Studies show that Anavar at a dose of 20 mg per day taken for 12 weeks does not affect the level of liver enzymes (indicators of liver damage). Also, such side effects of Anavar as loosed of appetite, abdominal pain, nausea, headaches, rise in blood pressure, and some others are sometimes encountered.

The gym changing room better be ready for photos like this when this is all over! I can't be the only one ☺ © 1182
