Newly qualified and looking for a job?

**TAKE PART!**

**TECHNICIAN TRAINING EXPERIENCE**

What could be a better boost for your career than a two-year contract in the largest scientific experiment in the world – an Organization at the cutting edge of technology and one which needs your technical expertise?

Imagine having your first work experience at CERN!

We welcome applications from talented technicians who will have the opportunity to work in a diversity of fields: electronics, electricity, mechanics, IT, vacuum, cooling and ventilation, safety, radioprotection, survey engineering, are but a few examples of the many domains in which successful applicants will learn and contribute their knowledge.

Apply online: [cern.ch/TTE](https://cern.ch/TTE)

### WHAT WE OFFER:

- An initial employment contract of one year, renewable up to three years.
- On-the-job and formal training.
- In-house language courses for English and/or French.
- A take-home pay of around 3500 Swiss francs per month.
- 6 weeks' holiday per year.
- Membership of the CERN Health Insurance Scheme and Pension Fund.

### ELIGIBILITY CONDITIONS:

- You are a national of a CERN Member or Associate Member State ([home.cern/about/member-states](http://home.cern/about/member-states)).
- You have a technical diploma in the field of mechanics, electro-mechanics, computing, electricity or electronics.
- If you are currently preparing a diploma you are eligible to apply. Note that you are expected to have obtained your qualification by the time you take up your appointment at CERN.
- Applicants with a higher level diploma are not eligible.
- You should have at least a basic knowledge of English or French.

**All our positions are based at CERN, in Geneva, Switzerland where the quality of life is beyond compare.**
