

# Cleveland Medical Billing, Credentialing Services

## Cleveland Medical Billing, Credentialing

**Medwave** is pleased to offer our medical billing and credentialing services to healthcare professionals in the City of Cleveland, OH and surrounding communities.

**Cleveland** is the largest city in the **State of Ohio**, situated in the northeastern part of the state, with a population just under 400,000 in the city proper and an estimated population of 3,600,00 in the Metropolitan Statistical Area when combined with the Akron-Canton Statistical Area. **To accommodate such a vast and diverse population, healthcare providers in the city range from Pediatrics to Psychiatry, from Chiropractic to Testing Labs and everything in between.**

Cleveland is the home to a number of leading hospital systems, several of which are in University Center. **Most notable is the world-renowned Cleveland Clinic, a non-profit academic medical center, providing clinical and hospital care and a trailblazer in research, education and health information.**

During the 2020 COVID-19 pandemic, Ohio Governor Mike DeWine reported the earliest cases of the virus in the state to be in the Greater Cleveland area. In response, the Cleveland Clinic engaged in an historic partnership with University Hospitals to offer free testing for COVID-19 and to help stop the spread in the metropolitan area and the state.

To take advantage of the proximity of universities and other medical centers in the city, **the Veterans Administration also moved the region's VA Hospital to a new facility in University Center**, and nearer the Cleveland Clinic.

Another major and notable hospital is University Hospitals and its Rainbow Babies & Children's Hospital. On the city's West Side is the main campus of the MetroHealth System which operates one of two Level One trauma centers in the city and has various locations throughout Greater Cleveland.

Managing the overall administration and reimbursement for all of these medical facilities and practitioners is a huge challenge. Just as is comprehending the plethora of nuisances in **medical billing** and credentialing.

At Medwave, we support a wide range of Cleveland healthcare professionals in billing and credentialing.

## How does Medwave Improve your Medical Billing Processes?

Here's a list:

1. **Streamline claims and collection processing**  
Our experts efficiently manage your claims to make sure you obtain timely and appropriate reimbursements for the work you've completed.
2. **Reduce rejections and denials**  
We cautiously evaluate claims to ensure they are complete before submitting to insurance, reducing rejections and denials.
3. **Free up your staff**  
Because we administer the billing process, your staff members can concentrate on caring for your patients.
4. **Increased cash flow**  
We maintain a continuous flow of claims going out and cash coming in. You'll typically get paid faster by investing almost nothing in staff training.
5. **Transparency**  
You can review compiled data or monitor the process at any time. This gives you up-to-the-minute assessments of how your practice's billing is being processed.
6. **Data security**  
Protecting patient data is critical. We take on the responsibility to protect all patient information (HIPAA compliant).

Our expert billers with their pool of knowledge **gives your practice the edge in competing with other Cleveland medical facilities and practices.**

## What about Credentialing Services?

We are well aware of how the **credentialing** process can affect your bottom line. Perhaps you have hired a medical professional, just starting-up, in your practice or you merely want assistance in other credentialing functions — either way, we are here to help.

Here are some of the benefits we can offer in your credentialing process:

1. **Reduction of application mistakes** which could significantly delay the application process.
2. **Saves you and your practice time, paperwork and frustration.**
3. **Frees up schedule space** for staff to work on other tasks.
4. You experience **an overall decrease in operating costs.**

Medwave is a reputable credentialing service. We will have better success getting you credentialed (efficiently), than most other groups. **Meaning, you can start seeing clients with insurance(s) sooner; rather than later.** Understanding **the value of medical credentialing** can assist any medical provider.

**Medwave** provides superb medical billing and credentialing services to all of **Northeast Ohio**, which includes the cities of **Akron, Ashland, Ashtabula, Brunswick, Canton, Cleveland, Elyria, Lorain, Mansfield, Medina, Wadsworth, Wooster, Warren, and Youngstown.** **Reach out** to us today.
