

Gone Girl

They say, you can't love
Anyone, until you love yourself
But they hate, us,
Every step of the weary way
They say,
But I say,
I gotta say,
When you're dying
In a living hell
In the Spirit,
A God-Sent Instance
More angelic, than anything
More faithful, then promises
A truest moment
Of Heaven
You're feeling the realest
The purest emotion
All this is all it takes
To shoulder all the pain
Tough thru every agony
To see things thru
Until your number is called
Until the math
Is all said and solved
Naturally,
Minus our little tragedy
Add your own lost cause, if you want
But do pray,
Tell me,
Why

When Your Gone Girl
My troubled heart
My worried soul
Aint strong enough
To vanquish
The whole damn, filthy world

I wasn't searching,
I wasn't looking,
I wasn't dreaming,
But all the sudden,
All along, low and behold
It's you I find
The most beautiful, remarkable,
And wonderful miracle
Of Miracles

Infinitely more than Personal
It's you I find
To Never have
To Never hold
To Never know
It's you I find
To Never have
To Never hold
To Never know
Do pray tell, why,
You were the one
At first sight
The only, only one
At first sight
And until last breath
You'll still be
The only fire
That burns inside me soul
It will not die,
It's simply not extinguishable,
Believe me,
I've tried and tired
I've cried and cried
I've lied and lied
But this flame is invincible
Lust doesn't make a single dent
Death has no luck, it has no sting
There was no beginning and there's no end
But still,
To Never have
To Never hold
To Never know
The only, only one
You're the only, only one
That brought me to life
Back to life,
Back thru time,
Back to Christ,
Back to the Light,
Back to you,
You kept me alive,
You kept me in the fight

When you're Gone Girl
My lowly heart
My wounded soul
Aint strong enough
To take on
The whole damn, lousy world

He says,

I need to be silent
I'm too awful for us
Ever to be right again
But I say,
I gotta say,
If there's monsters or demons need fighting
Gladly, I'm there in the fray
Doing ancient old world violence
Until I stop breathing or there's no more enemy
He says,
But I say,
I gotta say
Good God Lord Jesus,
Hear me,
The worst wretch
Graciously,
Mercy Her
And Kingdom safe and secure
All fellow folk and kin
Of Good will and Good medicine
All Glory
And Thanksgiving Be
To Your Sacred Trinity
He says,
But I say,
I gotta say,
His blood ain't the same
But I'm the one whose the total shame
Your Holy Majesty
Vengeance is Yours
Tonight and Today
And Always
Thy Will Be
Thy Will Be
Thy Will Be

To Never have
To Never hold
To Never know
To Never have
To Never hold
To Never know

When your Gone Girl,
My broken heart
My wretched soul
Ain't strong enough
To conquer
The whole damn lousy world

Your the only, only one

But you're Gone Girl
You're the only, only one
But you're Gone Girl

My ugly soul ain't good enough
When you're Gone Girl
My heavy heart ain't good enough
When you're Gone Girl
It's you I find, everywhere I'm lost
But I'm not found, Where you belong
When you're Gone Girl
It's you I find, everywhere I'm lost
But I'm not found, Where you are

When You're Gone Girl,
My anxious heart
My awful soul
Is not that strong anymore
To take on
The whole damn rotten world

To Never Have
To Never Hold
To Never Know
To Never Hope,
To dare to hope
Against all Hope
The only, only one
You're the only, only one
That brought me to life
Back to life,
Back thru time,
Back to Christ,
Back to the Light,
Back to you,
You kept me alive,
You kept me in the fight
