

**THINK.
INNOVATE.
CREATE.**

Have you thought of a career at CERN?

TAKE PART!

We're not just world-famous for science. To conduct experiments of this scale and importance, we need the very best talent in every part of our organization. Which means, if you're interested in joining our Technical or Support teams or if you're an engineer or professional in any area from mechanics to accounting, this is more than an opportunity to develop your career: it's an opportunity to develop knowledge and science on a global scale. In fact, it's an opportunity like nowhere else on Earth.

Apply online: careers.cern/professionals

It is a common misconception that CERN only hires physicists and engineers: did you actually know that of the 2500 or-so staff members at CERN, only 3% are research physicists? The rest is a combination of technicians & engineers in a diversity of fields and a variety of support functions in the following categories:

- Civil engineering
- Electronics
- Mechanics
- Electromechanics
- Information technologies
- Materials science and surface engineering
- Electricity
- Controls and data acquisition
- Health, safety and environment
- Support & Administration

In addition to an exciting career opportunity, CERN offers a comprehensive benefits package like no other. People here enjoy living a truly cosmopolitan life, in the heart of Europe. The environment offers a myriad of leisure activities with excellent benefits, great remuneration and the freedom to work flexibly, it's not just the work and atmosphere that makes people enjoy their jobs, it's the tangible elements that they receive too.

All our positions are based at CERN, in Geneva, Switzerland where the quality of life is beyond compare.
