FAQ

Some of you might ask "What is Minecraft Dungeons?" I might ask if you've been living under a brick or something, but I'd rather explain to you: Minecraft Dungeons is our new action-adventure, dungeon crawler-style game in which up to four players battle together to defeat the evil Arch-Illager and his hordes of new-and-nasty mobs - one action-packed level at time. In addition to doing it in the company of your friends, but you also have a variety of weapons, artifacts, and enchantments at your disposal. And if you want to use them, then

If you have any questions we have the answers in our FAQ. them all!

What is Minecraft Dungeons an actual Minecraft game? Minecraft Dungeons is an all-new standalone game set in the Minecraft universe, and has the majority of its blocky charm and challenges. Although you may not be able to place blocks or build a house out of cobblestone however, you're still an adventurer in the Overworld.

Are there any character classes in Minecraft Dungeons? Minecraft Dungeons does not offer classes. In true Minecraft spirit, it's up for the player to develop their own style and personality with the equipment they have. You are what you wear!

Minecraft Dungeons be available with Xbox Game Pass? The Standard Edition of Minecraft Dungeons will be included with your Xbox Game Pass membership, with Xbox Game Pass Ultimate members getting access to both consoles and Windows PC. BENGAWAN Xbox

Game Pass members can also save up to 10% on related Minecraft Dungeons DLC and add-ons!

Does Minecraft Dungeons have multiplayer? If yes how does it work? Just grab your controller and get started! Minecraft Dungeons supports up to four players in both local **couch co-op** and **online co-op** modes. However, we don't provide you with an actual couch!

Will Minecraft Dungeons support multiplayer across platforms? At launch, you'll be able to play online multiplayer with your friends on the same platform. We're currently working to bring cross-platform multiplayer across Xbox One, Windows 10, Nintendo Switch and PlayStation 4 in the near future through an update for free following the game's launch.

Does online multiplayer allow for matchmaking? Minecraft Dungeons is designed to be played together with your friends - either in the comfort of a couch or during an online game that is relaxing.

Are the missions differing from one game to the next? Yes. Every mission in Minecraft Dungeons consists of procedural content and carefully crafted elements that tie into the mission's objectives and narrative. That is, while parts of the mission are the same, the paths that you take, the mobs you encounter and the treasure you find will change every time you play it.

Is there DLC? Yes! With **Minecraft Dungeons - Hero Edition** you'll gain access to **two DLC packs that are coming for free**. We'll soon provide more details.

Why is it that I can't pre-order Minecraft Dungeons across all platforms? Minecraft Dungeons will be available on all platforms at launch, but it's not available for pre-order on every platform. In the meantime keep an eye on the official Minecraft Dungeons channels for the latest updates.
