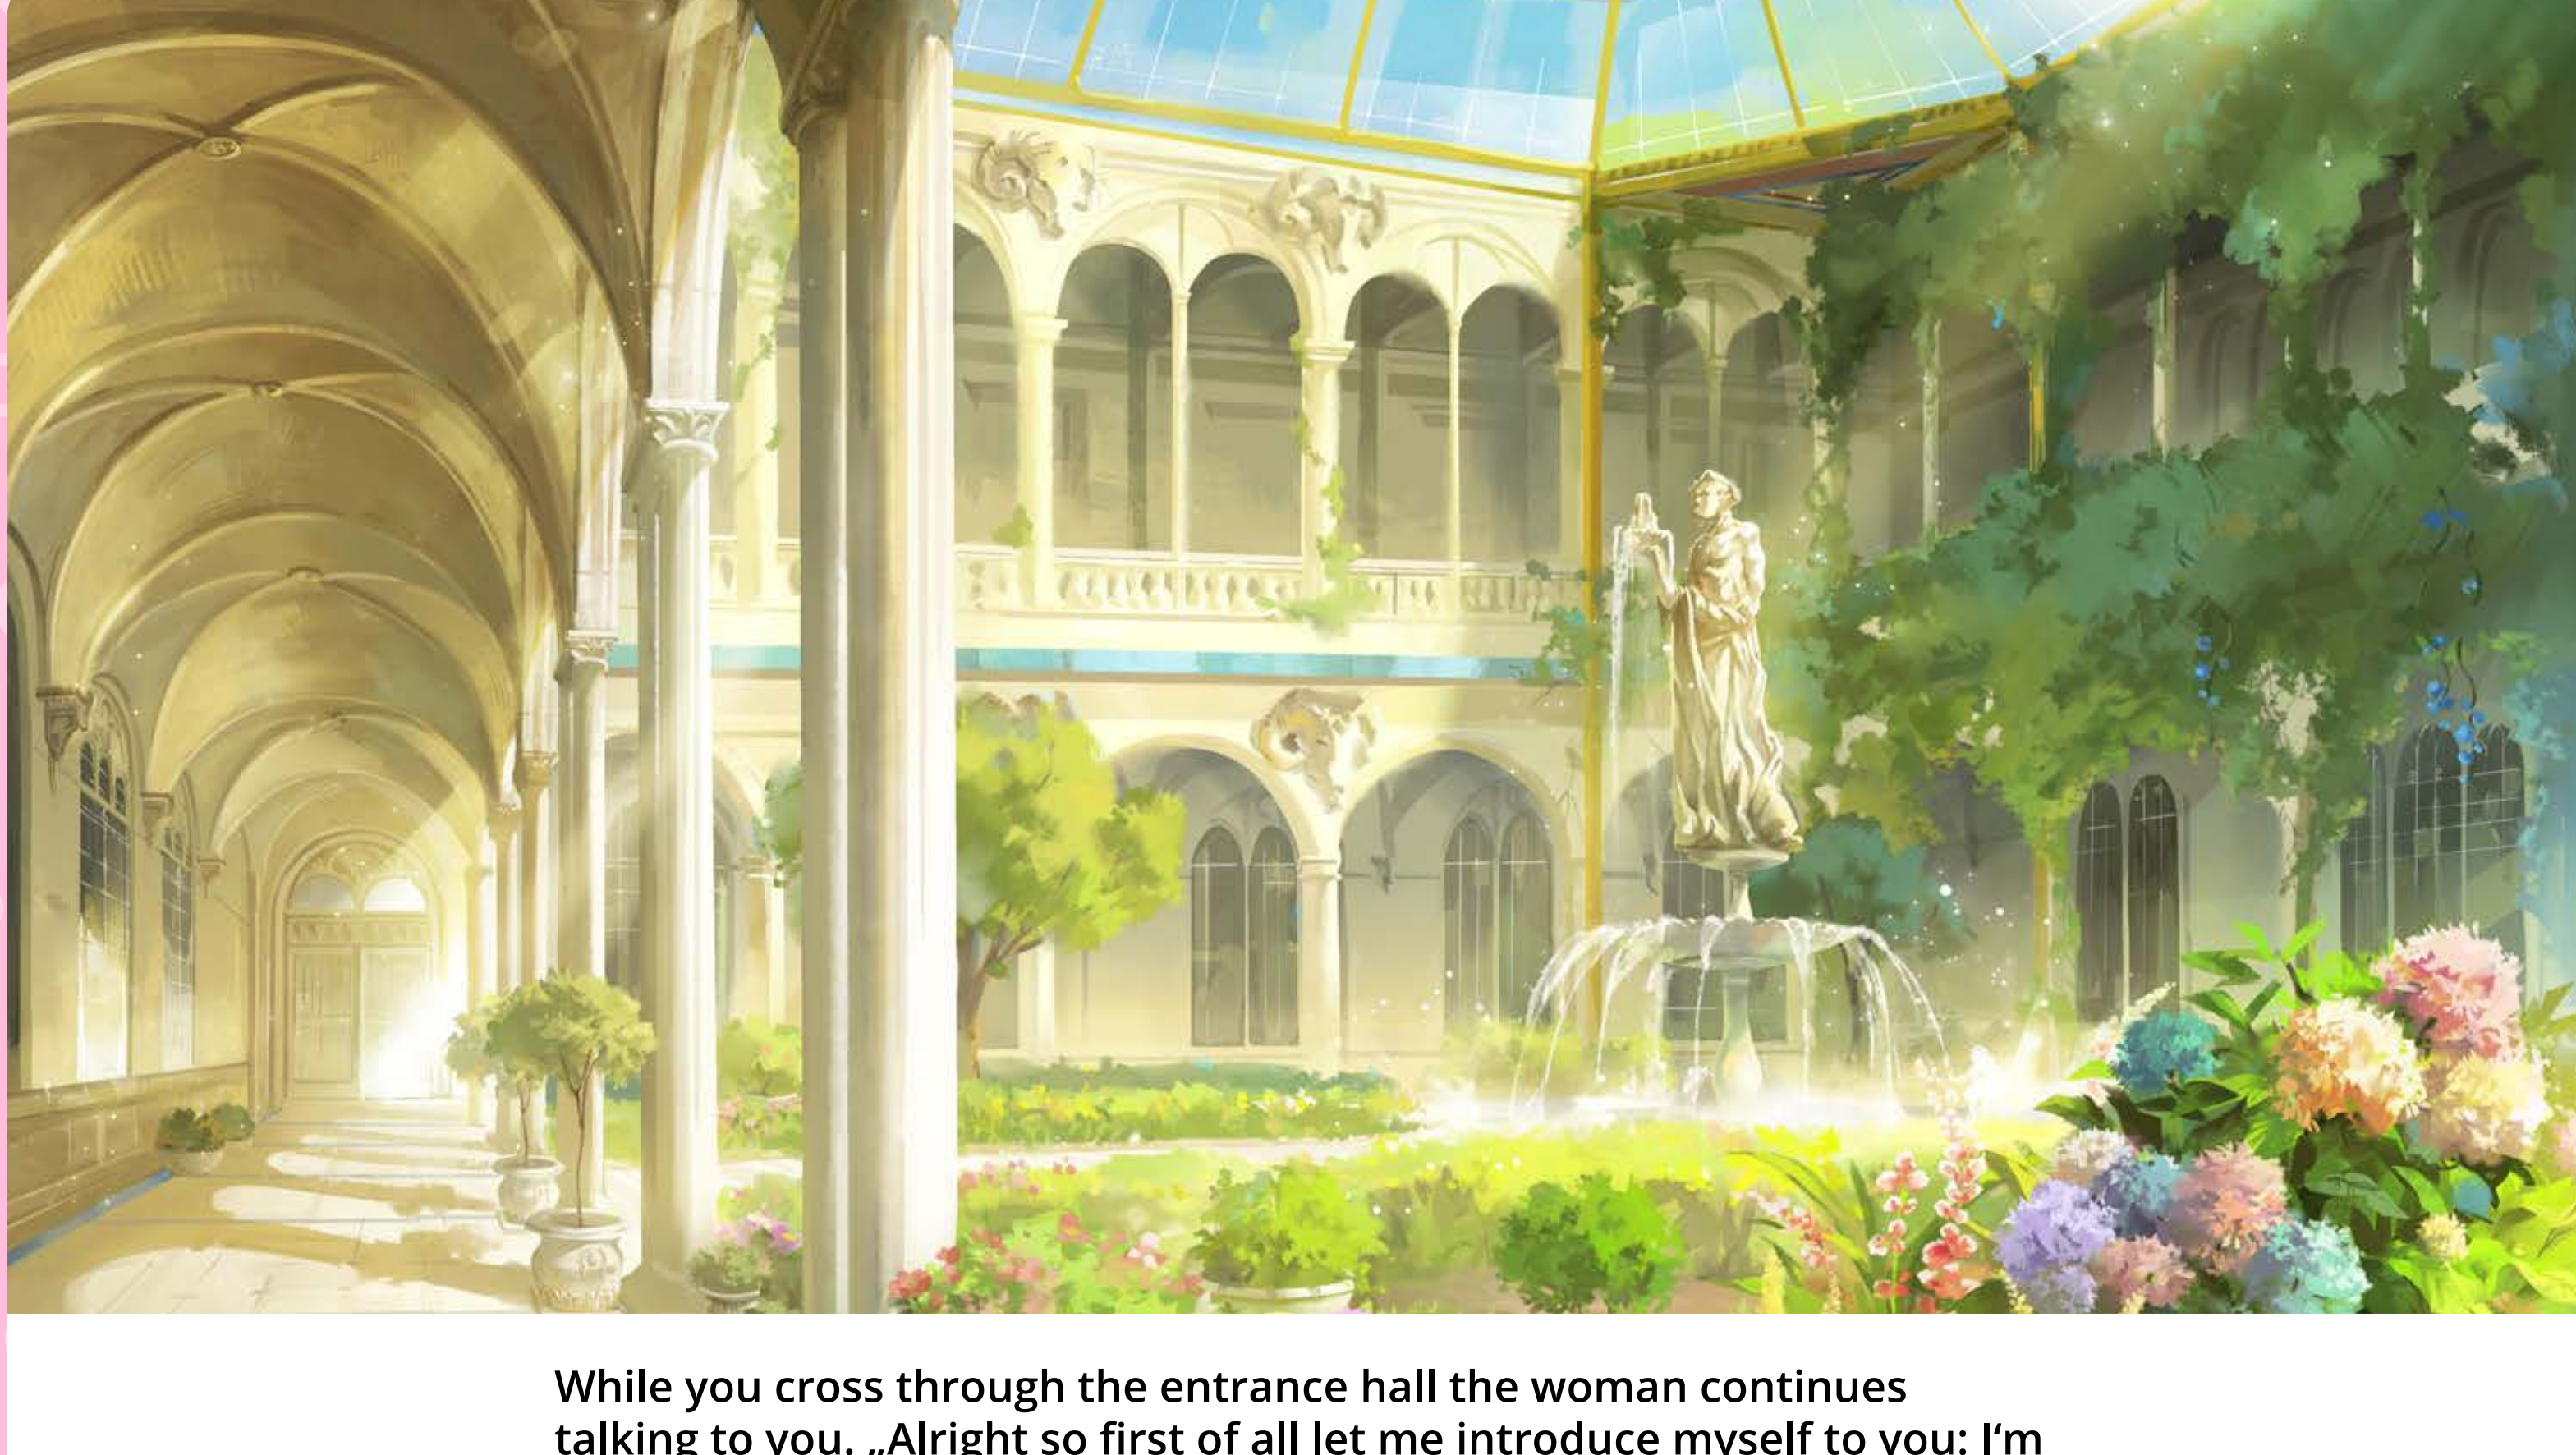

„I am here to claim my price and fill out the form to choose the traits of my Dog Girl.“

You've won a lottery, which lets you choose the traits of your perfect Dog Girl. You can take her with you after the process is complete.

Play as Normal, but imagine getting a Dog Girl instead of becoming one.

You might have to read over one or two story passages.

While you cross through the entrance hall the woman continues talking to you. „Alright so first of all let me introduce myself to you: I'm Variel. I am your I'll accompany you during your transformation and training. If you have any questions feel free to ask me anytime.“

You reach a door, Variel ties the leashed girl to a pole and goes with you inside the room. The room looks like a comfy living room with two big couches and a coffee table.

„In this room you'll undergo the first part of your transformation.“ Variel hands you a tablet. „These first changes are made by a drug developed by Canine Creations. We create the drug on demand and every pill is different considering the subjects/customers choices. On the tablet i handed you you'll see different options you can choose from. Keep in mind that the changes will be permanent and not reversible. Now then take your time and make your choices.“

You start scrolling through the options.

Instructions

To play this CYOA choose one option from every section. The combination of all your chosen options makes up an end determined by the score that every option has. Keep track of your score in the six categories listed on the right.

Dominance **D**

Submissiveness **S**

Eroticism **E**

Cuteness **C**

Humanness **H**

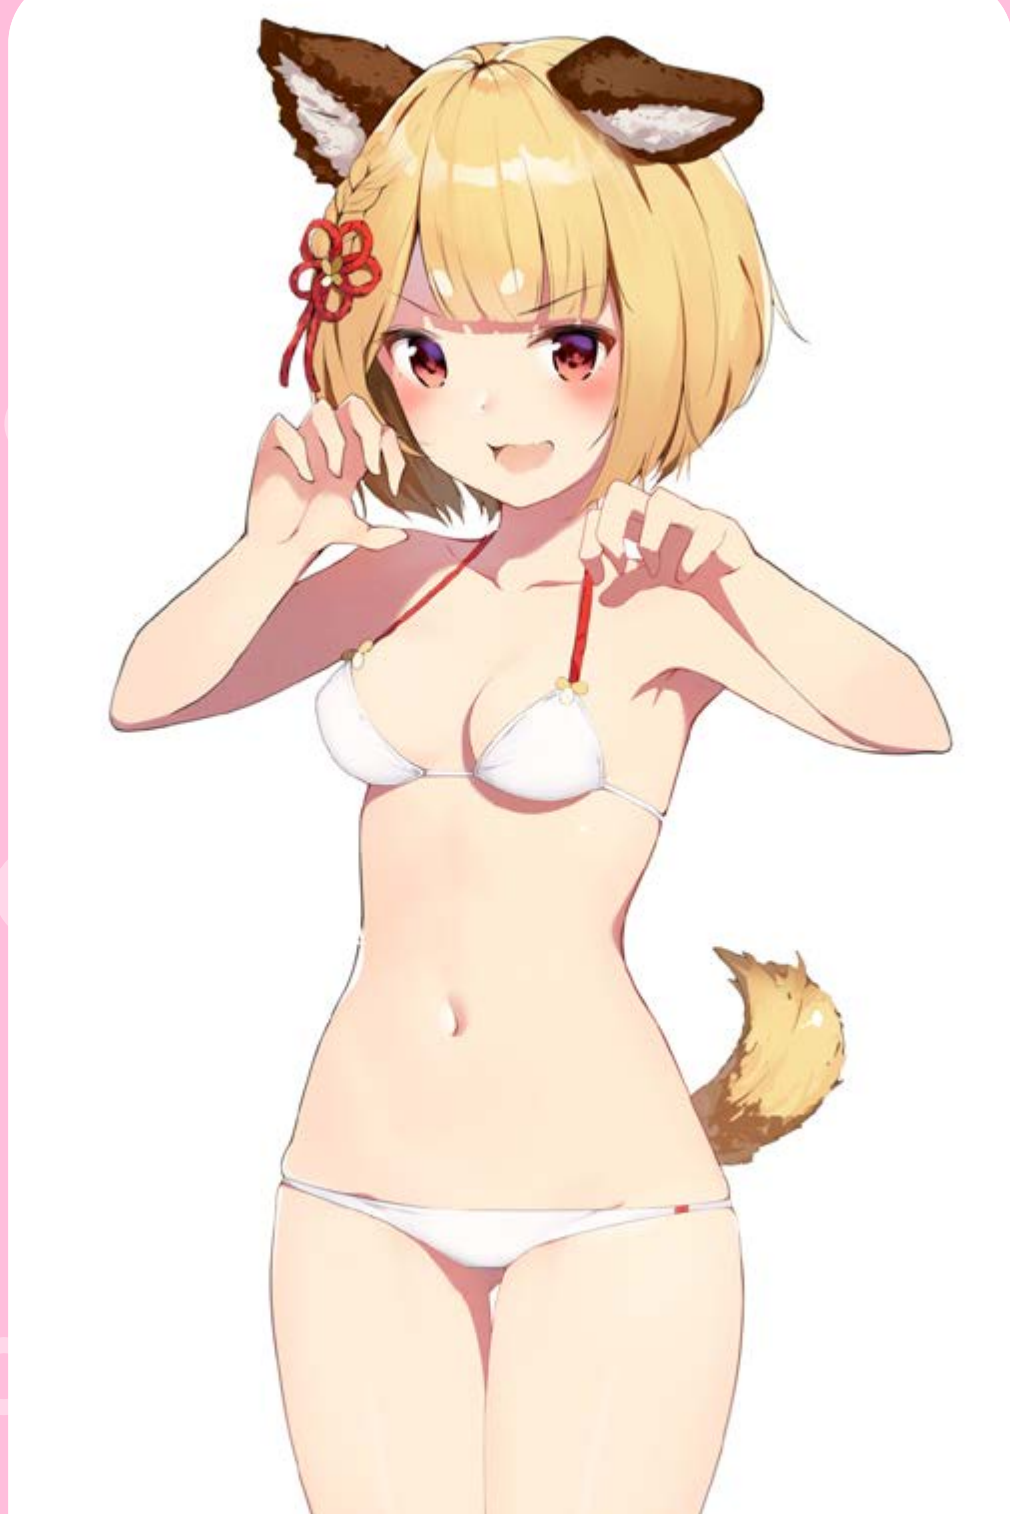

Animalism **A**

Body Type

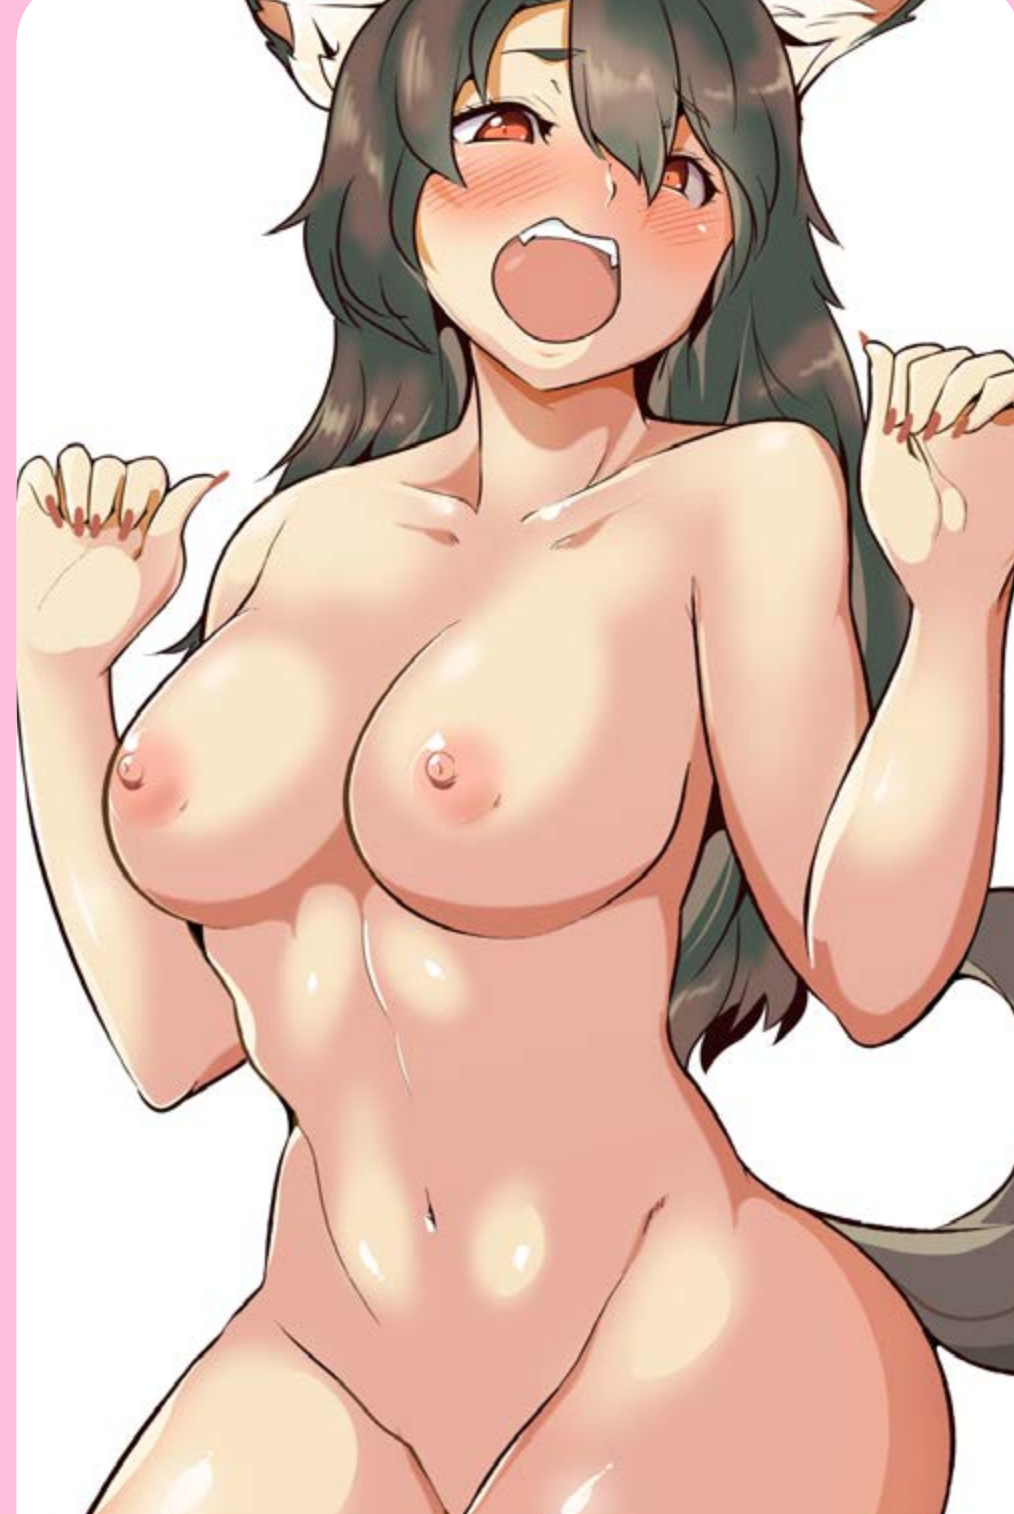

Dog Girls come in all shapes and sizes. Though some Body Types are more common for Dog Girls than others we can give you almost total control of your physique. Have in mind that you are not only trying to please yourself with your new form but also your owner and the people around you.

S

Slim

This will make you slim and small forever. It'll be difficult for you to gain weight and your skeleton will be shrunken. Be prepared to be push you around people.

H

Average

This overall average body figure is what most would consider a typical girls body. Nothing special nor interesting.

E

Curvy

With this body you'll be getting looks left and right. This very popular choice makes your breasts and butt bigger as well as your hips wider while keeping your waist nice and trim.

A

Androgynous

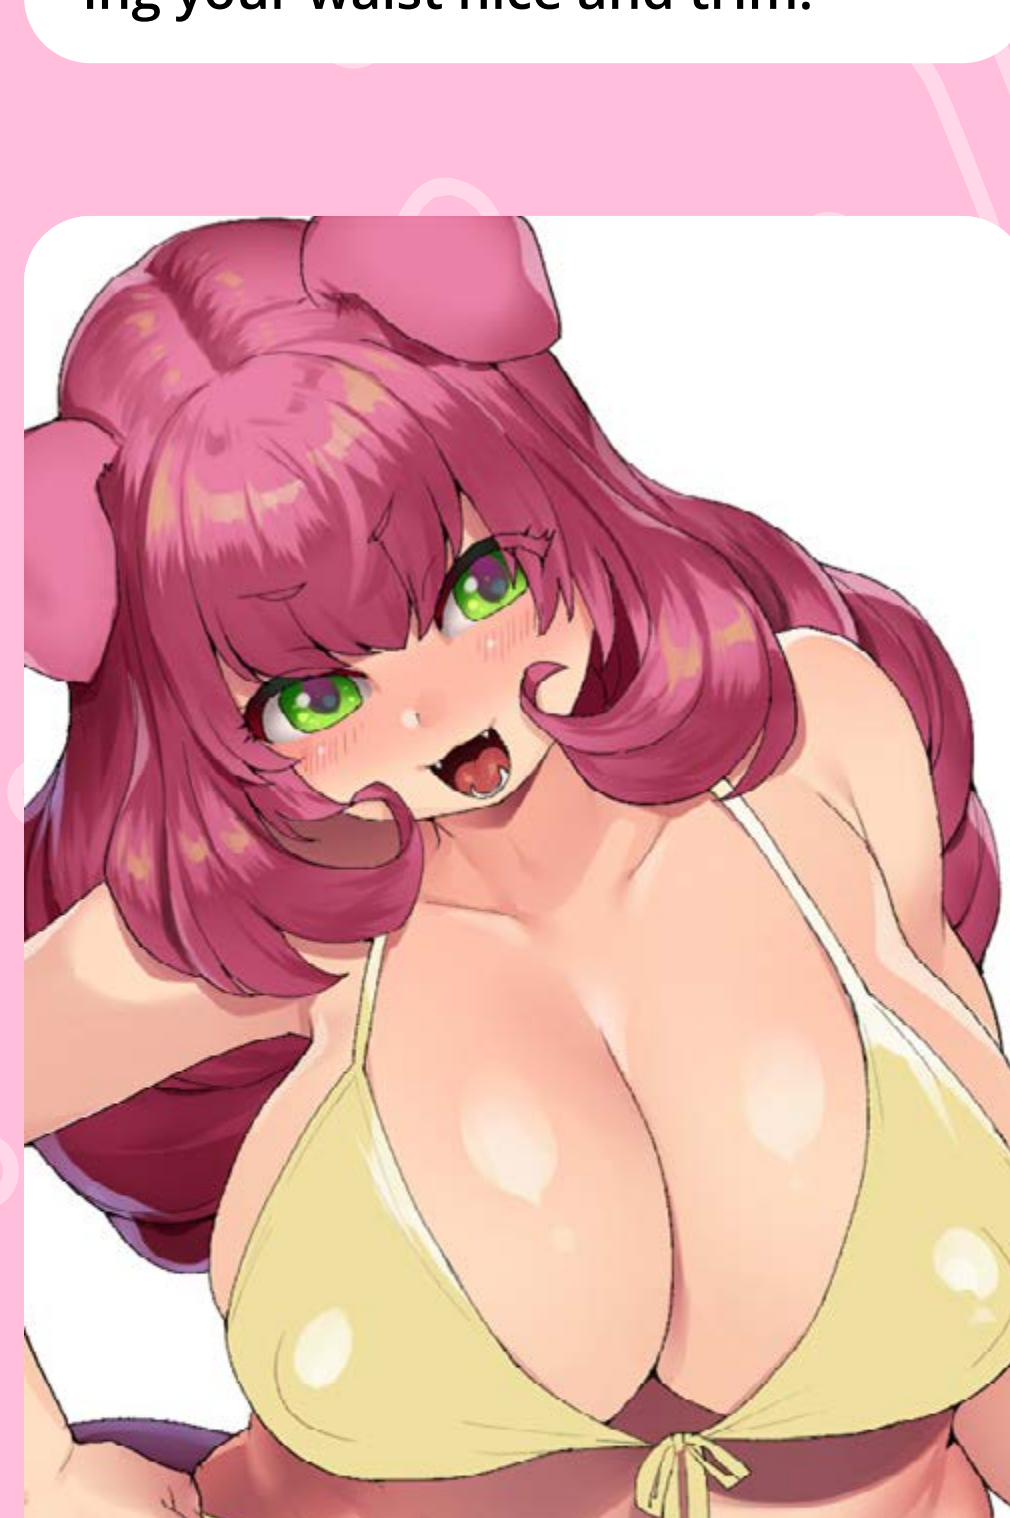

We basically make your appearance less girly so you appear overall masculine. (You are still a girl.) However if we change the formula to make you less of a girl you'll become more of a dog instead.

D

Athletic

Dog Girls that take this option will be stronger and taller than the average Dog Girl. Maybe even than some humans. Your stamina however will be unnaturally high.

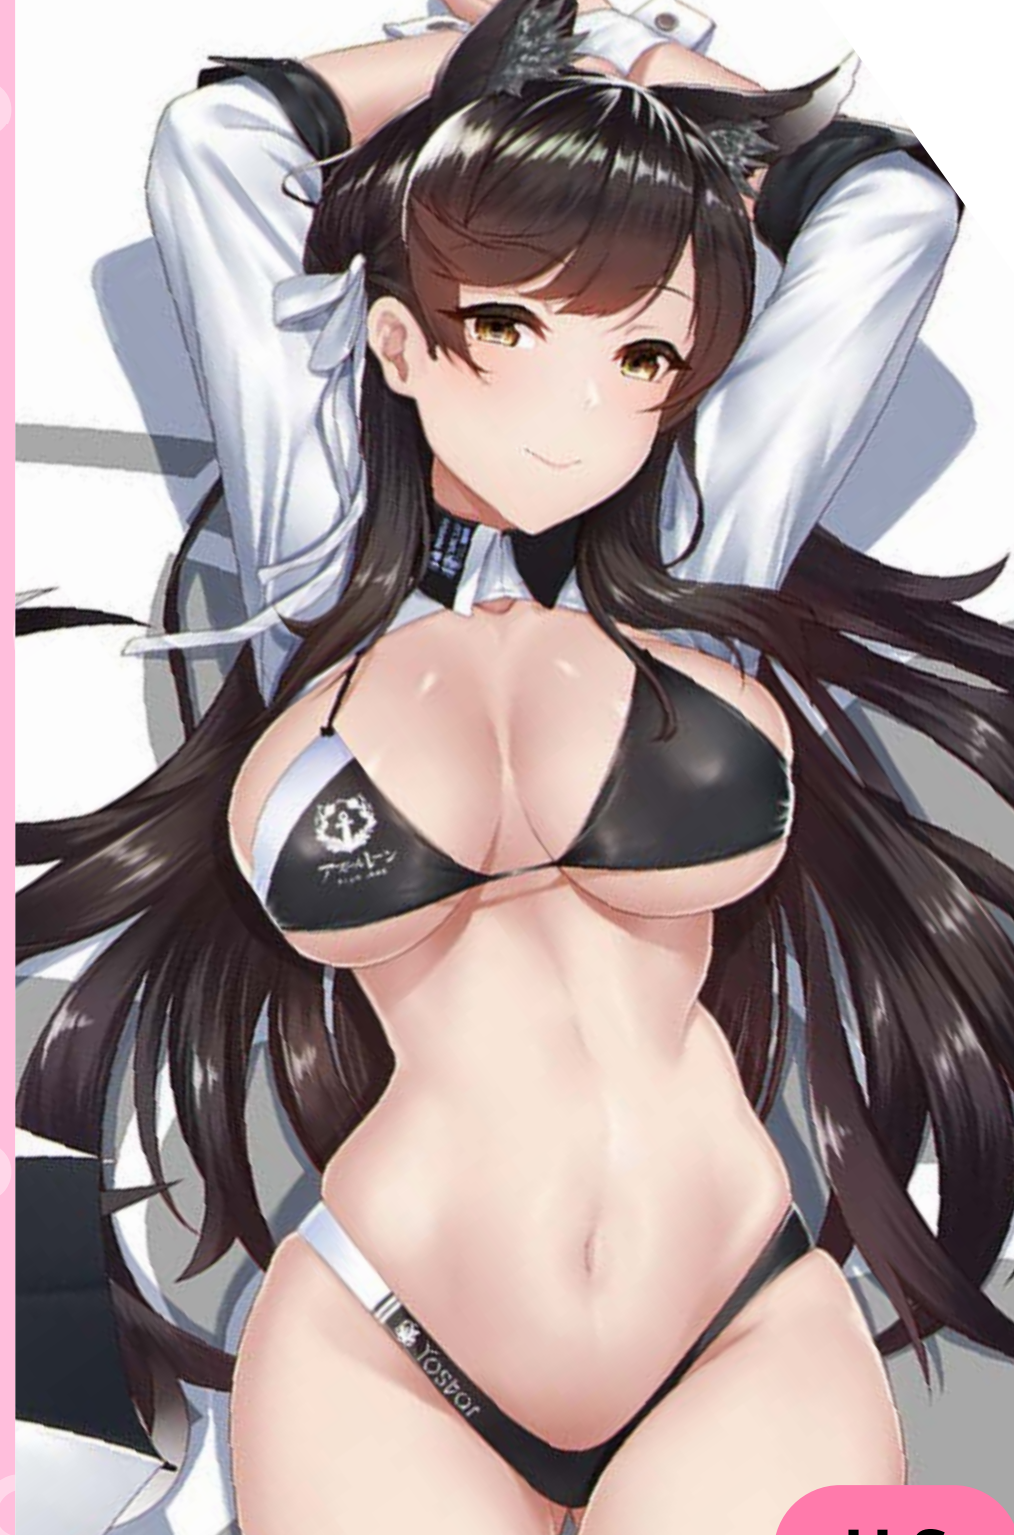

C

Chubby

Ever wanted to be bigger, softer and cuddlier in all the right places? These are the types of Dog Girls you'd want to snuggle with all day. You'll also easily gain weight so keep that in mind.

Fur Color / Breed

There are nine different breeds of Dog Girls currently. Your breed mainly controls your Fur Color. However we've noticed that the different colors slightly affect the personality. Don't worry too much though you'll still be you of course. Just with a slight nudge in a certain direction maybe.

H S

Black

Black Dog Girls are not that talkative. They are quiet, shy and rather timid. However they also tend to be a little bit smarter than the average Dog Girl.

A E

Brown

Dog Girls with brown hair have no special personality traits. They tend to be a bit more Dog than other Dog Girls but thats all figured out till now.

D H

Blonde

Blonde Dog Girls are picky. They know whats best for them and want to be taken good care of. However they tend to be polite and mostly know how to behave in higher society.

C C

White

Dog Girls with white or platinum Fur have a very innocent personality. They are sweet, charming and are probably among the cutest Dog Girls.

A D

Green

Green haired Dog Girls are very playful and informal. They have a lot of energy and will probably bring back a few hundred sticks before being exhausted.

A S

Blue

Blue Dog Girls are calm and docile. They enjoy taking naps. It is hard to get a blue Dog Girl lose their temper as they mostly remain unflappable.

C H

Pink

Pink haired Dog Girls are very feminine. They take good care of their bodies and general appearance.

D E

Red

Dog Girls with Red fur are rarely seen doing nothing. They are always in action, full of energy and have a lot of stamina.

E S

Orange

Orange Dog Girls are the perfect partner dogs. They are loving and tend build a deep bond with their owners. These Dog Girls are highly requested by Owners.

Physiological Upgrade

Now that the basics of your new body are out of the way in this section we try to improve the diversity of Dog Girls by letting you choose an extra upgrade. These upgrades are all unique and the effects are vary strongly.

E E H

Bigger Breasts

This upgrade boosts you by a cup size or two. It also makes your breasts softer and your nipples more sensitive. Note: It is rather unusual for Dog Girls to have big Breasts.

D D E

Alternate Genitals

You get to keep your dick or grow a new one if you didn't have one before. Size and shape will be just as you like it. You'll still have fully functioning female genitals in addition.

A A C

Extra Fur

Dog Girls usually don't have that much fur over their bodies but with this upgrade you grow fur everywhere you want depending of the dose we add to the formula.

A S S

Sensitive Scalp

Most Dog Girls like head pats but with this upgrade the area right behind your new ears becomes extra sensitive. Basically making you whine full of joy.

C C S

Supercuteness

This mainly changes your face to be super cute. Expect people to pinch your cheeks and not be taken too serious.

A A E

Extra Breasts

Real dogs have multiple Breasts too. This upgrade gives you six extra breasts. Each is as sensitive as your main two though not that big.

A C S

Supertaster

We heighten your sense of taste making food taste better. Other things might start tasting interesting too. Dog Girls with this upgrade tend to want to lick almost everything.

D E E

Pheromones

Your pheromone emitters become double as efficient. People around you will fall in love with you and want sex with you. You can use that to your advantage but should probably give in to your urges.

C S S

Color Changing

This doesn't turn you in to a chameleon! However your fur color will no longer be tied to your breed instead we tie it to your emotions. People who know you can read those emotions.

DONE

„I see you know what you are doing.“, says Variel. „As I said these first changes are made with a drug. I'll hand over your choices to the laboratory now and ensure you get your pill as fast as possible. You may continue with the form on the tablet. This next part is about the mental changes you will undergo. These are not done by the pill, but directly through a special headset we developed. But enough talking I'll leave now.“

Variel leaves the room as you start looking at the tablet.

Brainwashing

Alright we're done with your new physical form. Now to your mind.
First you may choose with how many memories you want to start into your new life as a Dog Girl.
Be warned that erased memories cannot be recovered.

D H

Remember

You retain all your memories and personality from your past human life. In the following sections you may still adjust your personality in minor ways.

A E S

Forget

This option is perfect if you want to start all over again. We erase all memories from your past life. With this it is easy to get used to your Dog Girl instincts ... they are basically the only thing left.

C S

Confused

With this option we will make you think that you have always been a Dog Girl. You still have all your memories, but they feel distant and you don't quite know how to put them in context.

Sexuality

This one is pretty simple whether you like boys, girls, or both right now we can change your sexual preference.
You should keep in mind though that you might not always have the choice of keeping with your sexual preference there are times you have to explore options outside your comfort zone.

Lesbian

Bisexual

Straight

Mindset

Having the rough adjustments out of the way, we can continue with your general Mindset.
Don't think of it as brainwashing ... more as a strong nudge in a particular direction.

A C C

Simple

This one's simple, we make you dumber. You don't need all those complex thoughts as a Dog Girl anyway. Also like this there is more space for more important thought/skills.

C D D

Manipulative

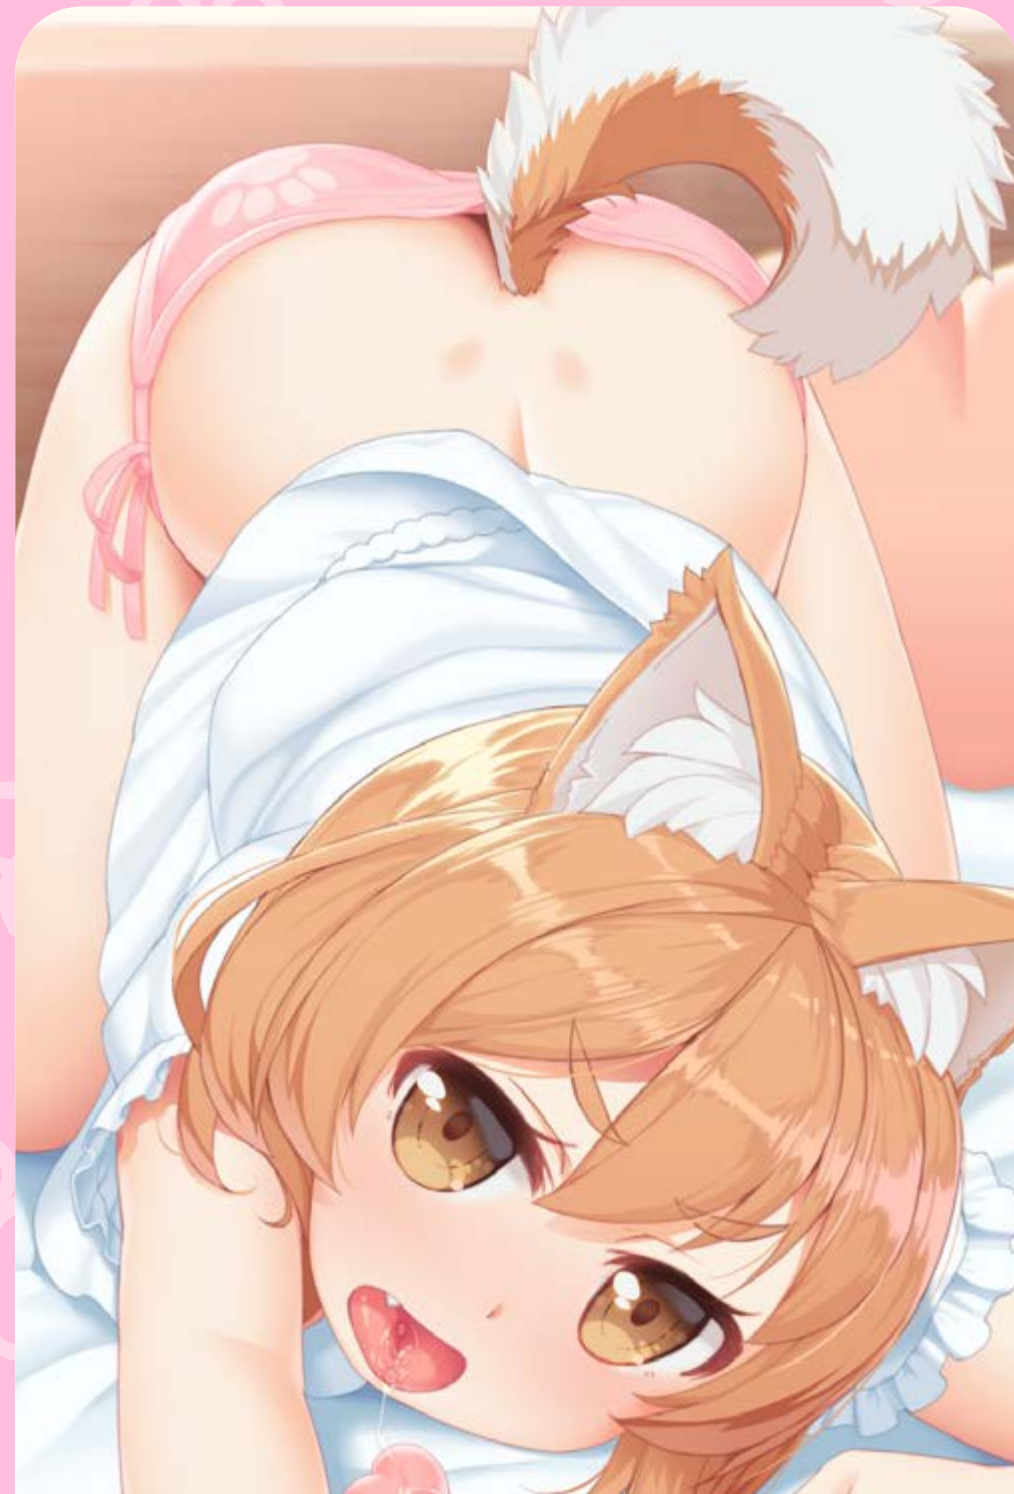

People who pick this option are often shady. You'll tend to use your new girly and maybe even cat like features to surround yourself with people you can order around.

D H H

Unchanged

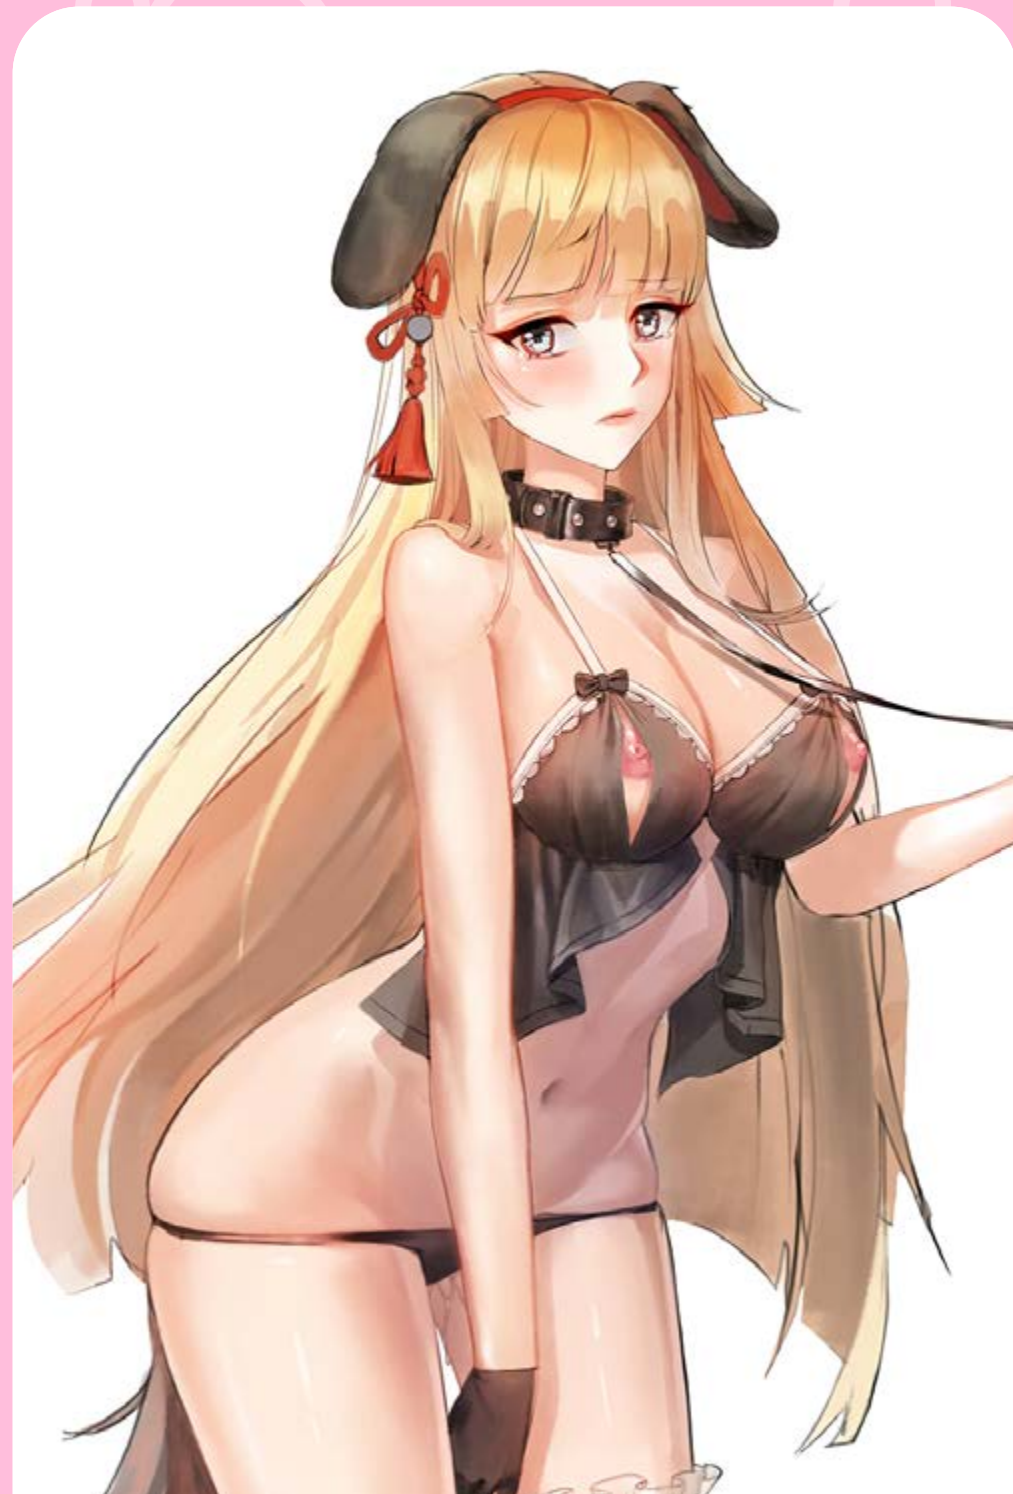

With this option we'll minimize any mental changes. People choosing this often have difficulties adjusting to their new anatomy. This does not make you human!

A A S

Instinctual

Cat gives instincts are not enough? This gives you full feline instincts. Walking on all fours, running after cats, growling and barking will feel as normal as breathing.

E S S

Obedient

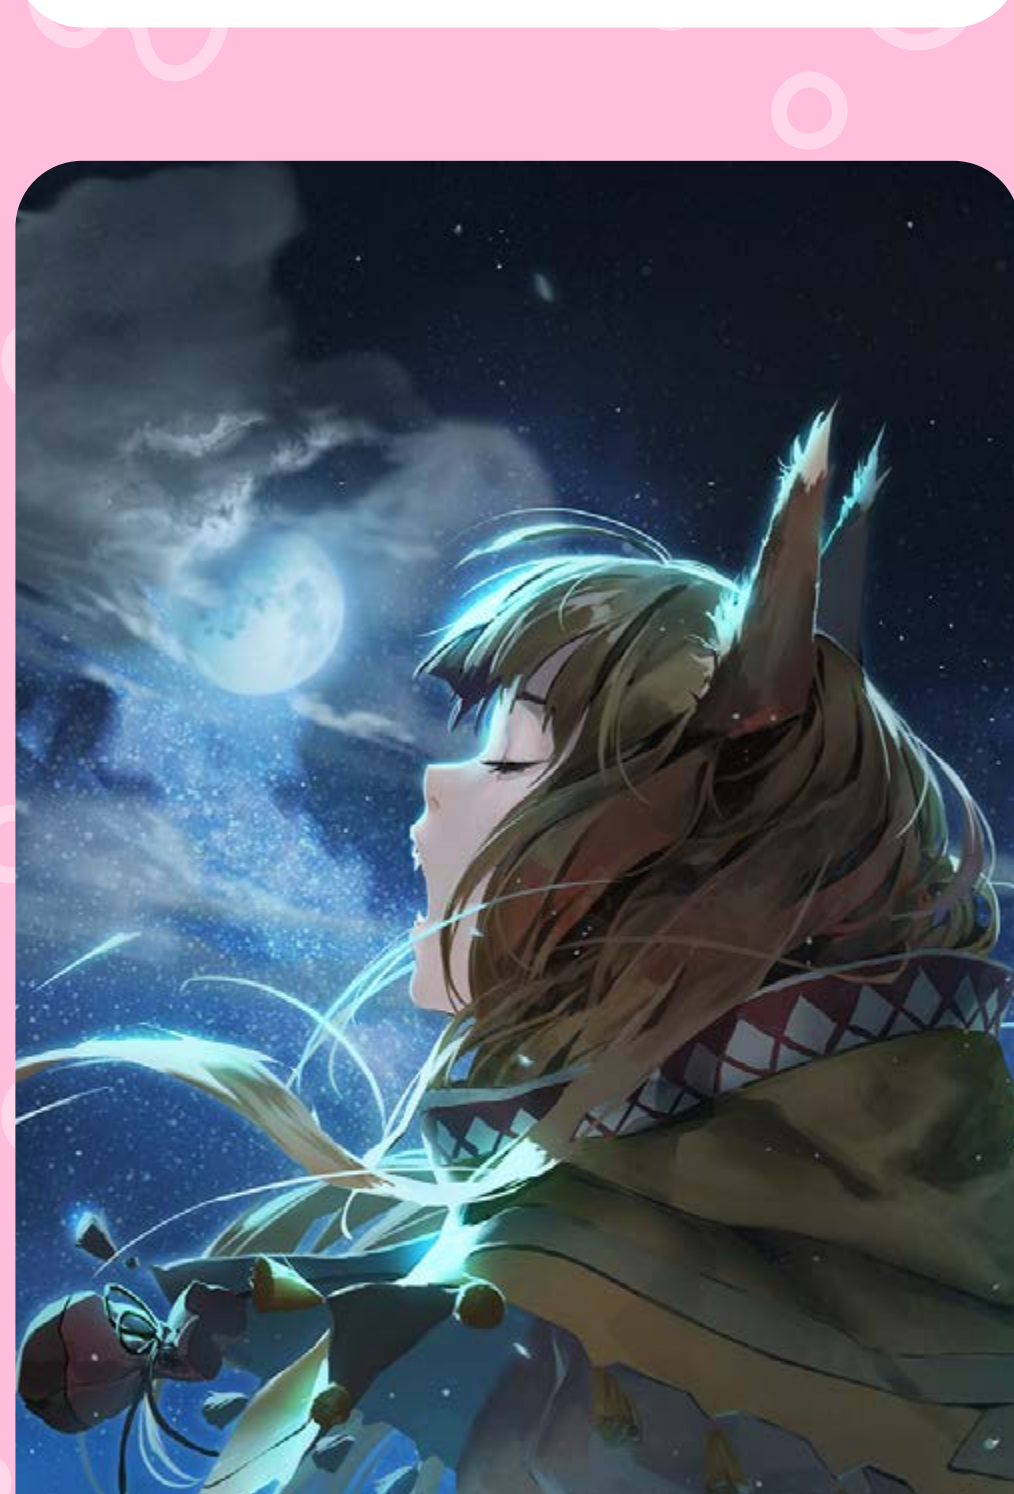

This makes obeying someone give you a small endorphine rush and disobeying feels uncomfortable like an itch you can't scratch. You'll probably only feel whole with someone ordering you around.

A E E

Sexual

We greatly increase your libido. Further you'll go in heat ones a month and you'll be good for nothing but sexual activities. Doing it by yourself will most likely not do it any longer.

A D D

Lone Wolf

You'll like being on your own and are good at caring for yourself. However you also have trouble bonding with others including your owner. Tell someone before sneaking out to howl at the moon!

A A E

Pack Animal

Dog Girls picking this option rely heavily on their pack. They like being around others, especially other Dog Girls. You might want to keep this in mind when choosing an owner.

C H S

Fastidious

Being fastidious means you like things being clean. You'll find yourself cleaning and doing housework a lot. Most owners will love you for your help around the house.

Psychological Upgrade

Just as the Physiological Upgrades these are pretty unique on a mental level too. Too be honest most of the upgrades listed below have not been tested as much as we'd like, but we are sure you'll be just fine. (We've got to test them on someone ...)

D E E

Pair Bonding

This upgrade creates a strong, one-sided bond between you and your owner. Being around them will fill you with joy. It'll also make you way pushier for sex etc.

A E E

Loss of Inhibitions

Ever thought it is normal to shove your breasts in someones face in public? No? Well with this upgrade it'll feel like the most normal thing ever. You might even mix up sex with hug etc.

C H H

Embarrassed

Being embarrassed is not usual for Dog Girls. Almost everything about you and your new body will make you feel awkward or just plain humiliated in front of others.

C S S

Bottom Bitch

Even though Dog Girls are rarely the dominant part in a relationship. This upgrade makes you subordinate to even Cat Girls. Almost everyone will look like a pure alpha dog to you.

E S S

Open Minded

This upgrade makes you extremely credulous and a bit naive. You'll be willing to do almost everything with or for someone. Expect people to take advantage of this trait.

A A C

Woof

Language is something for humans! This option blocks your ability to talk and write. Don't worry you can still understand language and of course bark, growl, howl etc.

A A S

All Fours

Most Dog Girls walk on all fours from time to time, but with this upgrade you will forget how to walk on two legs. Furthermore it'll feel uncomfortable to stand upright.

A D D

Night Owl

We invert your sleeping rhythm. You'll feel tired during the day and be active at night. You'll also enjoy being outside and have a special connection with the moon.

C C H

Sleepyhead

With this option you'll need around 16 hours of sleep a day. You'll probably find yourself napping away multiple times during the day. Still no one would call a Dog Girl lazy because of that.

DONE

You hear someone knocking on the door and just as you want to say something Variel comes in with a big smile on her face „You ready? All choices made?“

You nod. „Great! I have the pill that takes care of your physical transformation as well as this headset that takes care of your mental alterations.“ She puts both on the coffee table between you.

„To begin the process please lay down on the couch with the headset on. Then swallow the pill. During the process you'll lose consciousness and you might feel weird. Growing new body parts might burn or hurt a bit, but don't worry as that is 100% normal.“

I am going to stay here and watch your transformation until the whole process is done.

This is also the point of no return as soon as you swallow the pill you won't be able to reverse the transformation.

Now then make yourself comfortable and put on the headset please.

Oh I almost forgot: Please take off your cloth as they often lead to complications during the process. You'll no longer need them anyway.“

You do as she says and shortly after you swallow the pill you fall into sleep.

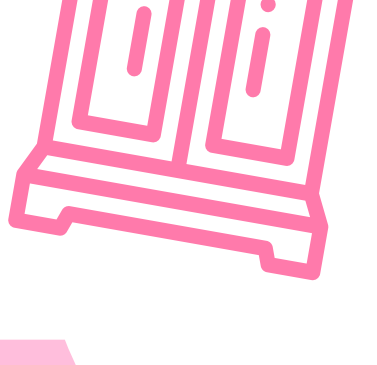

You slowly stir from a deep sleep. Your mind is clouded and it's hard to think as you recall what was happening. A voice breaks in on your thoughts.

„Oh good you're finally awake. You slept almost a whole day you know.“

As you sit upright you notice that your chest got heavier and you look down on yourself.

Clothing

„I am afraid we are a bit in a hurry as we have to clear this room. You'll have plenty of time to explore your new body in your room. Please choose an outfit from the wardrobe unless you want to go out naked. We will equip your personal wardrobe with fitting clothing according to the choices you make here.“

A A E

Nude

Full time nudity is a big commitment, but you might feel naturally more comfortable like this as a Dog Girl. You also don't have to worry about decency as you are no longer legally human.

D E E

Lingerie

These kind of clothes are not worn to conceal anything, but rather advertise all your new female features. This shows that you are eager to put those features to work.

C D H

Skimpyp

This outfit is perfect for a Dog Girl to go out with as it is revealing and comfortable, but still covers enough to be worn in public.

C H S

Swimsuit

Swimsuits are usually worn when going swimming, but there is something cute about a Dog Girl wearing one full time. Just make sure to not stick your tail through the hole in the back.

E E S

Bikini

Wearing a Bikini full time might look strange in the winter, but you definitely show what you've got in it.

A D D

Sportswear

Sportswear is for Dog Girls who feel the need to always be in action. They are comfortable even after running around outside all day long.

C S S

Maid Uniform

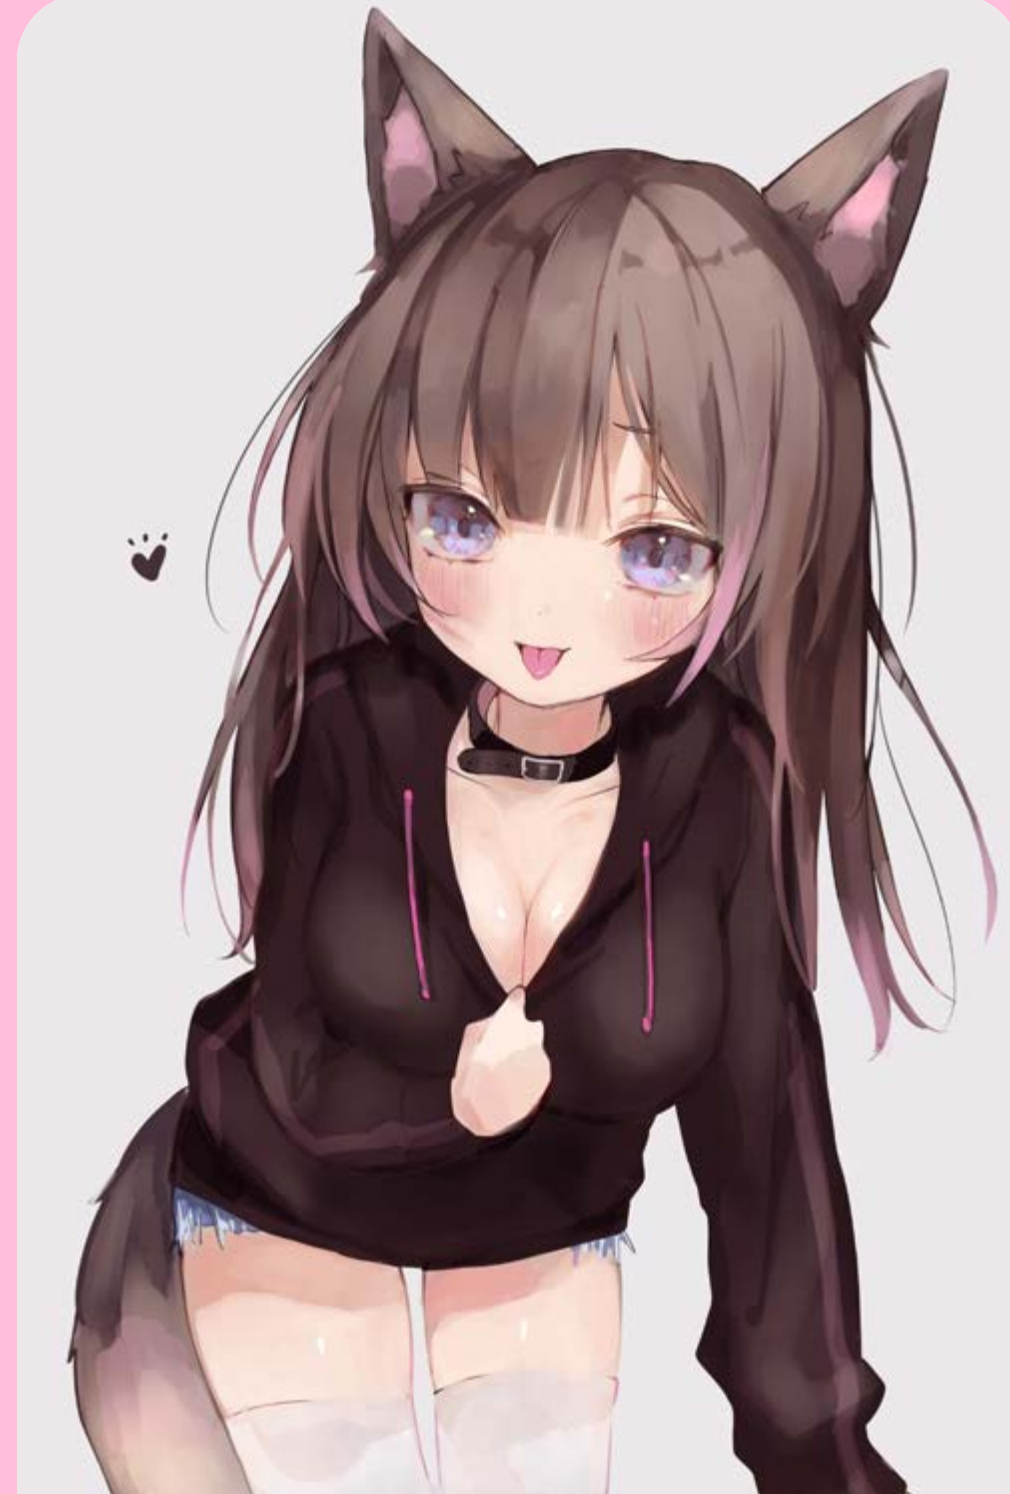

These uniforms are usually worn by Dog Girls for work or maybe pleasure. Wearing these full time shows that you are always of service and ready to serve.

C C H

Fancy

Fancy dresses are especially uncomfortable for the sensitive skin of Dog Girls. Dressing up with these is a pain, but you'll look incredible and will probably catch a lot of attention.

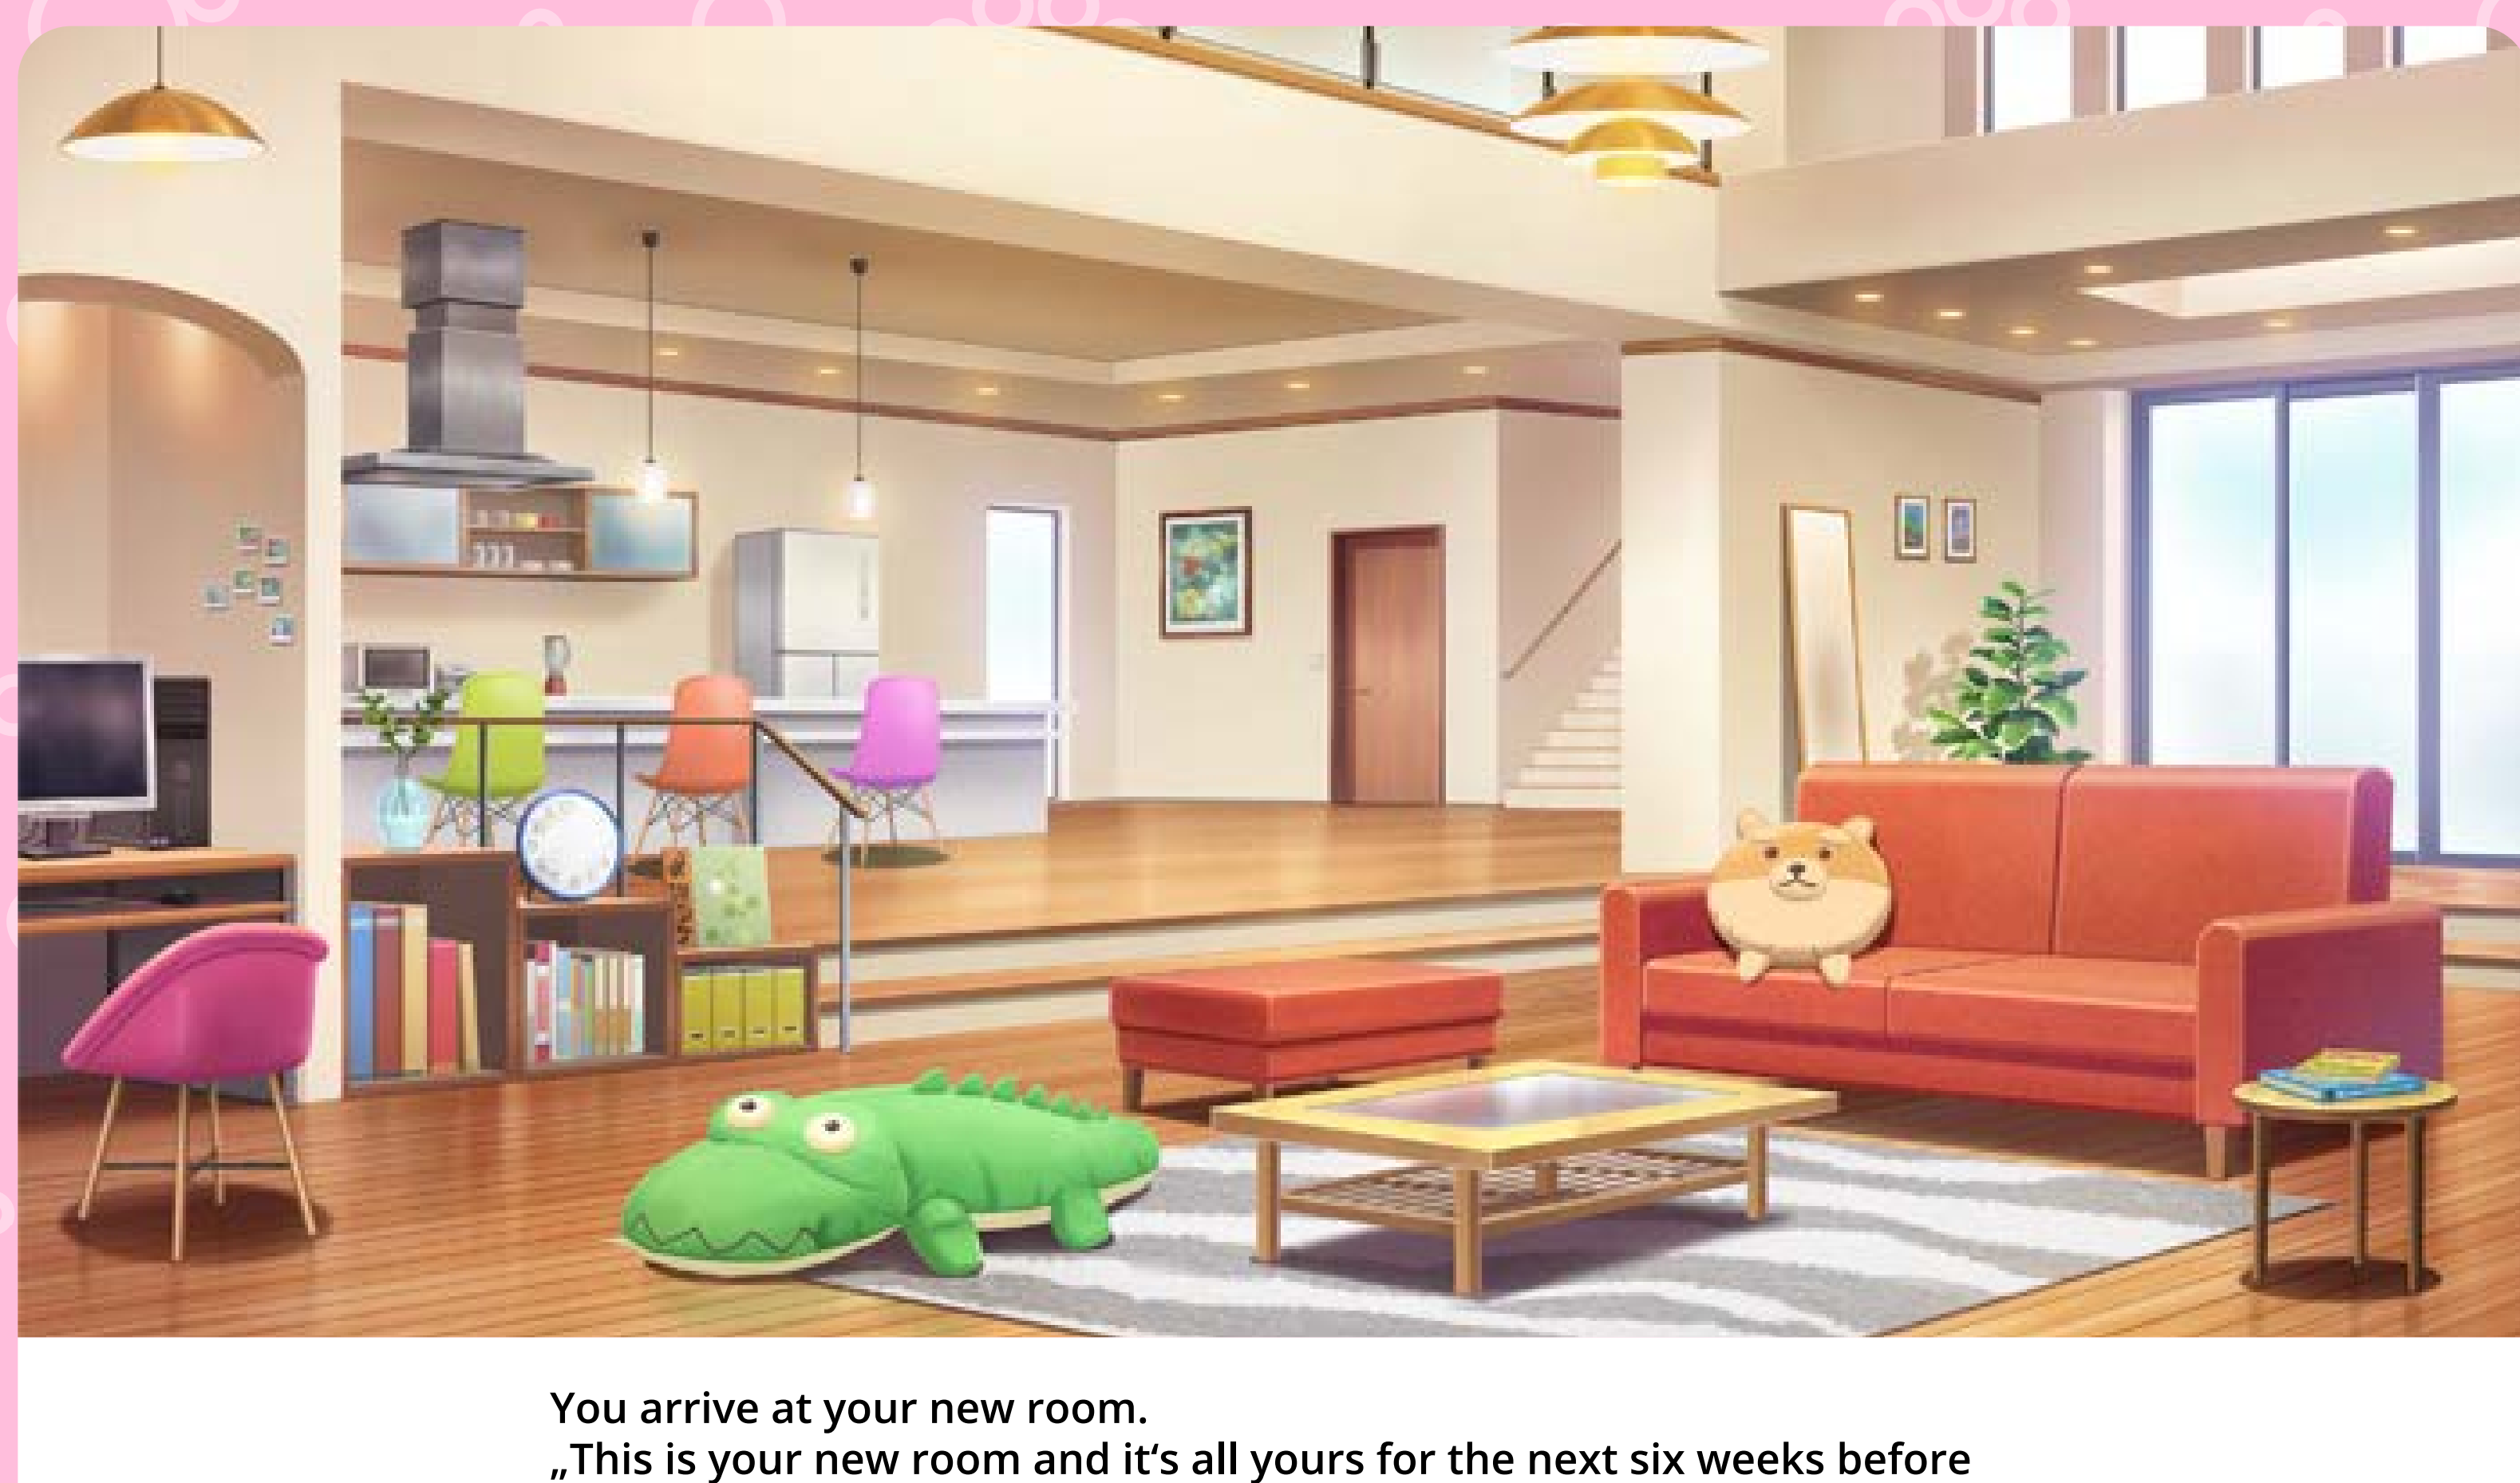

H H H

Casual

These clothes are nothing special and mostly boring. This is not how a Dog Girl should dress. Some might not even recognize you are a Dog Girl while wearing these.

„I see you got style!“ says Variel „Now please follow me to your new quarters.“

While you two walk through some corridors Variel explains to you what will happen next: „Your transformation is done, but before you can meet your new owner you'll have to get used to your new body and mind first.“

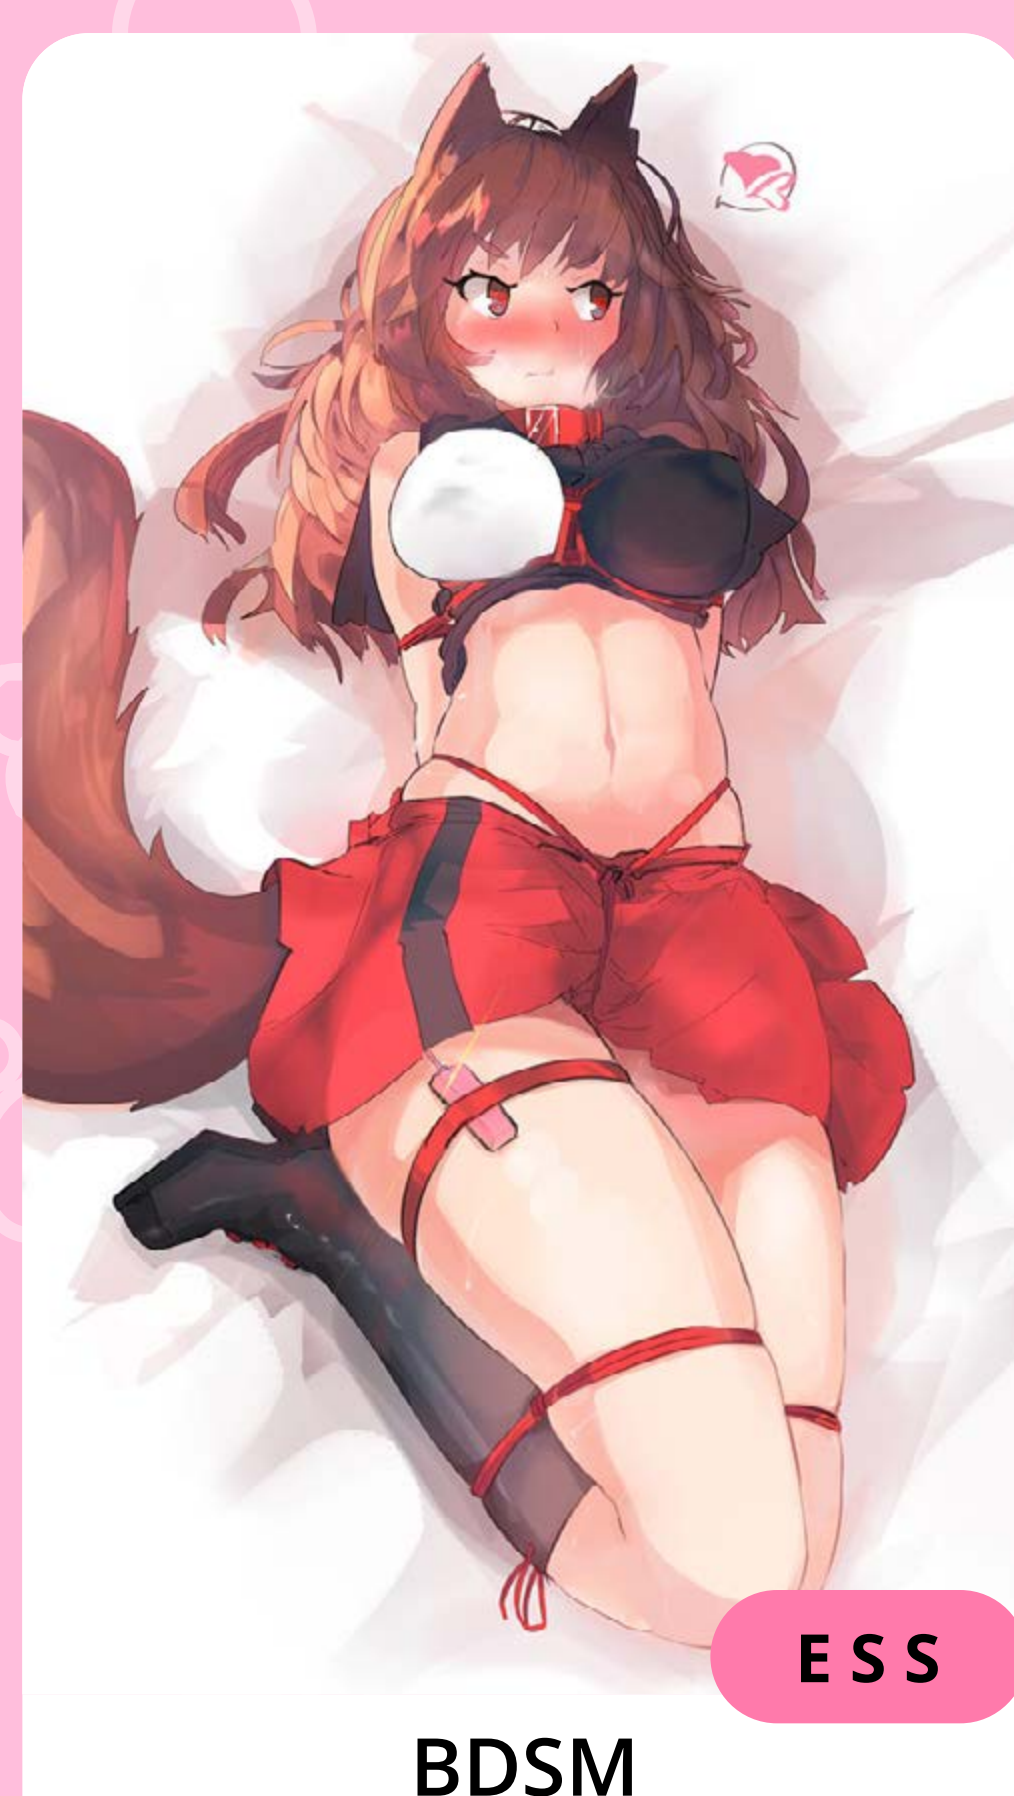

You arrive at your new room. „This is your new room and it's all yours for the next six weeks before we let you go into the big wide world. As I already said we are going to help you get used to your new form. To accomplish that you'll undergo an extensive training in the next few weeks. The first three weeks you'll encounter dozens of sexual encounters to help you discover your new sexual quirks and fetishes. In the second half of your time here we'll try to teach you some useful skills. This is not as much about discovering your new self, but rather about training you so you get a better start into your new life. I'll leave the course catalogue on the counter right here. Please take a look inside and make decide which kind of training you want to take. We are going to start tomorrow at 8 AM. For now get some rest and feel free to explore your new body for yourself if you want to. I'll leave now. See you tomorrow!" Variel leaves the room and as you don't know what to do you go over to the catalogue and take a look inside.

Quirks & Fetishes

In the following our courses to discover your new quirks and fetishes are listed. Please choose one you see most fitting for you. You'll be tested and „trained“ in this quirk/fetish for three weeks. Don't worry too much about your decision though. Even if you dislike a quirk/fetish now you'll for sure like it when we're done.

ESS

BDSM

You'll come to love being bound and restrained. A gag and a blindfold while you are taken advantage of and you have an encounter you'll love.

CHH

Toys

You won't need anything but a box full of sex toys to have a perfect evening all by yourself. ... Or maybe have someone use the toys on you?

CED

Paizuri

This course is all about wrapping your breasts around a nice hard dick. You'll love the tension of not knowing when the dick between your tits will erupt onto your chest.

EHS

Anal

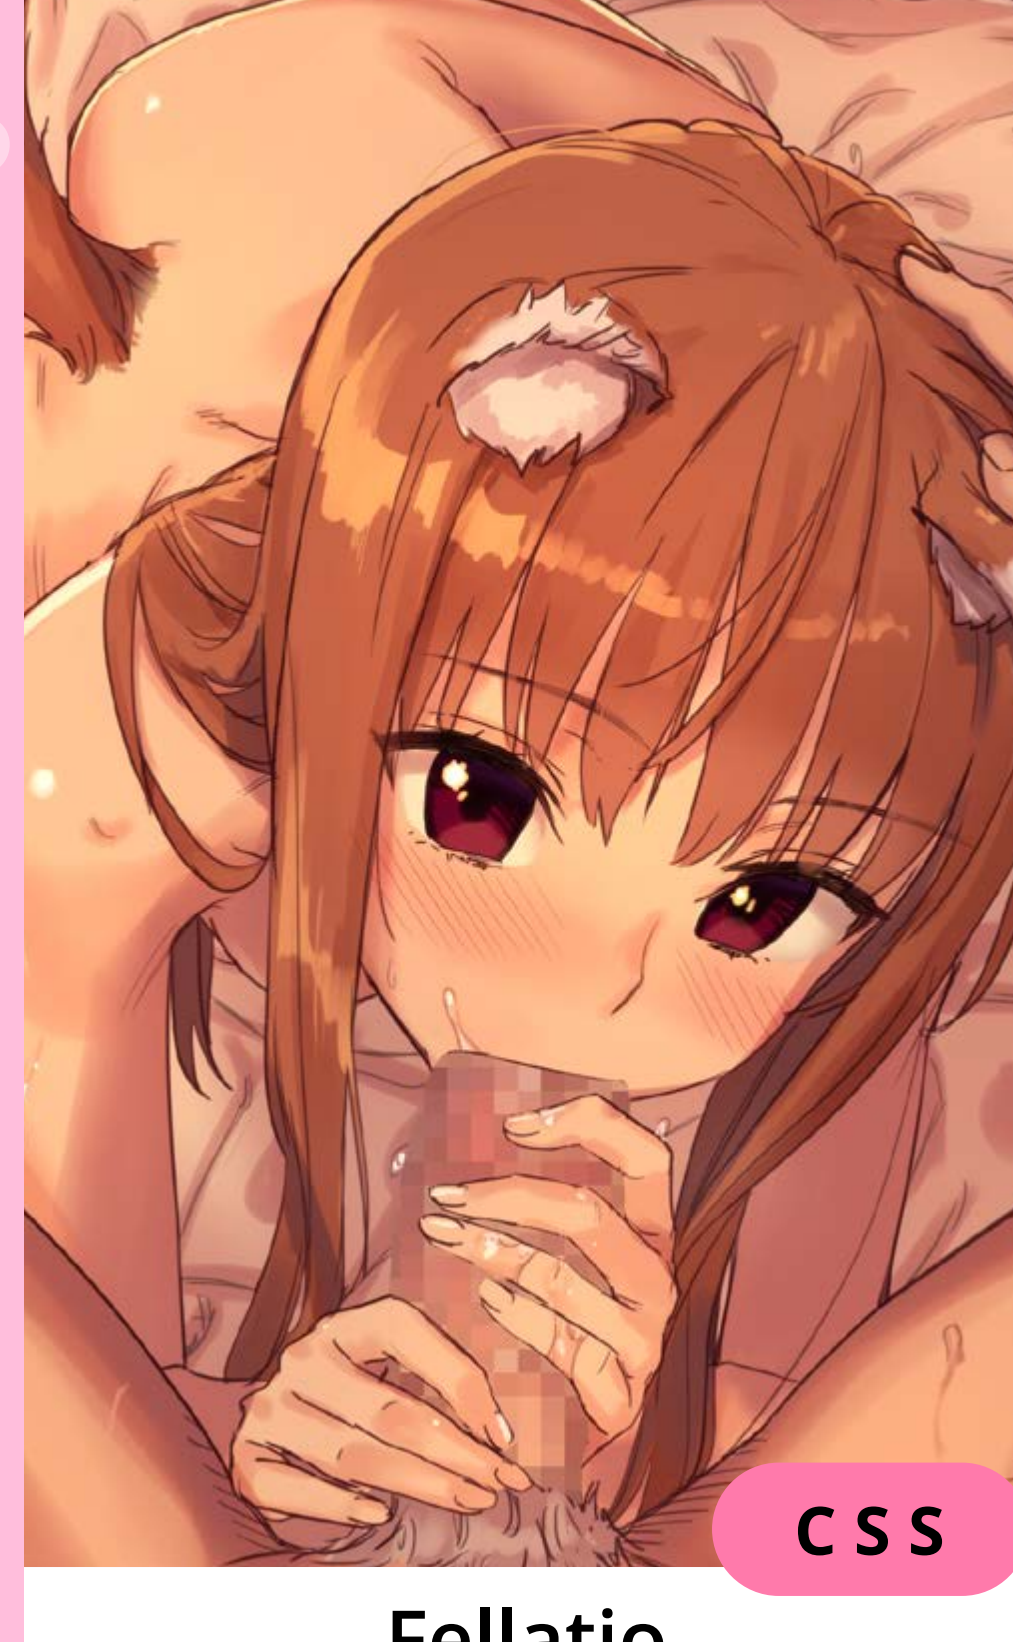

Pretty simple: We train your ass so that it'll feel better being fucked in it than your pussy. And of course it does not matter by what you are fucked. Whether it is a dildo, a dick or something else.

ADD

Pussy Play

This course is all about your pussy and when we are done you'll love to have it played with, prodded and probed. You could do it all by yourself or get a helping hand.

CSS

Fellatio

You know not only your pussy can get wet when seeing a tasty dick. With this course you'll be drooling out of sheer imagination of having it rammed down your throat.

CCD

Breasts

You'll learn to love breasts. All shapes and sizes are fine and it doesn't matter whether they are yours or someone else's. Touching their the smooth squishy skin alone will make you wet.

EHH

Cum

You are going to discover that your deepest desire is to be bathed in cum. In your face, on your boobs or best everywhere you love it.

AAE

Exhibitionist

You'll learn to love having your private parts exposed in public. Things that would be humiliating to other people make you go up in pleasure and having sex in front of others is way better than alone.

Dog Girl Training

To further improve your eligibility as a Dog Girl you can choose between trainings that might not be as much fun as discovering your quirks and fetishes, but they're important nonetheless. During these three weeks we'll push you to your limit, but when we're done you'll be a master in the profession of choice.

ADD

Sports

Even though Dog Girls are fast and nimble naturally in this course we'll push you to your physical limit. This course includes mud wrestling, cheerleading, athletics and much more.

CHH

Arts

You'll learn to express yourself through a canvas, a stone or a different medium. After three weeks you can call yourself a master artist.

CHS

Cooking

This course is all about learning how to combine ingredients so they make up the perfect meal. From appetizer to dessert you'll learn how to please your owner with only the best meals.

DEE

Sex

You just had 3 weeks of sex and now you can learn how to move and behave professionally so you and your partner/s get the most enjoyment out of having sex. Most get fucked stupid during training.

CSS

Housekeeping

Maybe you are already fastidious, but you don't clean like a professional yet. In this course you'll learn how to keep your owners house nice and clean while being pleasant to watch during work.

AAS

Games & Tricks

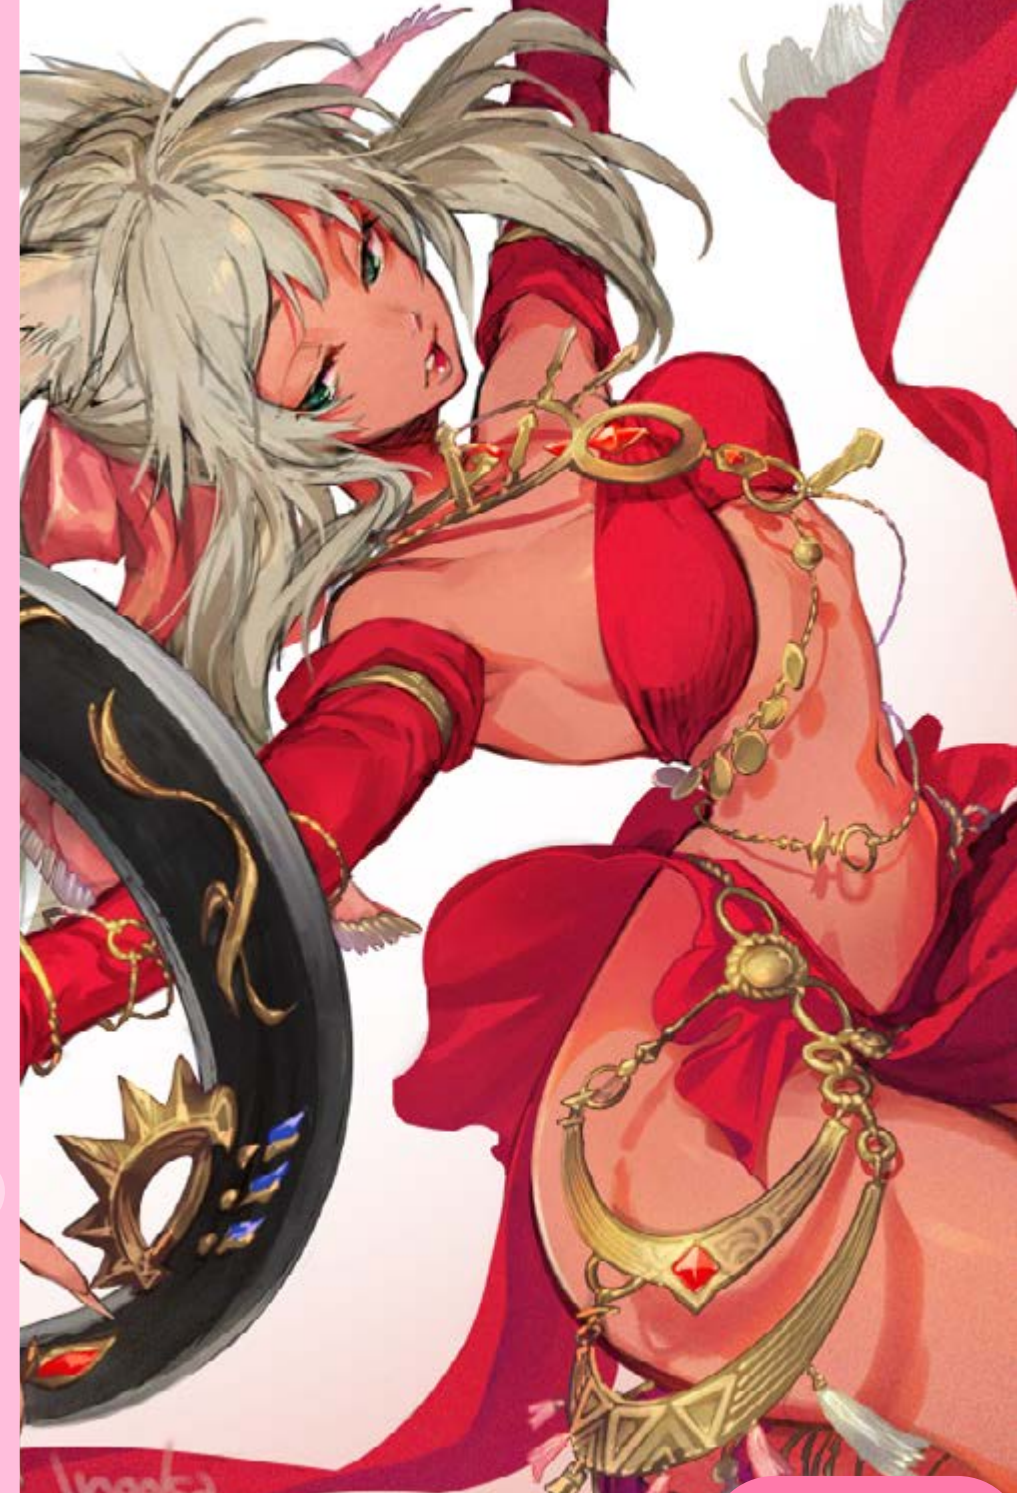

This might sound like an easy course. You learn how to chase sticks, bring back balls etc. But by doing this sort of stuff you probably learn to be even more dog than girl.

ESS

Degradation

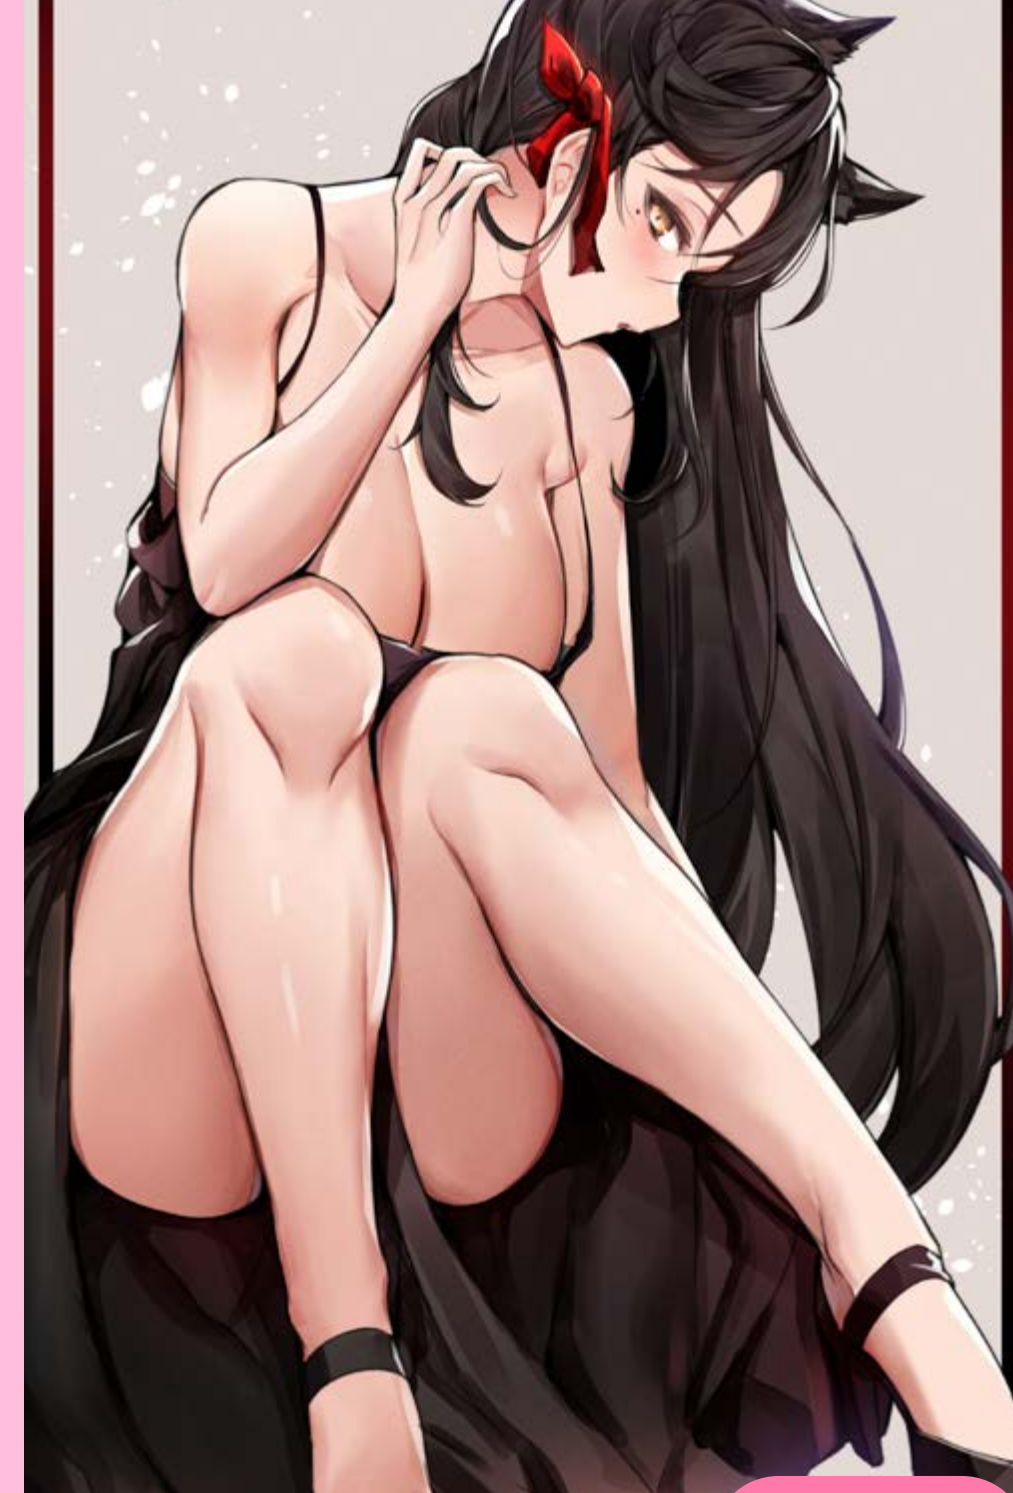

Ever wanted to be used like a sex toy? This is what you'll learn to be in this course. Extremely degrading and emotionally pushing. After this we doubt there is anything that could humiliate you more.

CDH

Dancing

From waltz to breakdance in this course you'll learn how to move elegantly to any music and with any partner.

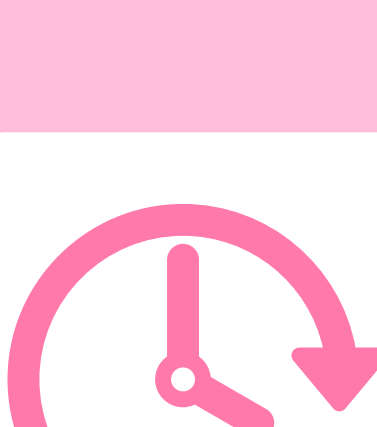

CCE

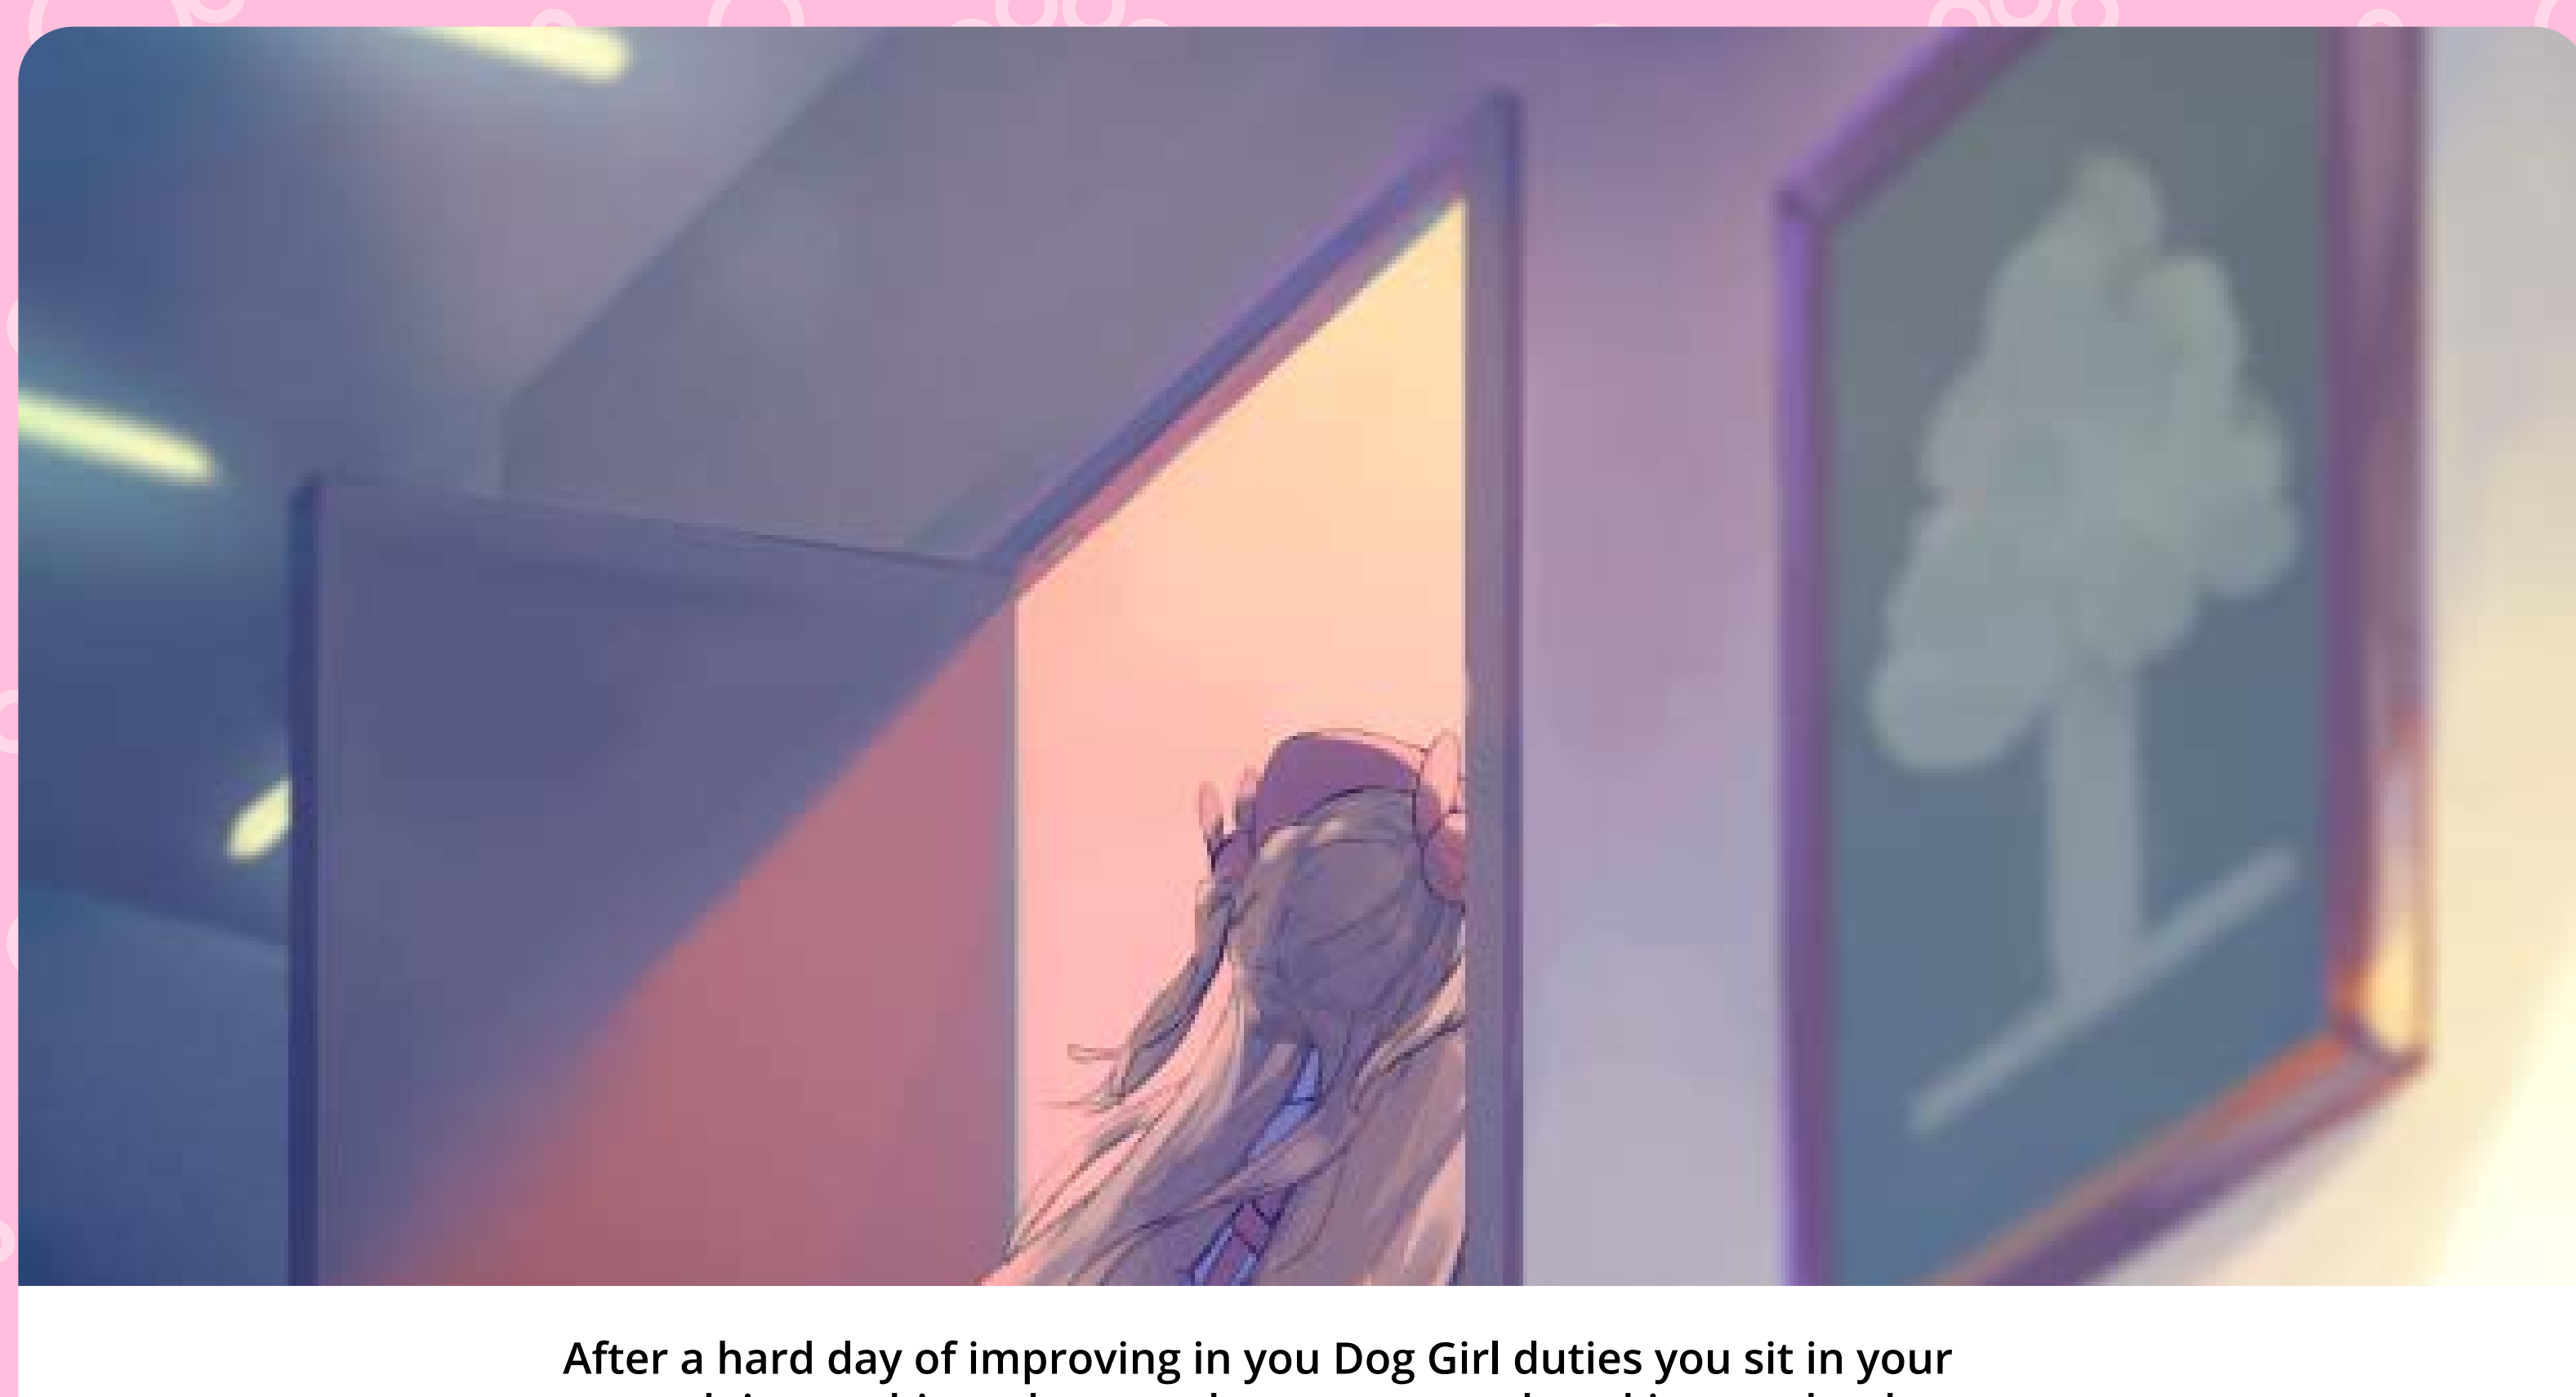

Fashion & Beauty

Even though you are attractive as a Dog Girl naturally in this course you'll learn to further push your beauty whether it is through clothing, make-up or maybe even tattoos and piercings.

You mark your choices in the course catalogue and put it back on the counter. Now you spend the night doing stuff you wanted to do all the time ... but not in front of Variel. The next morning an alarm you did not set wakes you up and you get ready for your first course.

While you get used to your new self and train new skills time passes.

After a hard day of improving in you Dog Girl duties you sit in your room doing nothing when you hear someone knocking on the door.

„Can I come in?“ you hear Variels muffled voice. Without waiting for an answer she comes in with a big smile on her face as always.
„Wow I've got to say you turned out great. Too bad your stay at Canine Creations is almost over. This is your last night.“
You didn't even realize 6 weeks had already passed ... You must have been too busy with all your training.

„As I guided you through your transformation I wanted to make sure you are fine and explain to you what is going to happen tomorrow: You'll have to choose a set of Dog Girl rules to follow, a lifestyle that determines your every day life and lastly you finally get to pick an owner who adopts you.“

Variel continues explaining and you try your best to follow.

Dog Girl Rules

To ensure the quality of Dog Girls we create and train at Canine Creations we make them swear to follow a set of rules which we do enforce. These rules are binding for a lifetime and can't be taken back. Breaking them will lead to harsh discipline.

A S

Leashed

You agree to never be let off your leash. Whether it's held by someone or just tied to a post your movement is never fully under your control. Somehow many have problems getting used to this.

D D

Lionheart

You swear to protect and care for the weak. Anyone scared, sad or lonely becomes your responsibility. Dog Girls swearing on these rules often lead other Dog Girls as their alpha dog.

E S

Try Anything

You agree to be open to all but the most extreme and dangerous fetishes. It does not matter if you like it or not you have to try it even if it's just to make your partner happy.

A E

Always Available

You promise to always be available for sex and pleasuring your partner whether it's your owner or someone else. There is no saying no as long as your partner wants sex.

H S

Monogamous

You swear to remain monogamous and sleep only with your owner. If you find this difficult we offer a chastity belt only your owner as the key for.

H H

Marital

You take up all wifely duties from lovemaking to cleaning. Basically anything that makes your owner happy. Besides becoming their legal property you also swear to become their wife within a year.

C H

No Rest for the Pretty

You agree to make yourself always look the best. No matter the circumstances. Keeping this standard is a lot of work, but you'll always be nothing less than a beautiful.

C S

Maid's Code

You swear to uphold a high degree of proper formality at all times. Everyone is either sir or madam to you. You will always obey any order given to you except that which would be improper.

A D

No Rules

We don't actually force you to pick a set of rules, but be warned, most people don't like a bad Dog Girl. Your owner will probably put you in your place anyway.

Lifestyle

To integrate the newborn Dog Girls into society better we offer several jobs, schoolings and other duties. Most normal jobs are not suited for Dog Girls, but we gathered a selection they tend to be good in. Note that any earnings made go directly to the owner as the Dog Girl is his property.

A A D

Pack

Now and then a few newborn Dog Girls find together and establish a Pack of 3 to 5 Dog Girls. Often there is an alpha Dog. If you think about it this can be compared to any girly clique ...

E H S

Housewife

Traditionally housewives honor and obey their husband and your role wont be much different. Cooking, cleaning, everything else your owner desires and a household needs to stay tidy.

A S S

At Heel

You stay with your owner at all times. Wherever he goes you follow. There wont be much in your life to worry about but to keep close to your owner. Privacy is something you might miss.

A C C

Daycare

This is for Dog Girls too dumb or lazy for a job or any other duties. Your owner drops you off whenever he can't take care of you. There are many Dog Girls in Daycare and they might want to „play“.

C H S

Education

Not to be compared with conventional schooling, but in a special school for Dog Girls you'll have courses in singing, dancing, cooking, fashion, seduction, obedience and more. (Extension of your 6 week crash courses)

H H S

You work in a boring, dull office job. Be prepared to have a hard time earning your colleagues respect with your new ears and tail. Your other new features might be to their liking when used right ...

C C S

Maid Work

Dog Girls are as high in demand in this job as Cat Girls. If you have any talent in being subservient, are cute and want to have a job this is for you.

E E E

D D E

Worshiped

Humans have been worshiping dogs since ancient Egypt and there are still circles worshiping a Dog Girls beauty and magnificence. Some of these events involve group sex, but thats not the focus.

Foster Owner

As a Dog Girl you are no longer considered human in front of the law. As such we want our Dog Girls to pick an owner whose property they become. All our owners have been tested and are considered suitable for owning and providing for a Dog Girl.

D E H

Ryan

Ryan had several relationships in the past, but none of them lasted long. He wants a Dog Girl he can be there for, go on dates with and have sexual encounters from time to time. The perfect boyfriend.

A A E

Graduation

Now that you have chosen your owner we are happy to release you into the world.

As a thank you for your cooperation we would like to give you a certificate with all the skills you gained listed as well as a collar with a beautiful dog tag representing what you went through.

Now then go with your owner and enjoy your new life. We are going to make regular checks on your wellbeing until we are sure you fully adapted to your new life.

Endings

D

Dog in Control

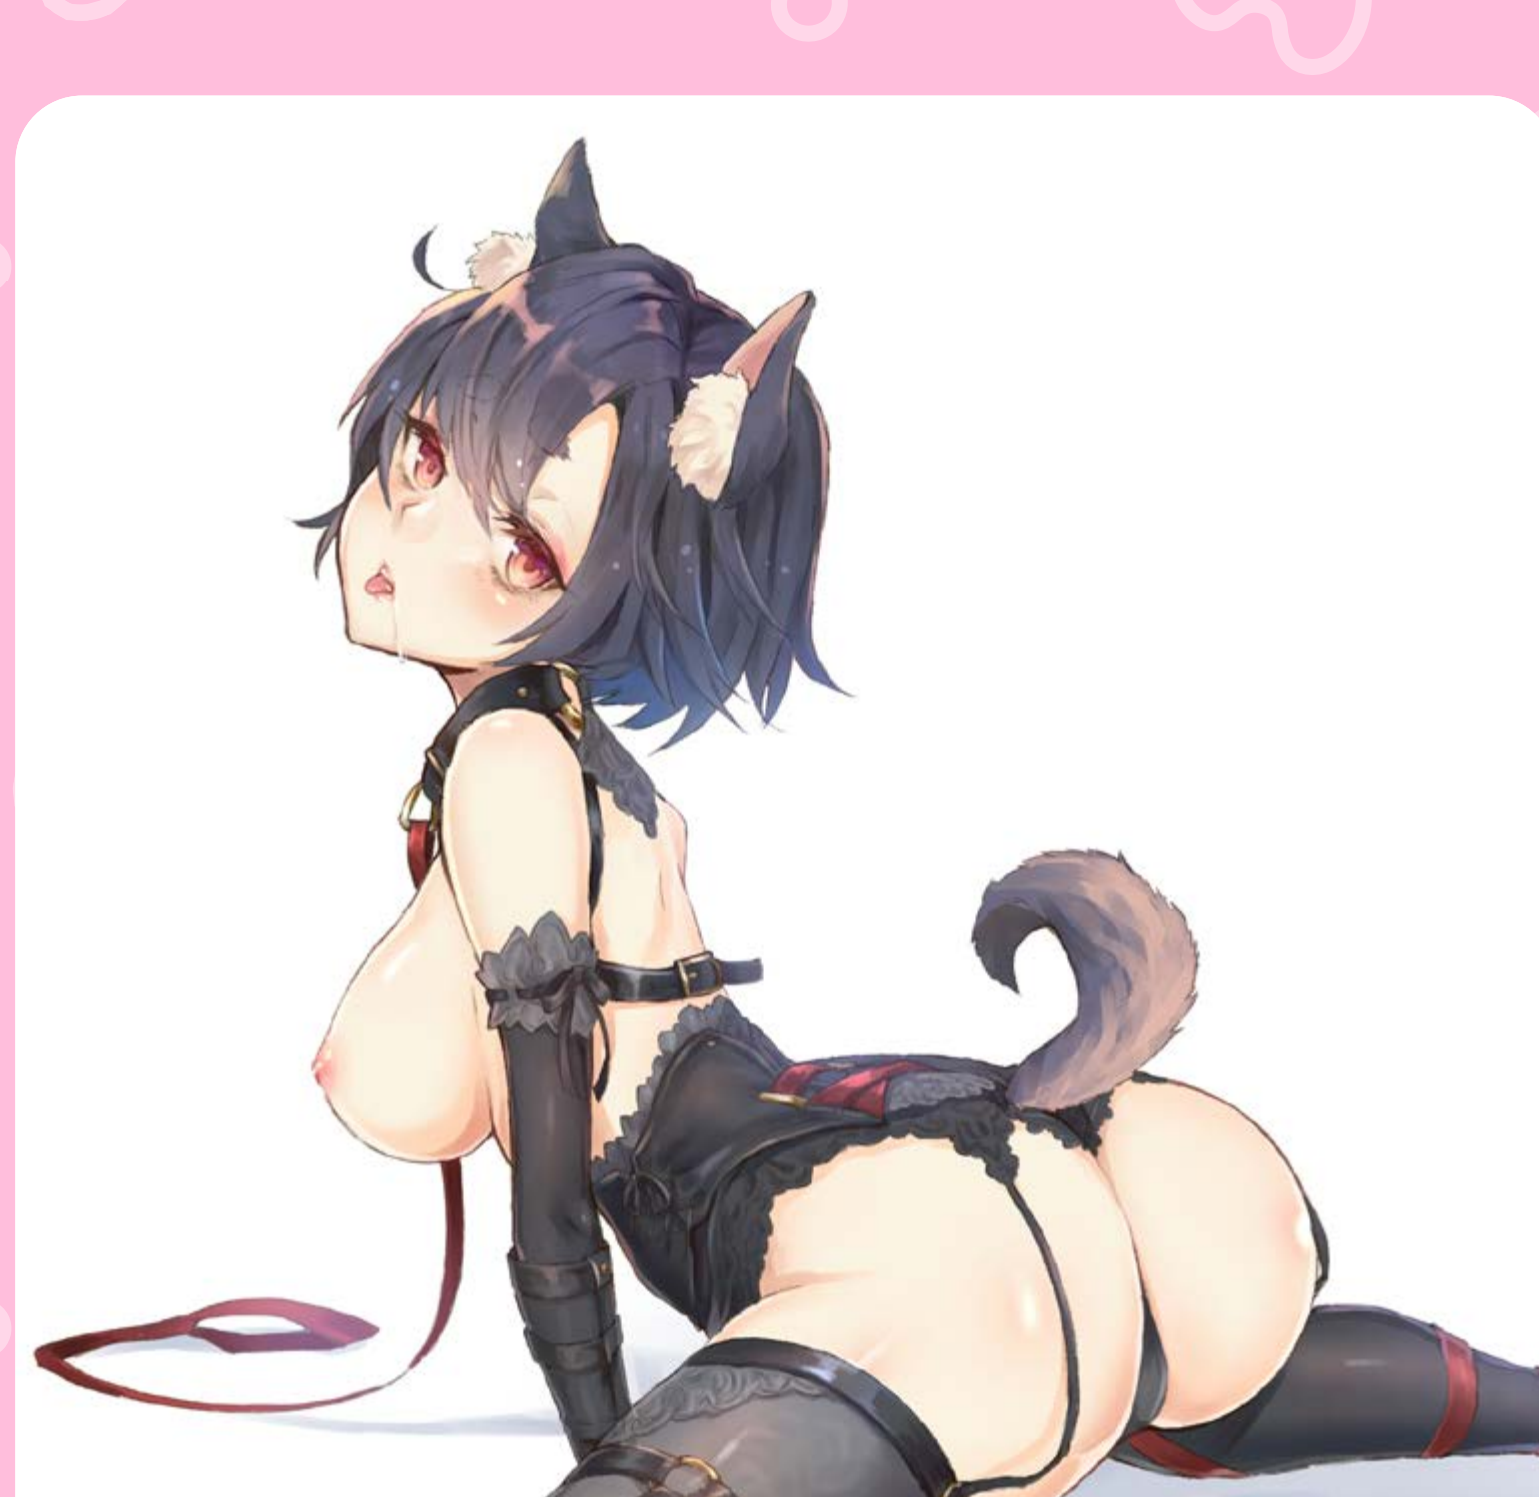

You have got your own mind and know what you want. Your „owner“ only seems to be your legal guardian on paper and it is quite obvious who is on top in your relationship. Other Dog Girls tuck in their tail when you walk by.

S

Slave

Making decisions on your own is part of the past. You have become an obedient pet-slave trying to please your owner with everything you do. As long as there is a way for you to fulfill an order you will do so no matter how perverted or unordinary the task is.

E

Slut

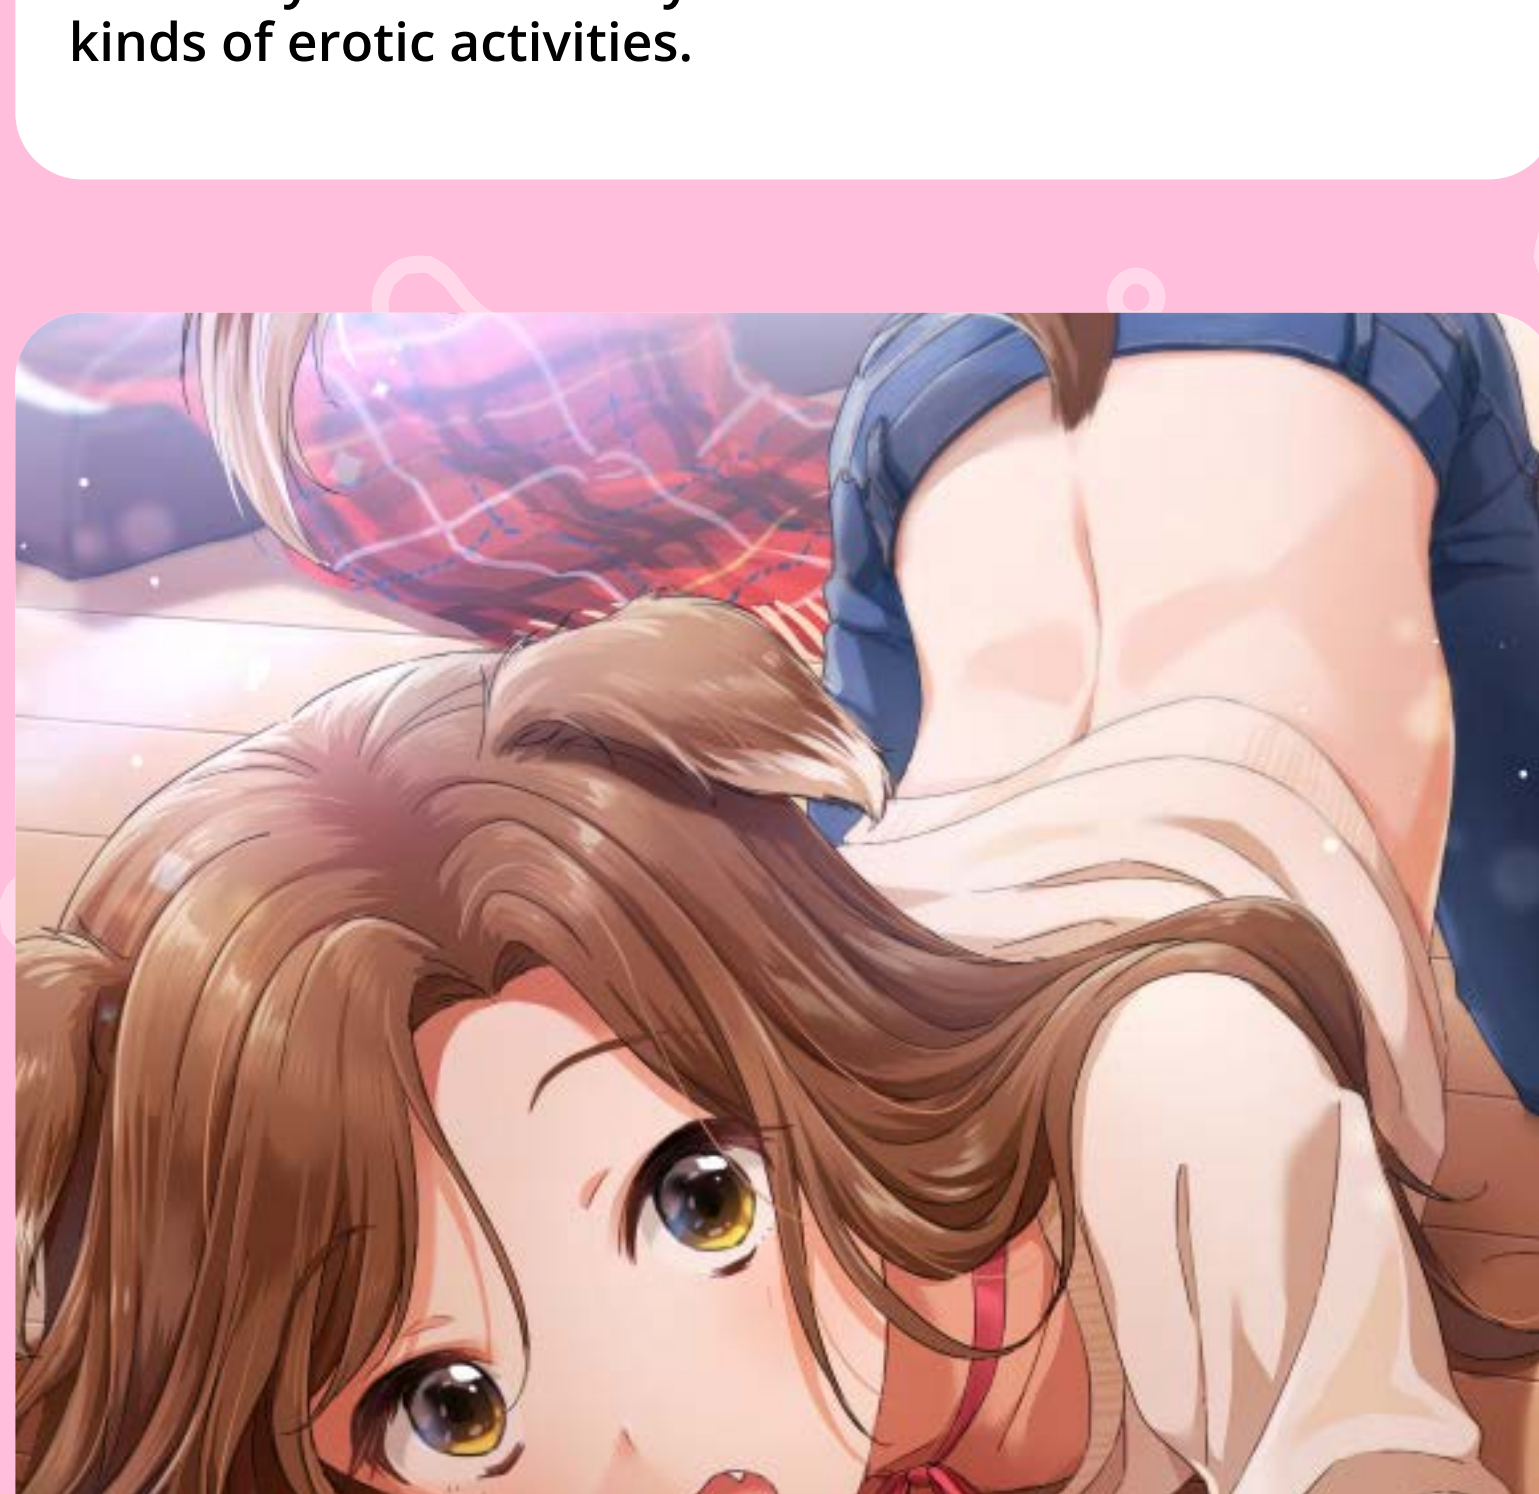

You have a healthy sex life with your owner as well as other people you meet. When meeting others you struggle not to think of having sex with them. In short your life heavily revolves around sex and all kinds of erotic activities.

C

Cutest Puppy

There is something about your appearance and feminine behavior that makes one want to pet you. You are one of the cutest puppies ever created and you find people shamelessly staring at you wherever you go.

A

Pet

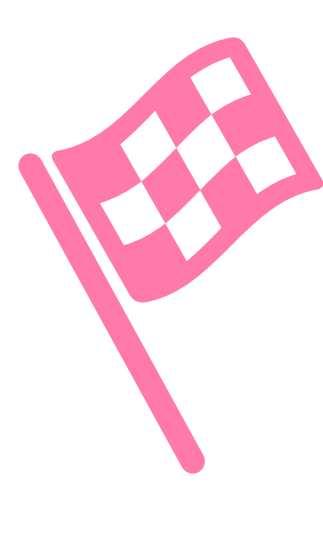

You are more Pet than human. It is hard to believe you ever where human as you were obviously always supposed to be a Pet. As there is barely anything human in you, you have no problem adjusting to your new life.

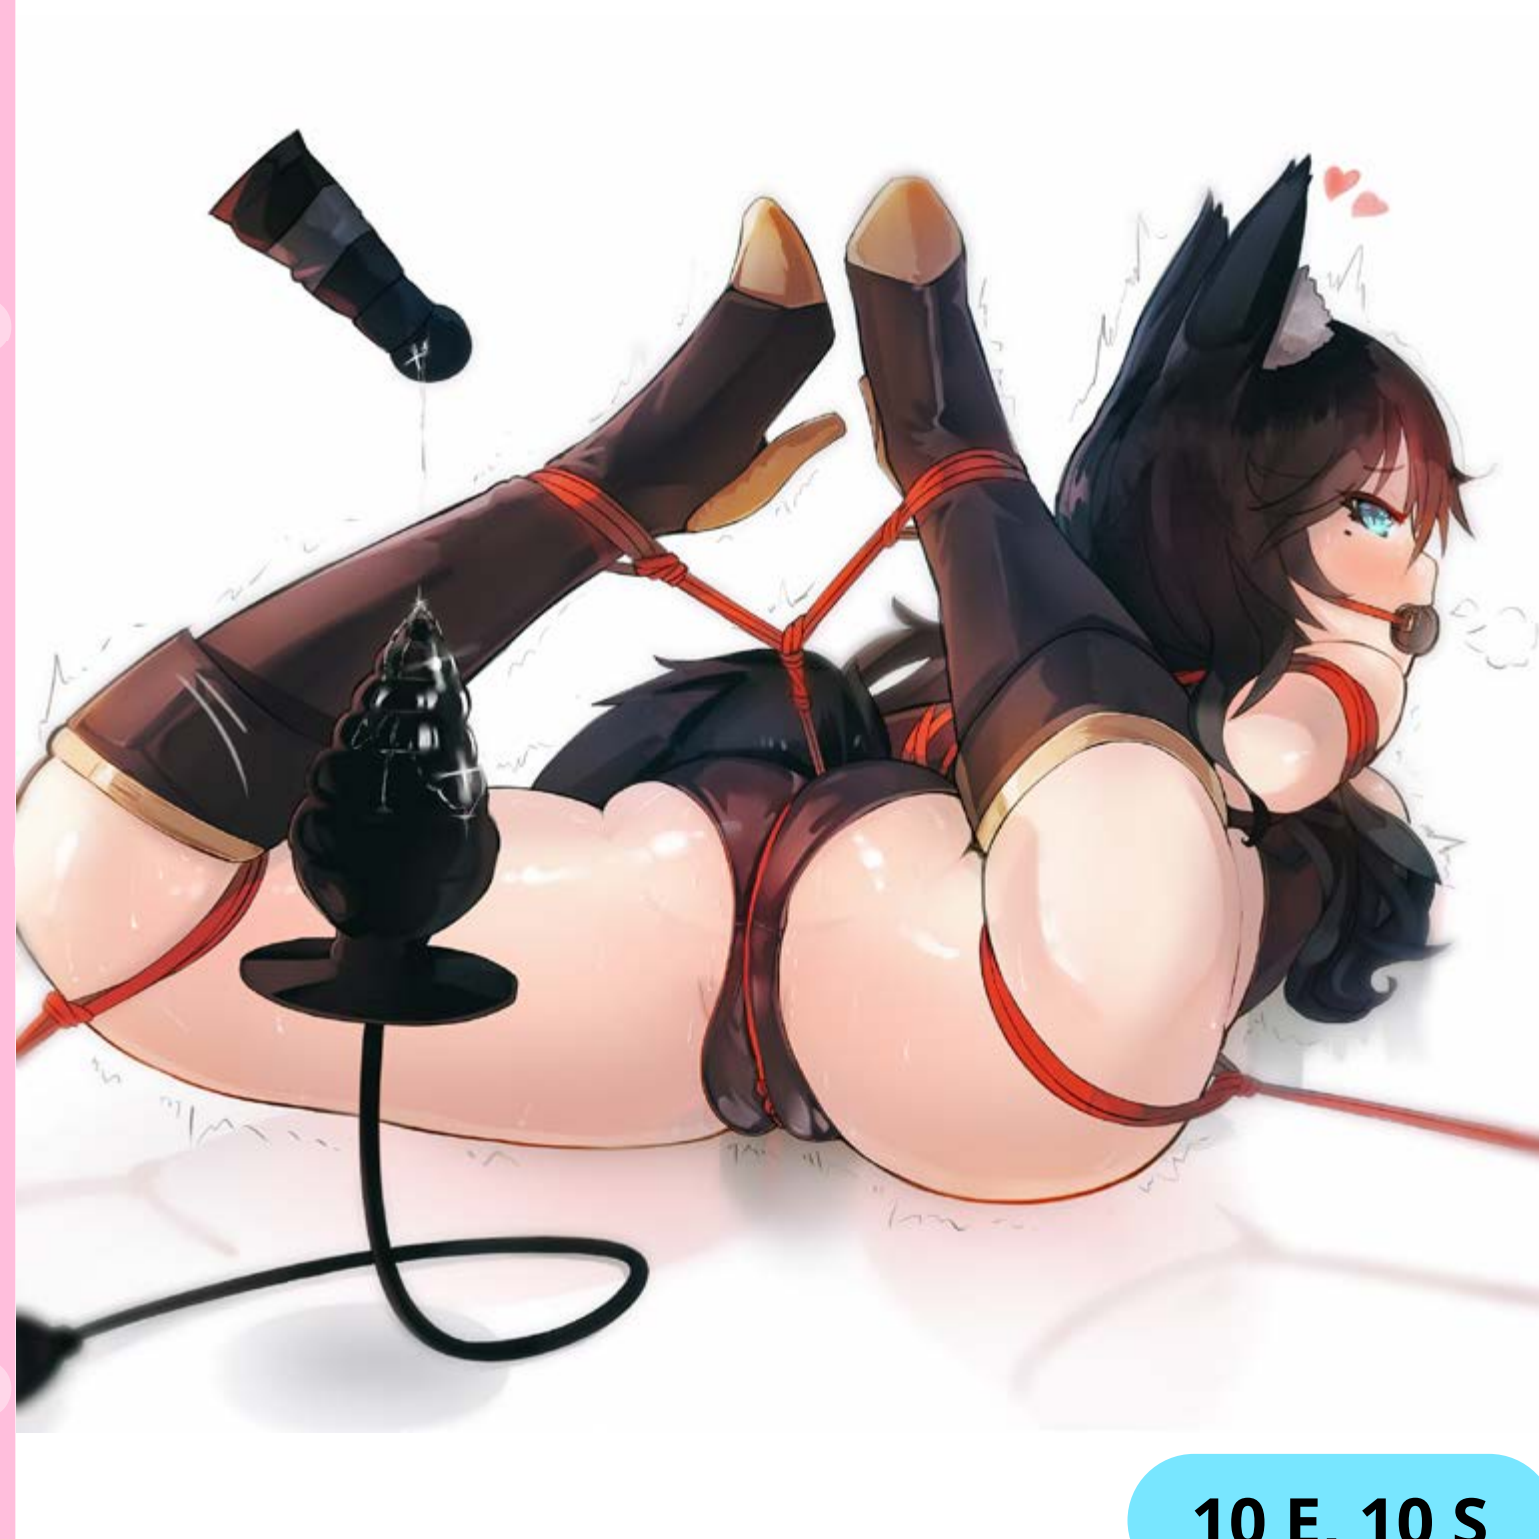

H

Failure

You are merely a girl with dog ears and a tail. You might look like a Dog Girl, but you clearly are not. Your life won't feel much different than it does right now. The only thing that might have changed is your appearance.

Bonus Endings

10 E, 10 S

Bondage Slut

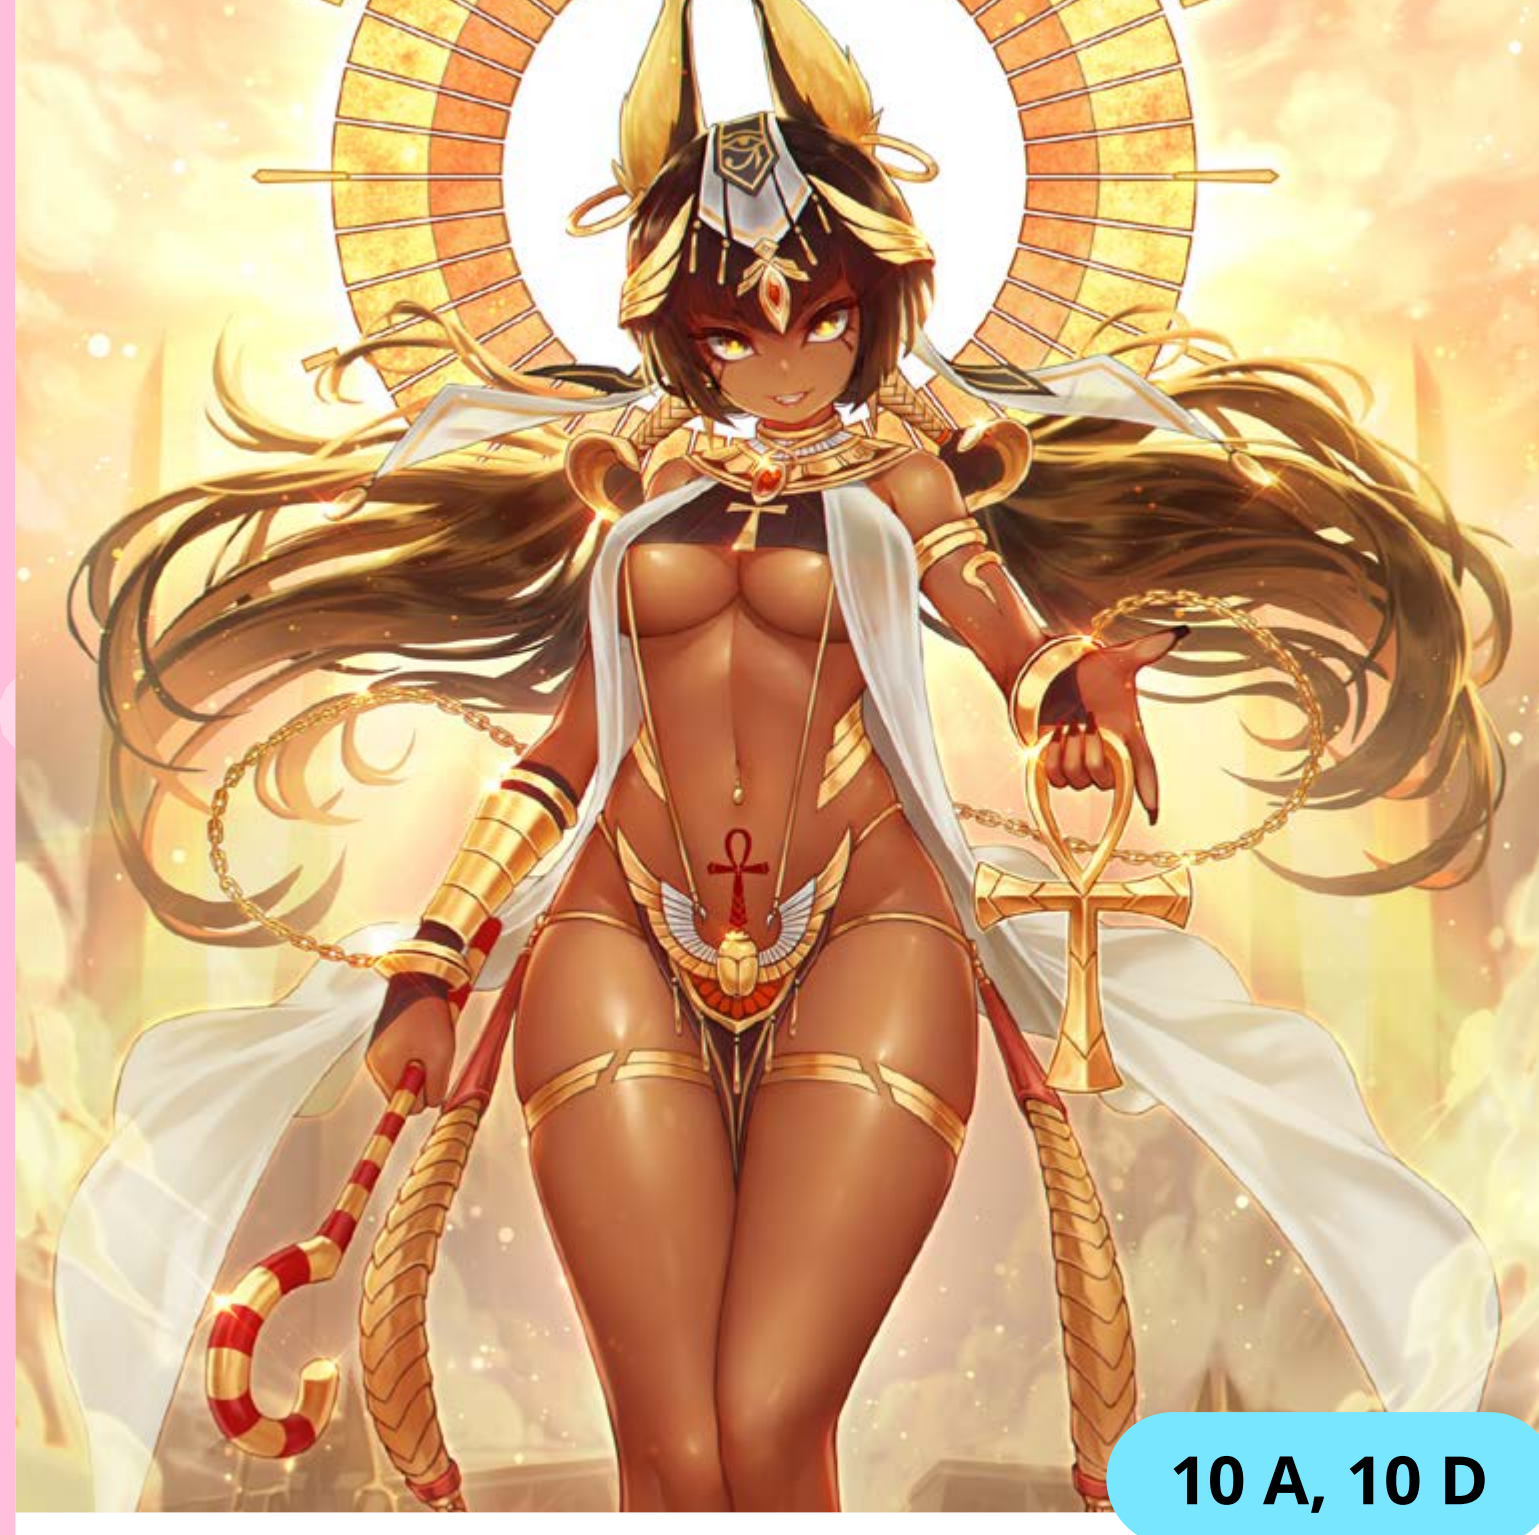

You become your owners fucktoy, you like getting being restrained with ropes, cuffs and more and you do anything for your owner as long as you think you are getting fucked or at least aroused in the end. You are nothing more than stress relief, a slut, a whore, a bitch in heat, but you don't care about that.

10 C, 10 H

Beauty Model

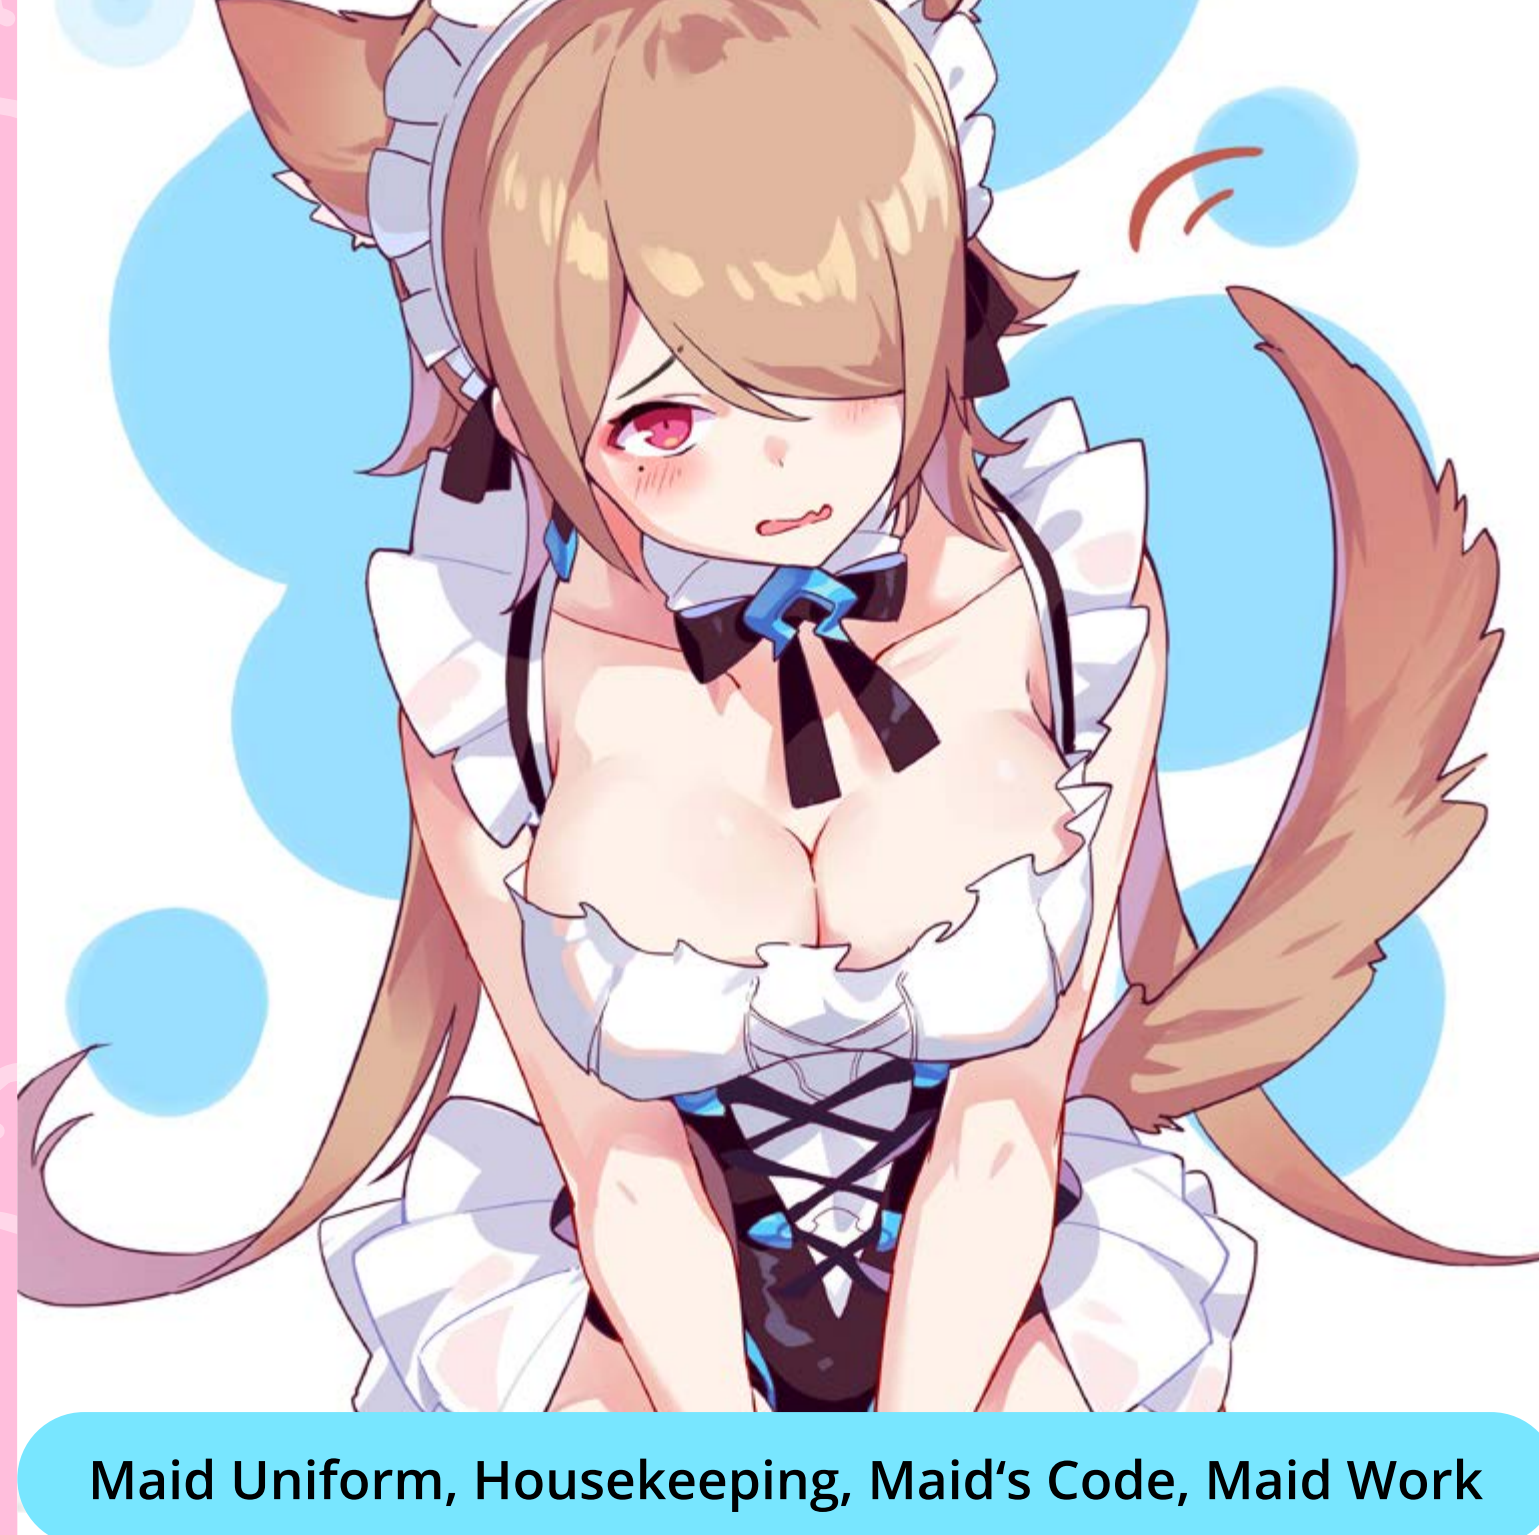

You are cute, charming and there is still a lot humanity in you. These are all traits perfectly fitting a model. With your human intuition you know how to compete with other models on market and capitalize on your beauty.

10 A, 10 D

Canine Goddess

You become leader / messiah of a semi-religious cult worshipping your canine body. Everyone around you does what you want. Even your owner is at your service at any time. Try not to get too big for your boots.

Maid Uniform, Housekeeping, Maid's Code, Maid Work

Ultimate Dog Girl Maid

You are the perfect Dog Girl Maid. Working long hours, hard work and being harshly disciplined are no problem for you. You enjoy being to your owners service at all time and you take pleasure in fulfilling all his wishes.

15 H

Not a Dog

You have almost no Dog Girl features at all. Just some tiny ears and a small tail. I guess the only thing our treatment and training had to bring out in you is a girl. You either never were supposed to be a Dog Girl, or have some kind of resistance to our drug.

5 A, 5 C, 5 D, 5 E, 5 S, 0 H

Perfect Dog Girl

You got a bit of everything and shine at all your subjects. You are sexy without sacrificing cuteness and are obedient but know when to take the lead. Most importantly though you embrace being a dog without sticking to human habits.

10 A, 10 E

In Heat

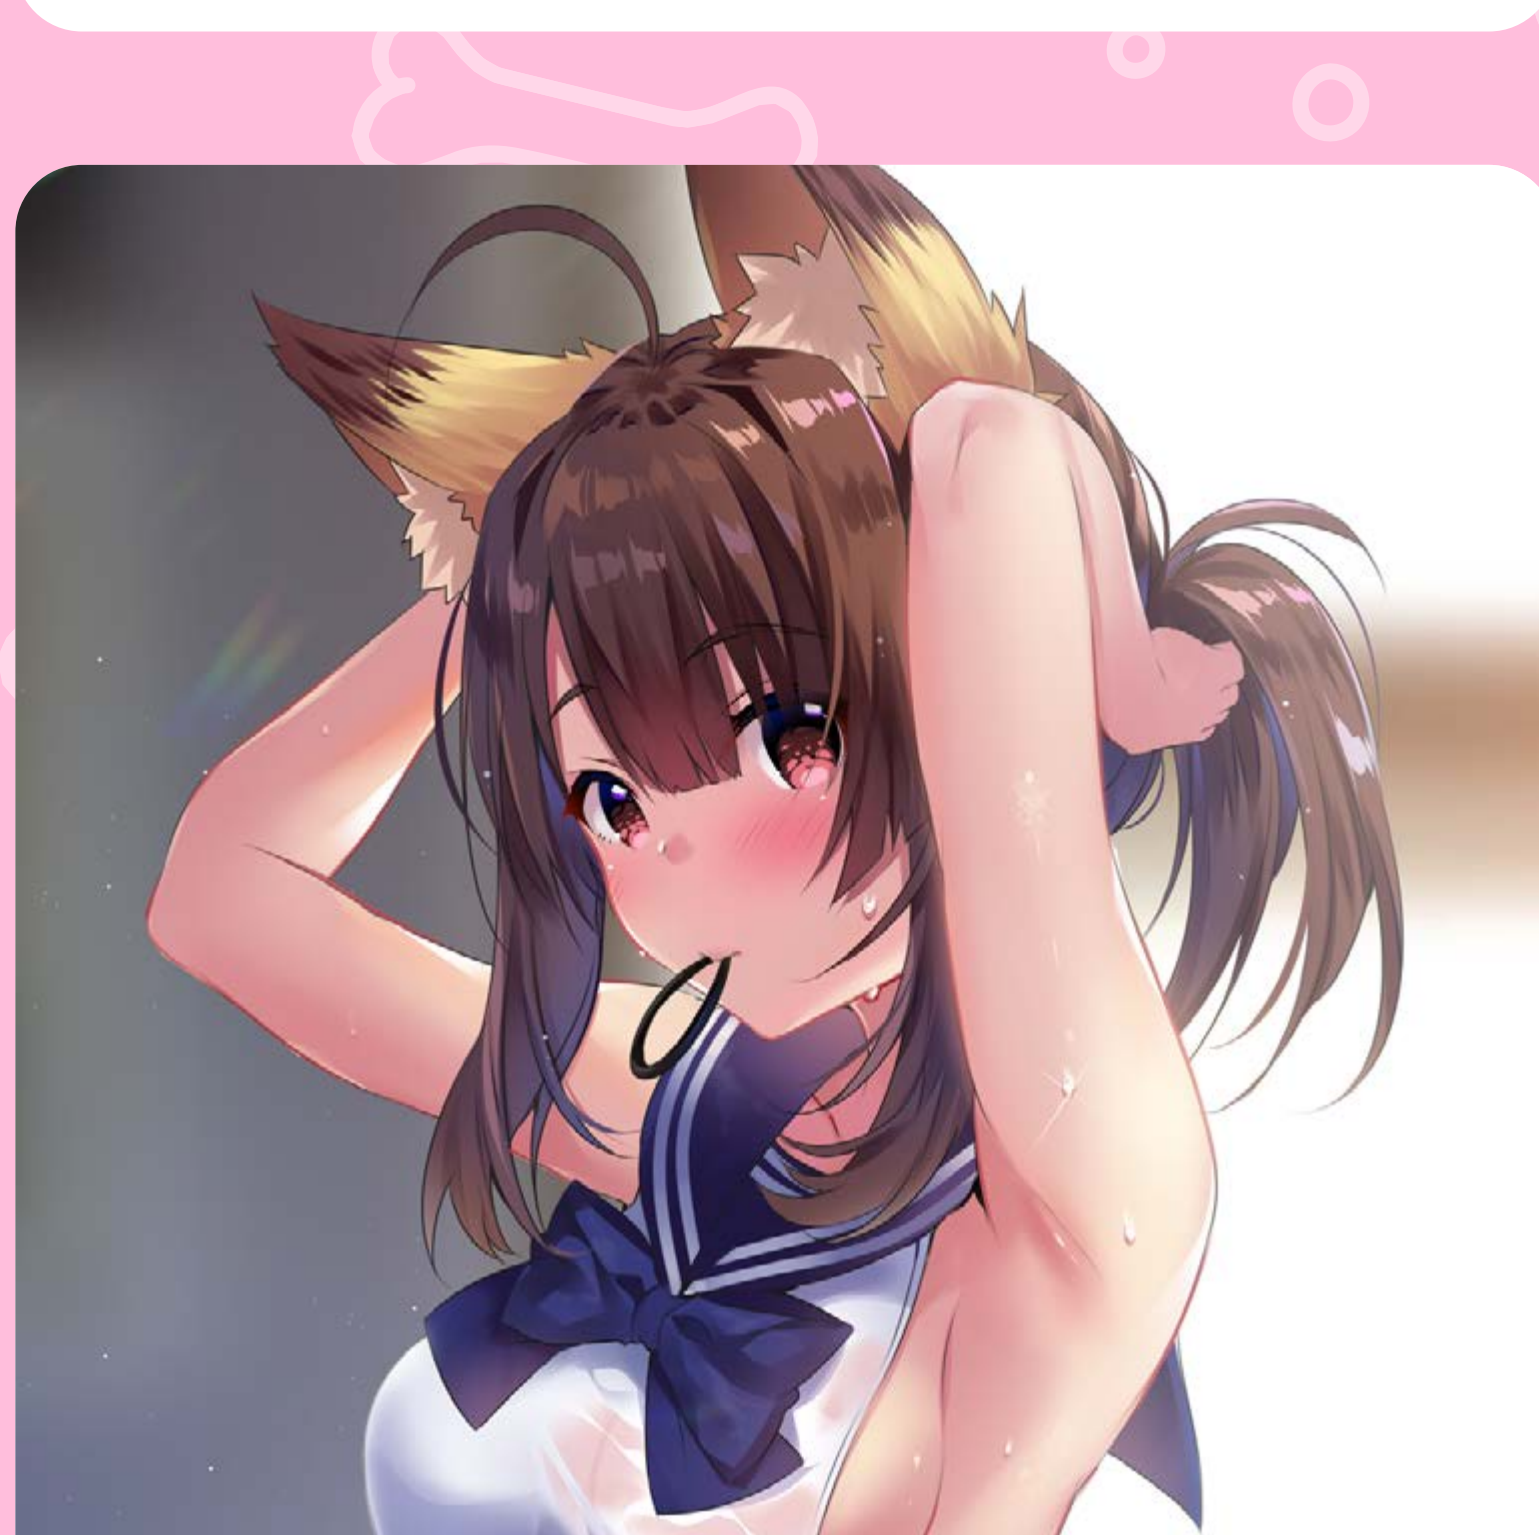

You are a good dog, but you seem to be in heat almost all the time. Sexual activities with your owner alone doesn't satisfy you and your owner reports seeing you sneak out at night to have sex with other Dog Girls and Boys (where ever those would come from?).

10 S, highest score in a category your owner hasn't got

Abandoned

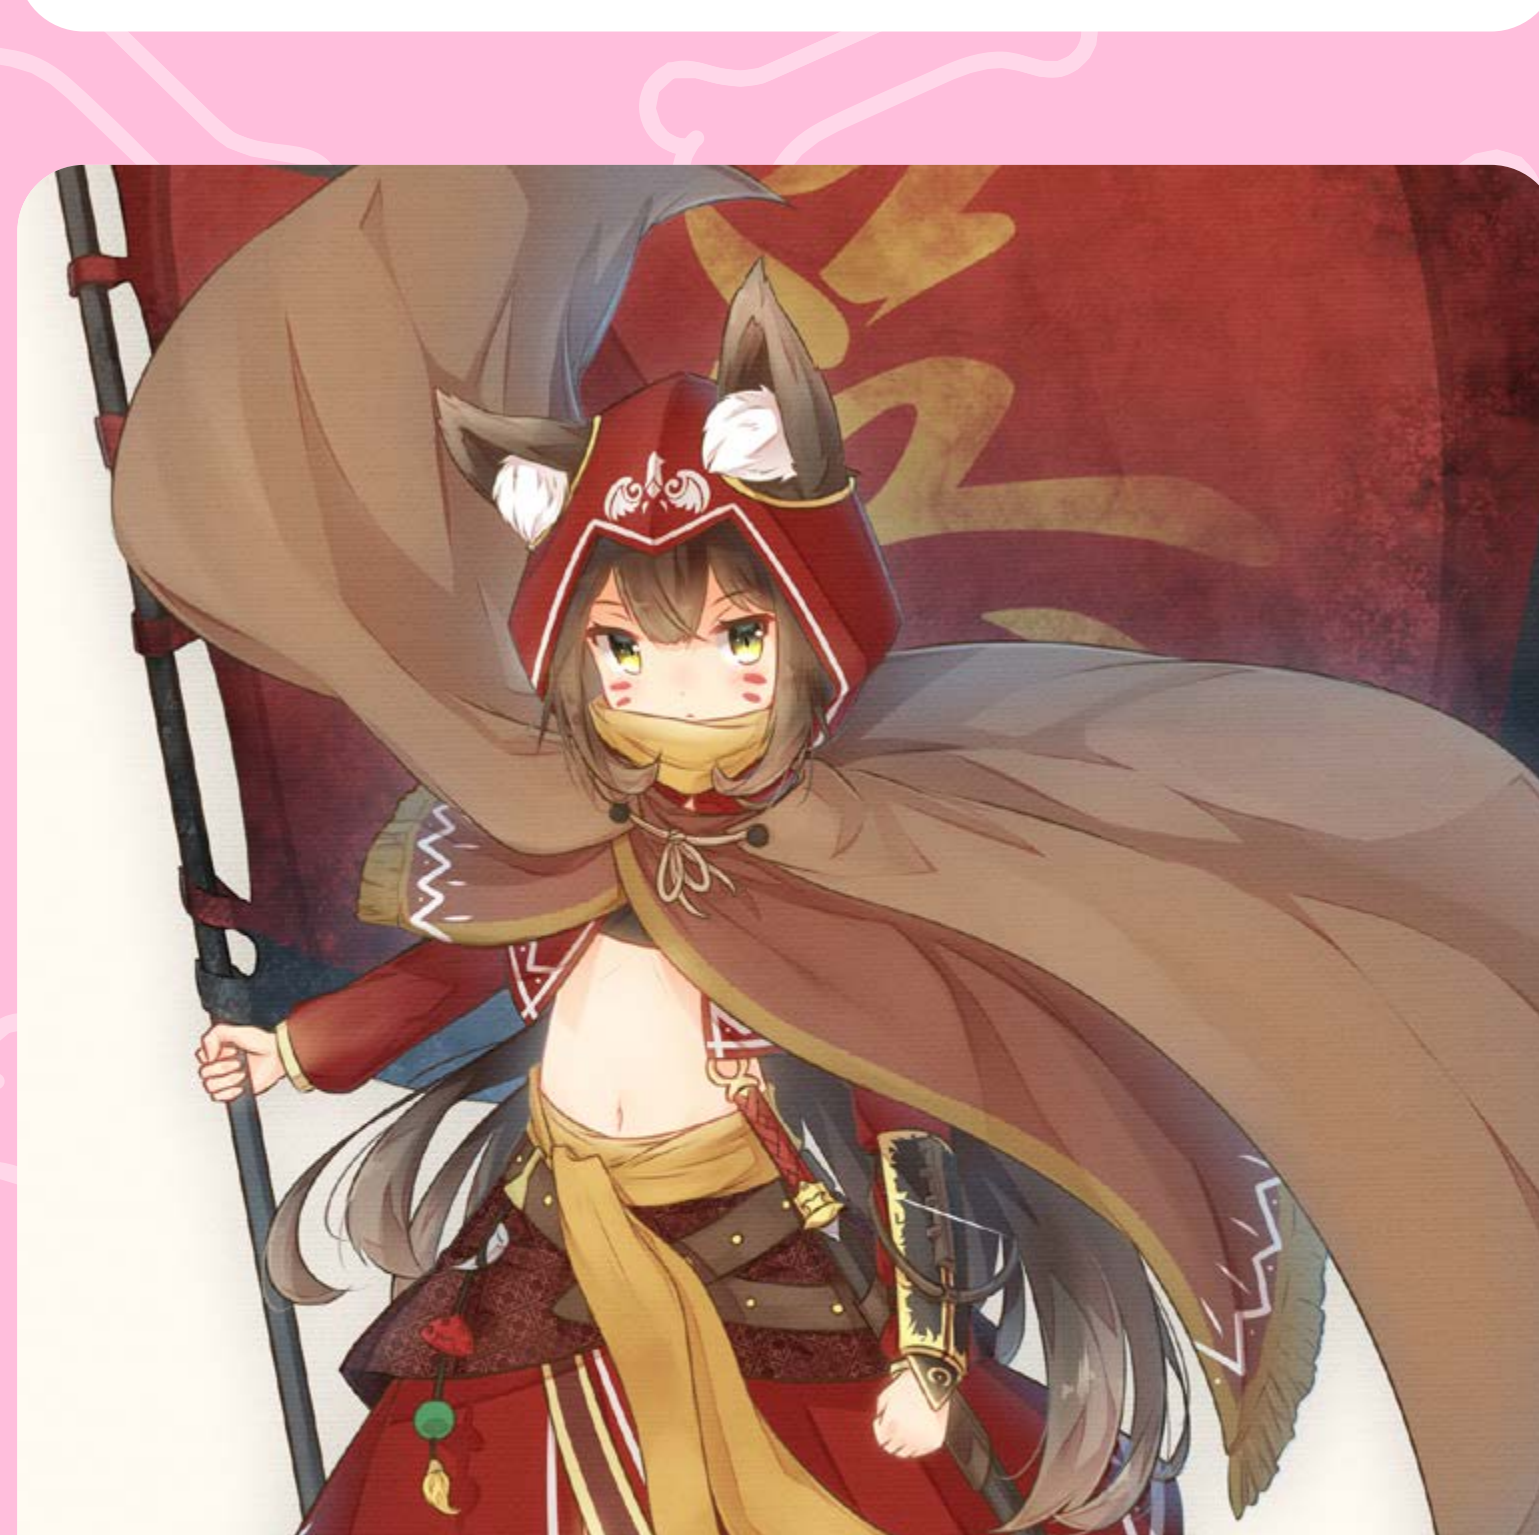

You poor thing just didn't get along well with your owner and were found on the street straying around aimlessly. You live at an animal shelter where you are treated well, but have to live in a more or less shabby kennel. You'll find a fitting new owner eventually.

10 E, 10 H

Girlfriend

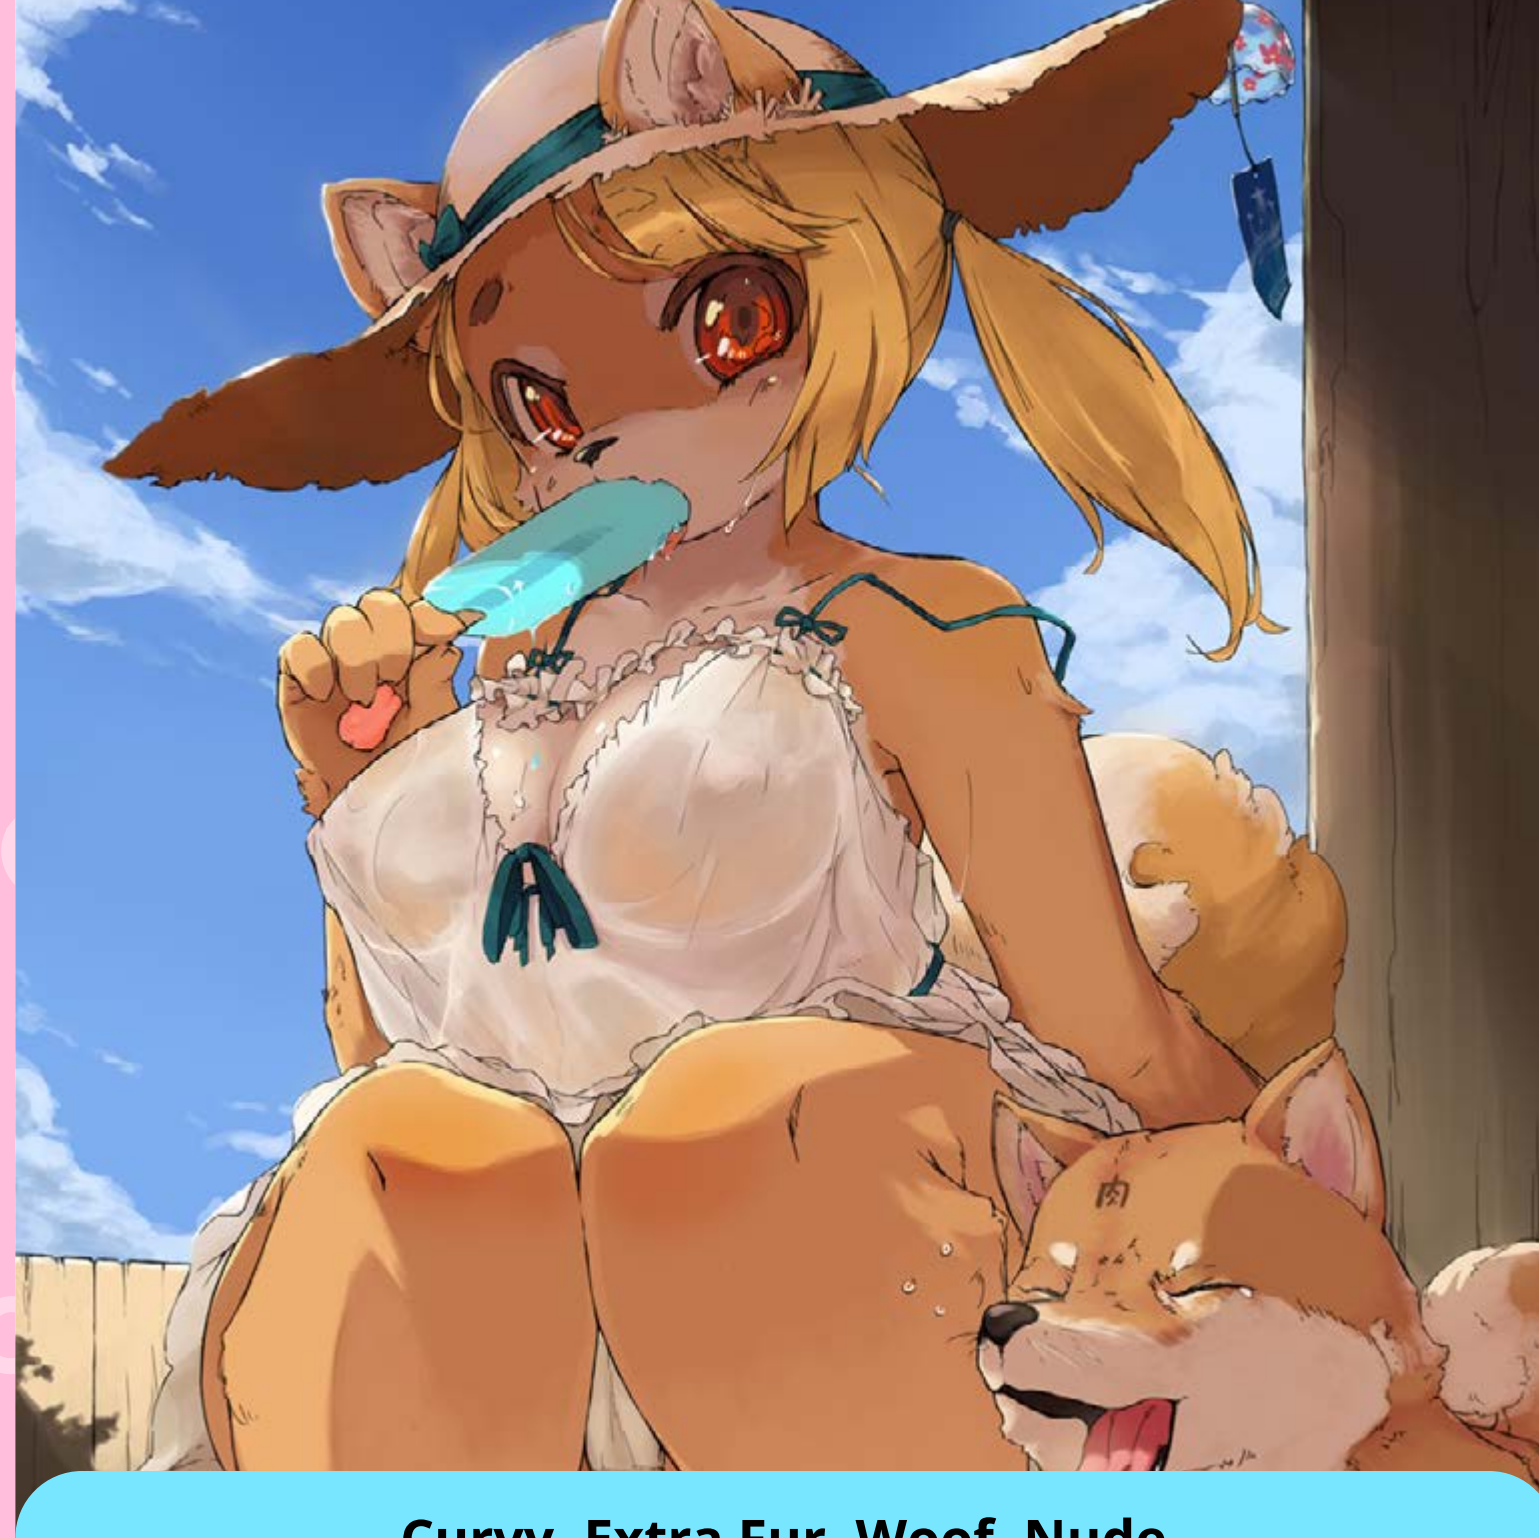

You have got a really strong relationship with your owner. Even though your relationship with your owner is unconventional no one would dare to separate you two. There is not only love but also equal respect in your relationship.

10 D, 10 H

Revolutionary

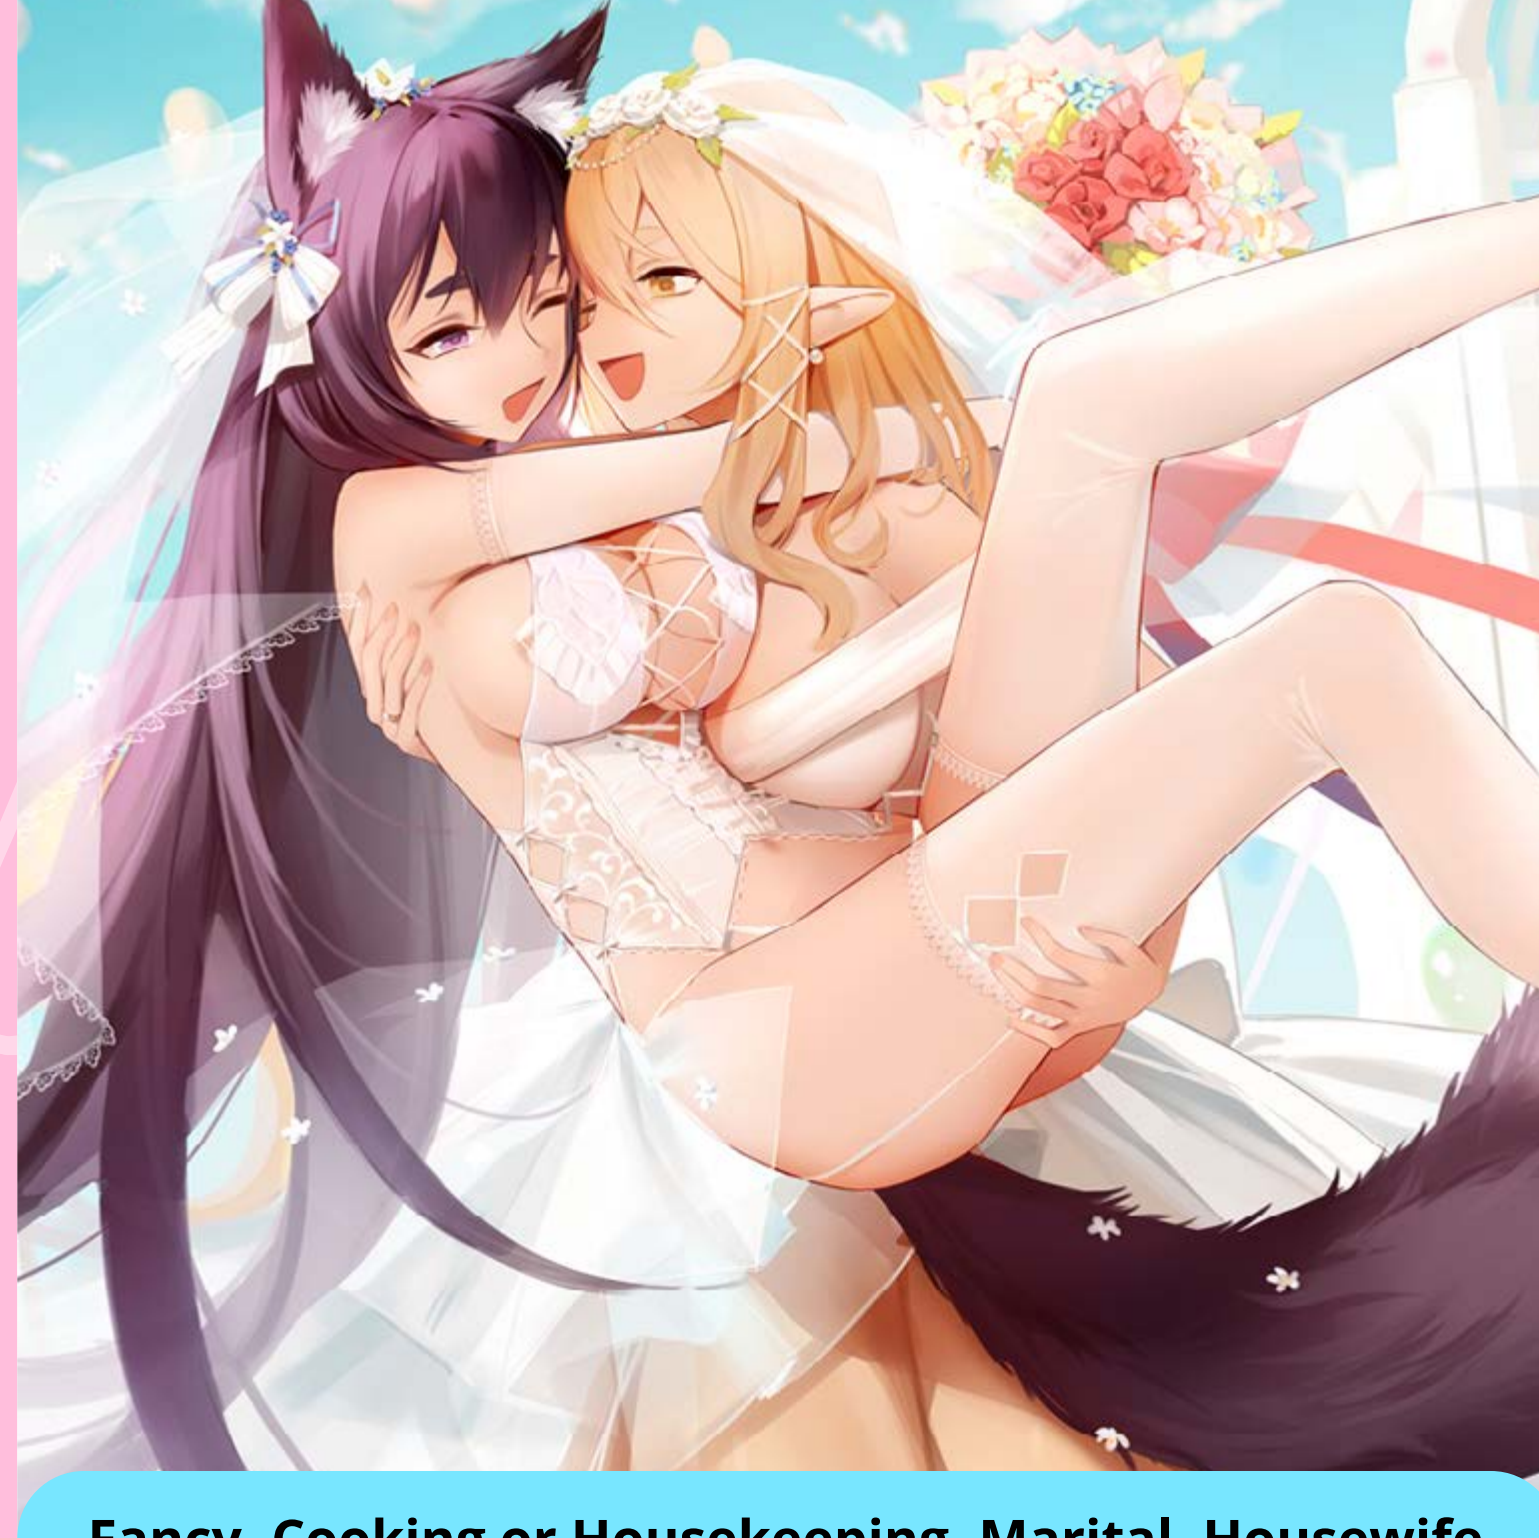

You become the face of a Dog Girl Rights movement. This movement wants Dog Girls to become human rights and you are probably going to be successful in most countries of the world. This also leads to the closure of all companies that create Dog Girls as there methods are mostly immoral.

Curvy, Extra Fur, Woof, Nude

Furry

With that body and the fur you almost look like a mascot or cartoon character. It looks like you act like a whole new person in your new form and you overcome your shyness. As if you were jumping in a character that has always been a part of you somewhere deep inside you.

Fancy, Cooking or Housekeeping, Marital, Housewife

Marriage

Even though Dog Girls are not allowed to marry legally, you convinced your owner to accept you as his wife and now your two live a fulfilled marriage. You take up all wifely duties, do the housework and share the bed with your husband. He in return loves you like a wife and cares for you.
