

Front-End Developer
Capabilities Deck

Sam
Garcia

Hello, I'm Sam Garcia, a front end developer based in Spain, with a big passion for web development.

I've always had a big interest in coding and web development, and in 2021 I made the decision of changing careers completely and become what I always wanted to be: A Web Developer

Here is a little bit about my background

Experience

- bet365 | European CS Advisor (Spanish)
- bet365 | European Betting Support
- bet365 | Trading Assistant (Soccer)

Education

- CareerFoundry | Full-Stack Web Development Program
- Flux Academy | Webflow Masterclass

Skills

- HTML5
- CSS3
- JavaScript
- React
- Redux
- Webflow
- Figma

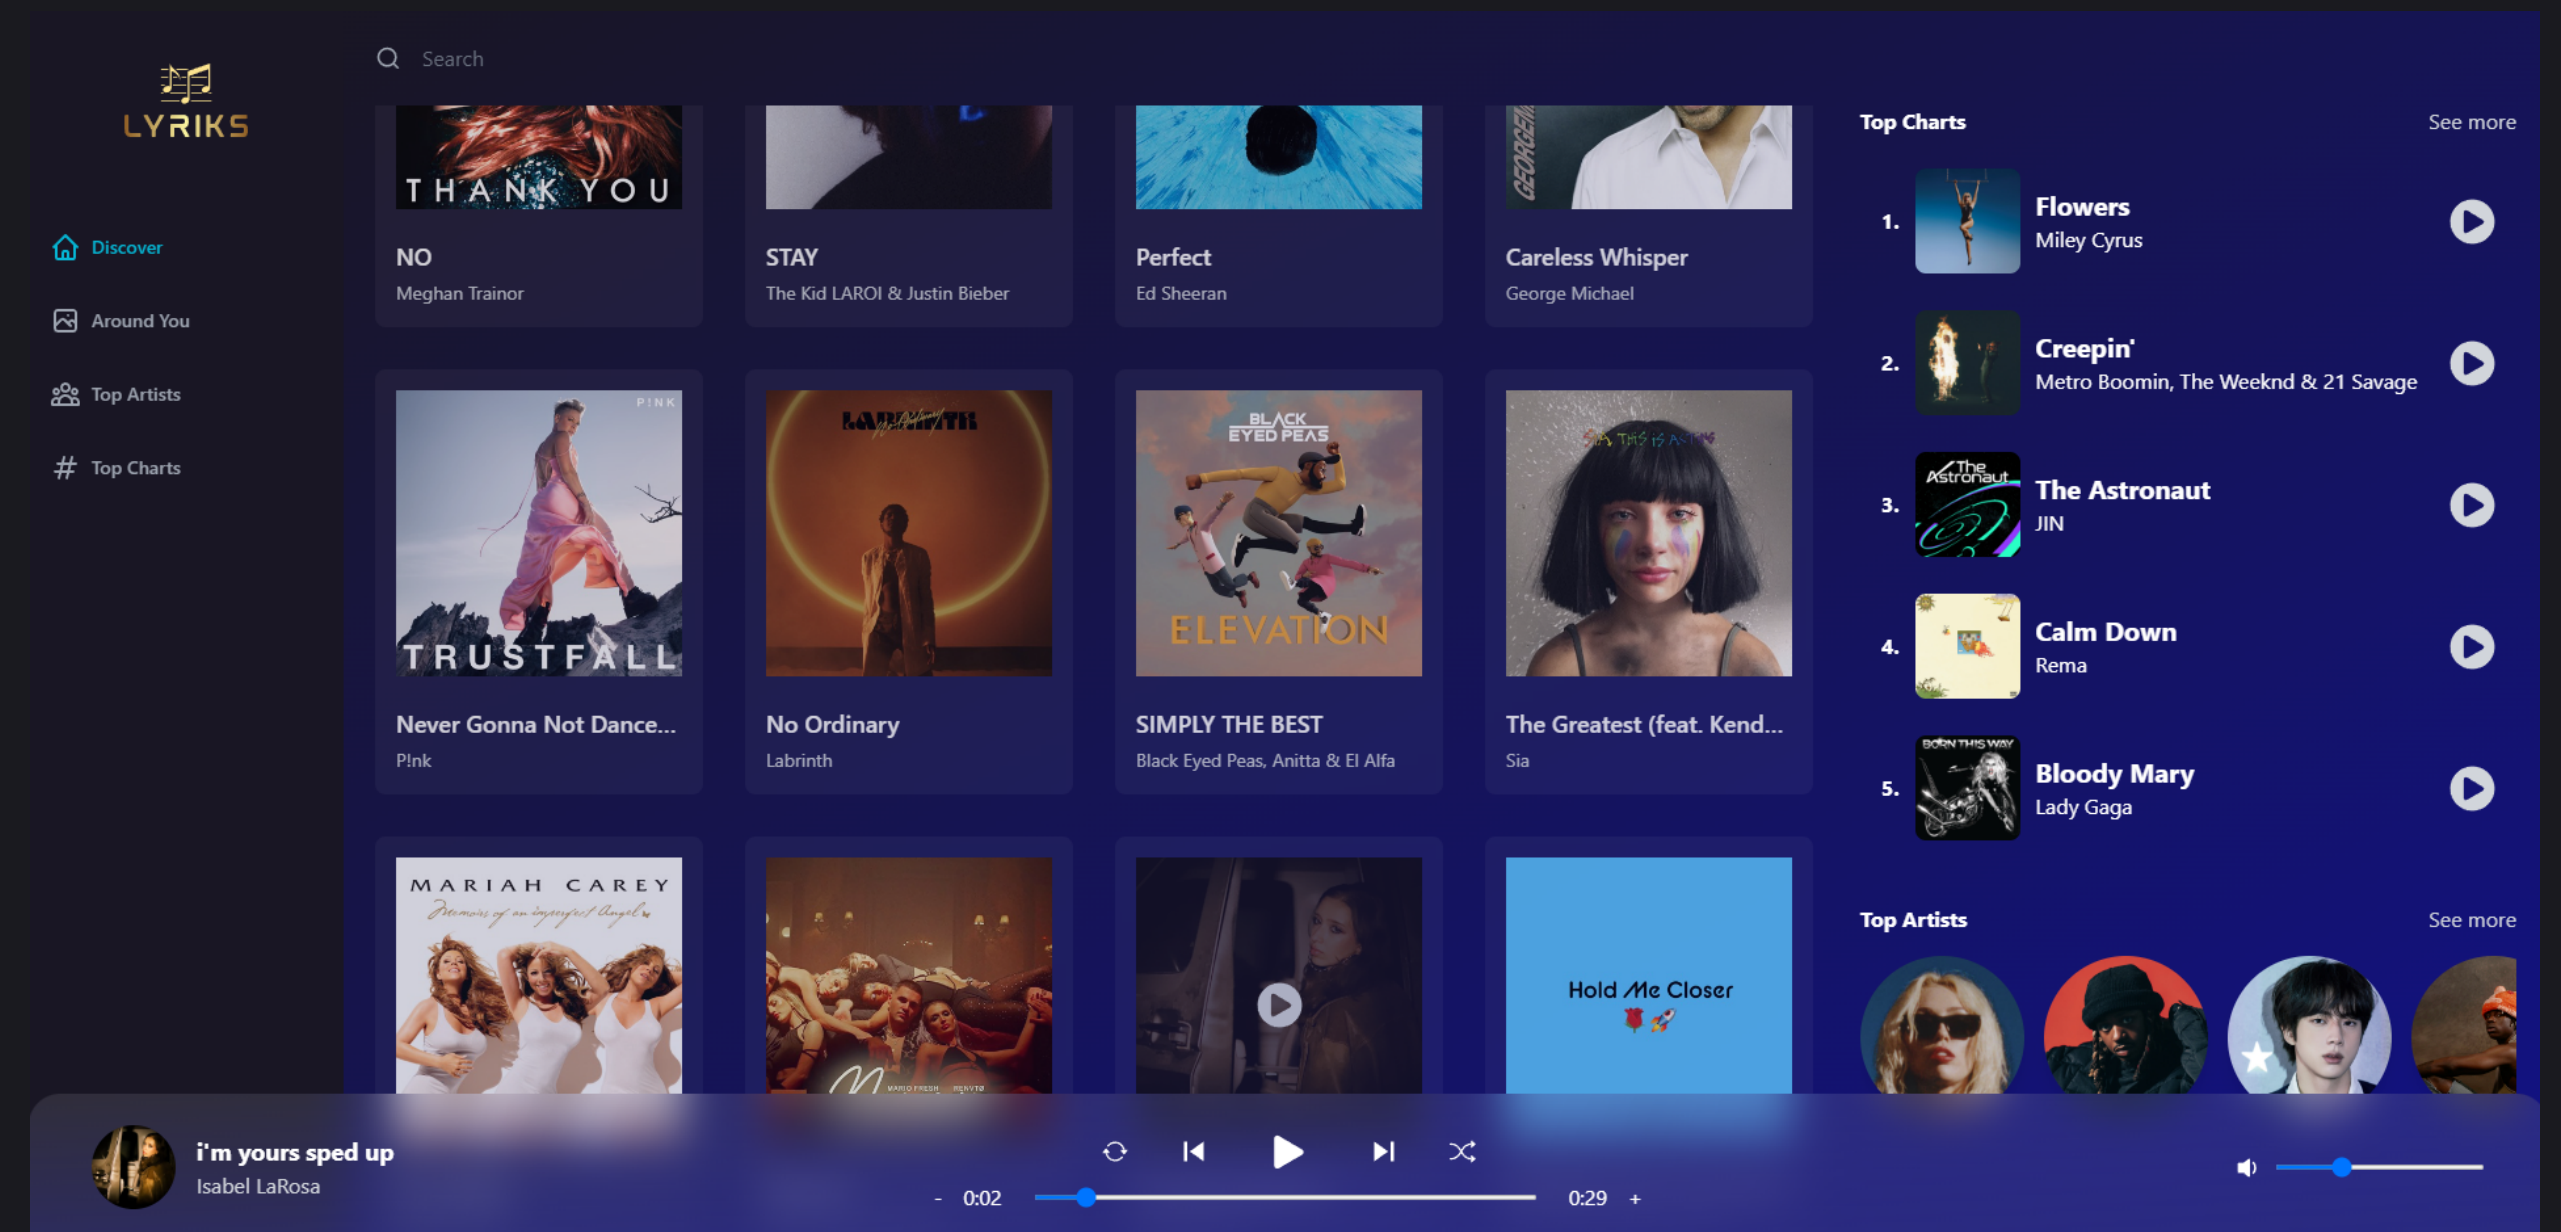

Some of my recent projects

LYRIKS

A fully functional music player website that uses API callouts to provide the most recent music charts.

Tools

- JavaScript
- React
- Redux
- Tailwind
- API Callouts

Some of my recent projects

MY FLIX

A Movies Web Application that allows users to register an account and provides information about different movies, genres and directors.

Tools

- JavaScript
- React
- NodeJS
- Express
- MongoDB
- NodeJS
- PostgreSQL
