

"It was a pleasure and a privilege to co-host the The Great Gatsby Goes to Gujarat event at Trident, Bandra Kuria, Mumbai. G2 and the United States Consulate both been long-standing partners for our hotel and event further cemented our relationship on a common platform. Amitabh Bachchan's graceful presence and fascinating insights shared over a leisurely chat with Abhinav Aggarwal, CEO & Editor, G2 were the highlight of the evening. The interview session was followed by dinner, giving us an opportunity to showcase our resident Maharaja's vegetarian cuisine. In fact, though Mr. Bachchan could not stay for dinner due to a prior engagement, he specifically asked for the food to be packed and sent along with him so he and his family could enjoy it later!"
