## Creative space saving

## Bathroom with Esposito Oval Bath

## Meeting Room venue Central London

The client brief was to create an indulgent venue incorporating multiple meeting rooms, a luxurious lounge and a commercial kitchen area. After completing this extensive project the premises is renowned for being one of the finest meeting venues in London.

The main lounge area with complete custom made furnishings

Bathroom showing one off made to measure sink using cohiba marble.

## Custom made commercial kitchen

## State of the art meeting rooms

## Manor House in East Sussex Current Project

We are currently working on a full structural and interior design project to convert this stately 17<sup>th</sup> century manor house into a beautiful , elegant state of the art country home. The clients key requirement was to maintain the original period features while bringing this stunning property into the 21<sup>st</sup> century. The work is due to be complete by December 2018.

Work commenced March 2017
