We're heads down and focused on delivering to you the best possible Explorer experience. The Priming team has grown to (5) contributors, composed of 4 engineers and a sole Product/Design Lead.

Our main focus areas are the extension of financial filtering capabilities, and our single asset page en route to public release. Here's a sneak peek of what's currently in-flight:

The screenshot displays the 'Cunning Scipian [SE]' asset page. The top navigation bar includes 'Overview' and 'Activity' tabs. The asset name 'Cunning Scipian [SE]' is prominently displayed, along with its attributes: 'Kathari · Common · Unit'. Below this, there are four colored circles representing different versions: Alpha (purple), Beta (yellow), Beta (orange), and Beta (red).

The 'Overview' section features a table with the following data:

Owners	3,213	Price	€0.274	Win Rate	Soon
Supply	150,000	Volume	€3.191	Matches	Soon
Market Cap	Soon	Transactions	687	Echoes	Soon

Below the table is a line chart showing price fluctuations over time, with a legend for 'Floor Price' (blue), 'List Sale' (orange), and 'Bid Sale' (red). The x-axis is labeled with dates from 'Aug 14' to 'Aug 14'.

The 'Activity' section shows a list of transactions with a filter menu. The filter menu is currently set to 'Show Transactions on any platform'. The transaction list includes:

- Transaction: Bid, Price: €3.21, From: 0xB92...1234, To: -, Time: 45m ago
- Transaction: Transfer, Price: -, From: 0xB92...1234, To: 0xB92...1234, Time: 2h ago

On the right side of the page, there is a large image of the 'KATHARI' asset card, which features a futuristic character and the text 'KATHARI' and 'Echelon Pool'.

We're on track to hit our first milestone and deliver the initial version of the Explorer within August! We're excited to share that our second wave of Alpha access starts today, and Closed Beta access will begin on 08-31.

Again, we're thankful that the community trusted us to revitalise a valued community resource. We can tell the excitement is palpable and we're coming to the end of the wait.
