Do you have the backup codes for the account included too?

8:28 AM

For the first time I hear about this, I have a login and secret answer. I give it to the one who pushes it.

8:29 AM

With backup codes you can recover the account at any time. Will I have access to the entire EA account? You can get the codes from there

8:31 AM

I'm not very good at this, do you want me to have no codes? How can I remove them?

8:33 AM

No, I want to make sure I can have the EA account as well. If I buy your account can I log into the EA account too?

Today

You said it was your account but then you told me that it was from a distributor and then you said it is your cousin's account
Then you send another cracked account with BF1 Standard but I paid you for BF1 Ultimate
I will release the PayPal money when you give me another account that is not cracked with BF1 Ultimate.

7:14 AM

After checking by the moderators, the money is returned to me since the protection of the return of funds does not extend to the digital tag.

But since I do not want to leave you in a bad position, I give you an account.

Show them proof that it was your account
Can you do that?

It is so difficult that paypal with the sale of digital accounts, does not provide a refund.

You said it was your account. Right?

Someone recovered the account. I can not log into the account or reset the password. So if it was your account, that means you took the account back. Right?

??

That means you scammed me or you sold a stolen account. Either way, you did NOT give me what I paid for. Why is that so hard for you to understand?

I did not ask for the other accounts. You sent those by yourself. I will not use them
