

BANK

I really liked the old Favellas,
The new one to some extend.
To bad we rarely play it though,
Cause it nearly always gets banned.
I even miss the old Hereford Base, the old House, Yacht and Plane.
I'm only glad to be rid of Fortress,
Cause that map was pretty lame.
And what the hell ever happened to Bartlett University,
That place was my roam heaven,
Now it's gone, oh, what a petty.

But all of the maps above,
Don't even come close to the map I really love,
Yeah that is...

Bank!
It's the best map that's ever made (Bank!),
And our track record there's pretty great (Bank!).
We have a Teller strat that's really mean, (Bank!)
And do a hatch rush like you've never seen.(Bank!)
It's just the best map that's ever made, (Bank!)
Of any game I've ever played. (Bank!)
Come and play us if you want to be owned, (Bank!)
You better douche because you're going to get boned.

Some maps in the Ranked pkaylist are bad and some are fine,
I don't mind playing Outback, Kafe, Border and Coastline.
I'm kind of done with Oregon though, we played it way too much,
Cause the map-ban-system in Season 4 contained a lot of bugs.
Villa, Themepark, Clubhouse and that dreadful Skyscraper,
Don't come anywhere near my precious, they just don't compare.

Yes all of the maps above,
Don't even come close to the map I really love,
Yeah that is Bank

(Bank!)
The best map in Siege is Bank. (Bank!)
And our track record there's pretty dank (Dank!),
Playing Bank is also good for my rank (Rank!),
Cause I know all the moves and every flank (Flank!).
It's just the best game that's ever made (Bank!),
Of any game I've ever played (Bank!),
Come and play us if you want to be owned, (Bank!)
You better douche because you're going to get boned.
(Bank!) x8
