

LOUISIANA SCHOOL FOR THE DEAF ALUMNI ASSOCIATION

May 9, 2022

Friends of Louisiana School for the Deaf,

Your support is needed!

The history of the Louisiana School for the Deaf (LSD) founded in 1852, can be found in the Archives which are currently located on the LSD campus in Baton Rouge. The LSD Archives consists of valuable, irreplaceable items (such as issues of the Pelicans, many historical pictures, historical documents, and more). Since 2019, the Archives have been moved three (3) times. Unfortunately, during the moves and storage, some materials in the Archives were mishandled and neglected.

Members of the Alumni Association have worked closely with LSD Administration and have found a permanent place to house the Archives in a room in the Career and Technical Education wing of the high school. Wanda Miller, our LSDAA Archivist, and her committee have been working to organize and display the historical materials.

Donations are desperately needed from you so that much-needed supplies can be purchased to set up the Archives to preserve our history. Purchases such as acid-free covers and materials to preserve old documents, pictures, and others able to look around to see our school history.

Please consider donating to this worthy cause, so we can safely preserve and display the proud history of the Louisiana School for the Deaf. ANY amount is appreciated and helpful! Send check and money order to make payable to:
