Ellen DeGeneres, an intelligent comedian and talk show host is loved by all. She loves to dance with her audience and makes people smile. Why shouldn't you? The eponymous program has been running for 16 seasons. It's nearly 16 hours of TV. What it says of the show is that it has really endured through the test of time, and the host must be doing her best. In the end, Ellen has won numerous awards and has often affirmed her position on the map of Hollywood as a comedy heavyweight.

## Early life

Ellen was not always so lucky in her career. Our comedian dropped out of college and performed at various gigs to try and edge a niche for herself in the comedy scene. When she finally made an opportunity to shine, she nearly lost it all by coming out in public. She was strong and fought the storm. Ellen is now a household name across America, and you can bet her fame isn't limited to the United States. Born in the year 1958. Ellen was a very happy child in Metairie Louisiana. She could afford UNO tuition, however she dropped out of school after just one semester. Naturally, she had to make a living and so she was able to take every odd job she could get her hands on - sales, painting houses and waiting tables, etc. Come the 80s and Ellen made up her mind to pursue the field of comedy. We know that the lady definitely has a funny bone in her she did stand up in comedy clubs across the country and by 1984 , she was already on tour around the country as toppings on the cake. She was also named the Showtime's funniest American. She made her television debut at age 27 on Johnny Carson's NBC program. It was at this point that she became serious about TV. After that she began auditioning for parts and TV shows. She landed small roles in sitcoms such as Laurie Hill or Open House. But, Ellen's career didn't really take off until 1994 when she played Ellen Morgan in Ellen the ABC sitcom. Degeneres began to attract the interest of major award organizations in the year following her announcement was named Patricia Richardson's co-host for the Emmys.

## Ellen DeGeneres opted to come out

Despite her rising fame. Ellen DeGeneres kept her private lives secret, despite growing fame. It was clear when she appeared on Time's April 14 1997 cover with the headline that confirmed whisper rumors. It's true, I'm gay. These three words set off an uproar of media attention on the 25th of April. Diane Sawyer, abc news' 2020 correspondent interviewed Degeneres to clarify the motivations behind her openness about her sexuality. Despite the potential negative impact it could have on her career. I knew this was not something I would be ashamed of for the rest of my lives. ellen declared. Two days later she appeared on the Oprah Winfrey Show. When asked if she was nervous or something else, she admitted she was - with her nervous demeanor - answering for her. She openly admitted that people think she's crazy. Degeneres also confessed that she hadn't expected the coverage in the media of her admission to be as huge as it was. Winfrey stated that, while I knew that it was significant, I did not realize how significant it would become. In the lead-up to Ellen's 1997

episode ratings were declining. The show was being rated at a low 5%. ABC pulled the plug on the show the following year. Though ratings were the main reason however, the Los Angeles Times reported that the Southern Baptist Convention called for boycotts by Disney (which was the owner of ABC). Many advertisers have also stopped supporting the controversial sexuality of the show.

She continued to walk.

The Ellen Show, a 2001 CBS sitcom that was hosted by Ellen DeGeneres, was cancelled just a few weeks after its debut. This prevented any TV return. The show received rave reviews due to the fact that it was the host of the 2001 Emmy Awards, that took place at the midst of a very turbulent time. DeGeneres would have to return to full force several weeks after the terrorist attacks of 9/11 on the World Trade Center and Pentagon. However, it was successful. Pixar released Finding Nemo in May 2003. The cute story of the voice of a clownfish who is grumpy by comedian Albert Brooks who searches for his son missing along with a scatterbrain pal named Dory - winningly played by Degeneres - became a box office sensation earning 940 million dollars in the world. The popularity of NEMO was a blessing to Degeneres, who admitted to People in the same year that I had gone through a time where I was unsure if it was true or not where my impression was that everybody hates me and it felt horrible. Degeneres acknowledged that the acceptance was not something she thought was something that was a given.

She has seen the right show for her

In September 2003, Ellen DeGeneres launched a syndicated daytime talk show entering the highly competitive market which has more failed as well as successes. It's like beginning a relationship. DeGeneres spoke to viewers during the monologue of the premiere episode of The Ellen DeGeneres. I've committed myself to this collaboration. I'll be here every day, and I would like to see you be with me every day. You can call me if you're not here. The Ellen DeGeneres show became an enormous success due to the fact that her sexuality was no longer a topic. The show quickly became the most watched one daytime talk show. The show's reported Gold Derby won its 10th Daytime Emmy, breaking the tie with The Oprah Winfrey Show. It is now the holder of the most-awarded talk show on daytime in Emmy history. It was truly a comical turn of fate.

#### Ellen and Portia

Ellen DeGeneres was introduced to Portia De Rossi in 2001. The two were reunited when they received VH1 Big-in-04 awards in December of 2004. They became lovers and never again apart. They got married in just a few months. It was the first moment in my life where I knew I was going to be with the same person for the rest of my life. People in November 2005. DeGeneres was married to de Rossi in a quick ceremony that was approved by the Supreme Court of California.

She began to stand again

Ellen DeGeneres had been so focussed on her daytime talk show, and other projects that she had put stand-up comedy on the wayside. Degeneres announced in 2018 that she was going to go on an unplanned city tour that would begin from the place she did her first stand-up show since 1995. These shows are the backbone of Ellen DeGeneres' Netflix comedy special *Ellen DeGeneres Related*. It was released towards the end of that same year.

Then she did it! The *Ellen DeGeneres* show, which won many awards since its beginning, was presented by her. She was also married and dated Portia De Rossi, who hosted the Emmys.
