

Africa for the Africans, Asia for the Asians, White countries for *everyone*?

So-called "*anti-racists*" say there is this RACE problem. So-called "*anti-racists*" say this RACE problem will be solved when the Third World pours into EVERY White country and ONLY into White countries.

("Diversity" means chasing down Every Last White Person. The program of "Diversity" in EVERY White country and ONLY in White countries will continue until there are no White children left. "Diversity" is a code word for White Genocide. "Multiculturalism" is a program of changing White societies into non-White societies. Multiculturalism is a code word for White genocide. "Racial integration" is a euphemism for genocide, particularly for White people who are a small minority in the world.)

The Netherlands and Belgium are just as crowded as Japan or Taiwan, but nobody says Japan or Taiwan will solve this RACE problem by bringing in millions of those of other races and "assimilating" with them.

(The state of Michigan is larger than the entire United Kingdom with 56 million less people. The state of Montana is larger than Germany. Germany has 82 million people. Montana has a little over 1 million. Washington State is over 4 times the size of The Netherlands with 7.4 million whereas The Netherlands has over 17 million. Africa is larger than China, India, the contiguous U.S. and most of Europe—combined!)

So-called "*anti-racists*" say the final solution to this RACE problem is for EVERY White country and ONLY White countries to "assimilate," i.e., intermarry, with all those non-Whites. Every last little White island must be blended brown; until no White people are left.

What if we said there was a RACE problem and this RACE problem would be solved only if hundreds of millions of non-Blacks were brought into EVERY Black country and ONLY into Black countries?

(In Europe, USA, Canada, Australia (places founded by White people), we're told "we're all from Africa, so we have to assimilate millions of non-White immigrants". BUT in South Africa, even though "we're all from Africa", we're told Whites people stole the land and have no right to the country they founded. People shouting "we're all from Africa" claim to be anti-racist. They aren't anti-racist at all. They're anti-White. Anti-racist is a codeword for anti-White.)

How long would it take anyone to realize we're not talking about a RACE problem. We are talking about the final solution to the BLACK problem? And how long would it take any sane Black man to notice this and what kind of psycho Black man *wouldn't* object to this?

So-called "*anti-racists*" demand all White countries and only White countries be flooded with millions of non-Whites, until White people become a vanishing minority. If any White person objects to this genocide, "*anti-racists*" call them a nazihowantstokillsixmillionjews. So-called "*anti-racists*" never discuss whether anything we say is true. All they have is labels. A label is the weapon of one who has lost the argument. Those who attack us are NEVER doing it to DISCUSS #WhiteGenocide, they are ALWAYS demanding that all discussion of it be SUPPRESSED.

If we tell that obvious truth about the ongoing program of genocide against White people through mass-immigration and forced-assimilation, the Establishment agrees that we must be silenced and/or arrested. (After all, in our *Screamocracy*, you are routinely yelled down or physically assaulted if you say anything Politically Incorrect.)

They say they are "*anti-racist*". What they are is anti-White.

Anti-racist is a code word for anti-White.

Their crime is White Genocide.
