Inside a forest on a mysterious world...

A sorcerer is casting a spell in the dark.

Once the ritual was complete, a streak of light fell from the sky.

Then you regain consciousness in the middle of a strange forest.

Where... Am I? Where is this place?!

Game Features

You have been summoned to another world, against your will.

You know nothing, and everything is foreign to you.

You must find food for yourself, and be cautious of monsters that emerge at night.

If you let your guard down, it'll be the end of you.

If you die, it will be game over, and you must start from the very beginning.

However, with every death comes more knowledge about crafting and totems, which can help you to finish the game.

It requires patience and focus, but you will find joy in your journey.

Now, be brave! Your destiny awaits you!

Challenge yourself, in a brand new game experience in another world!
