To Whom it May Concern:

Welcome to Angel Fire! Whether this is your first year of membership with Angel Fire Resort, or you've been with us for many years, our goal is to make sure your experience as a resident in this scenic area is fun and rewarding.

The value of your base membership is unparalleled in the ski and golf resort industry and continues to grow. With your base membership, you may enjoy all of the common amenities such as the tennis courts, Monte Verde Lake, Country Club fitness center and pool, RV Park and more, without paying additional fees. Depending on how you spend your time at the Resort and your family size, you may benefit from upgrading your base membership to Platinum.

Platinum membership offers many unique privileges. The unlimited golfing and skiing, the private fitness center and pool hours, special Platinum parking, and the resort-wide 20% discount on all regular-priced purchases are just the beginning of a long list of benefits. We understand that it gets complicated determining exactly how much extra value you will receive for the Platinum dues and we are happy to walk you through it. Just stop by our office or give us a call to discuss the possibilities.

Beyond having fun, you will need to maintain your membership in good standing in order to participate in all of the amenities the Resort has to offer. This also ensures that you are able to contribute to the business and decisions governed by the Board of Directors of the Association of Angel Fire Property Owners (AAFPO), your representative body.

The AAFPO Board serves the interests of the membership at large by providing input to Angel Fire Resort's management on issues that enhance your membership privileges or the quality and availability of the amenities. Meeting minutes are posted at The Shuter Library in Angel Fire and on the AAFPO web site www.AAFPO.org.

Please stop by the Membership Office at the Country Club the next time you are in Angel Fire to receive your Membership Rules and Regulations, new member packet and membership card(s); these cards are picture IDs and cannot be mailed. We look forward to seeing you soon.

Sincerely,

Angel Fire Resort Membership

MEMBER SPOTLIGHT MEET THE PEPPER FAMILY

Hometown:

Billy-Albuquerque, NM & Jenna-Eliot, ME

Occupation:

Both are school teachers at Eagle Nest Elementary School in Eagle Nest, NM

Children:

3 boys; Porter, Ry and Delmar

Favorite Angel Fire Activities: Snowboarding, skiing, telemark skiing, mountain biking, golfing, running, hiking and watching the Angel Fire sunset from our deck.

How were you introduced to Angel Fire: Jenna's parents bought land sight unseen in the early '70s while living in the Philippines. They later traded it for a condo when family was stationed at Kirtland Air Force Base in the '80s. Jenna never forgot how much she loved New Mexico and Angel Fire even after her family moved to Maine. After graduating from college she asked her parents if they still owned the condo and she took the closest job she could in Albuquerque and drove up almost every weekend with Billy and then each boy as they joined the family.

Favorite part of living in Angel Fire: The clear, dark, star-filled night skies. The winter fun with plenty of sun. Raising boys where they can be dirty, healthy, happy kids! Our dog smiles all day long, she does not know how lucky she is but we humans do.

NEW & NOTEWORTHY

UPGRADED SNOWMAKING

Angel Fire Resort has improved its snowmaking equipment again this season, adding new snow guns from TechnoAlpin to one of the longest and most popular trails, Headin' Home. The new state-of-the-art guns will efficiently utilize air and water to cover more terrain. The mountain operations team is adding more permanent stick guns to the backside trails, such as Hallelujah, that will make snowmaking operations more efficient and will allow for a better "throw" resulting in better coverages. The resort is also adding another state-of-the-art fan gun that specializes in making large amounts of snow over greater distances. The additional equipment will allow the resort to open more runs earlier in the season.

LONGER SKI SEASON PLANNED

Angel Fire Resort is planning to extend their season a week by keeping the ski mountain open through March 24, 2019. This offers pass holders an additional seven days on the mountain and also ties into many southern states' Spring Break calendars. Several of the past winters have seen the best snow later into the season. As long as the powder continues and the weather cooperates, the resort plans to stay open the additional week.
