FIFRA SECTION 2(ee) RECOMMENDATION

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the USEPA.

ProcellaCOR® EC Aquatic Herbicide

EPA SLN NY-190001 (EPA Reg. No. 67690-80) (For Distribution and Use in New York Only)

For Control of Northern Watermilfoil

NOTIFICATION TO SePRO PROCELLACOR-CERTIFIED APPLICATORS:

Follow all applicable directions, restrictions, and precautions on the product label and the Special Local Need label approved for use in New York State.

Directions for Use

For control of Northern Watermilfoil, utilize Prescription Dose Unit (PDU) rates per acre-foot of water volume based on proportion of waterbody area treated per table below.

NOTE: 1 PDU equals 3.17 fluid ounces

PRODUCT BULLETIN

Percent Area	PDU EC per
of Waterbody	Acre-Foot
Treated	
≤ 2%	4 - 5
>2 - 10%	3 - 5
>10 - 20%	3 - 4
>20 - 30%	2 - 3
>30%	2 - 3

Important Notice

Before buying or using SePRO product referenced in this bulletin, read this bulletin, and the product label for ProcellaCOR® EC, in their entirety. Information contained in this Technical Information Bulletin is not intended to replace or amend any product labeling. Follow all applicable directions, restrictions, precautions and Terms and Conditions of Use. It is a violation of federal law to use this or any other herbicide in a manner inconsistent with its labeling. This bulletin contains supplemental instructions for use of the referenced SePRO product. Follow these instructions carefully. This bulletin, the NYS SLN label and the Section 3 product label must be in the possession of the user at the time of application.
