Answer: A low frequency you cannot hear, directional speaker or ear devices.

Portable System Setup Method: General Overview – Methods can be used in streets, buildings & cars

- Phantom Power = System can power itself.
- Separate Power Source = A battery is in use. Equals to one item extra.

Method One Combination: 5/4 Items to carry - Separate Source of power is optional.

Microphone/Parabolic Dish Microphone > Portable Pre-Amp/Field Recorder with inbuilt Pre-amp/Device with Pre-amp Program (App) > Field Recorder > Power Source/Phantom Power > Speaker/s = Full System Setup.

Purpose: System used in buildings, on foot & car - Broadcast thoughts, ears dropping & V2K messaging.

Method Two Combination: 4/3 Items to carry - Separate Source of power is optional.

Microphone/Parabolic Dish Microphone > Device with Pre-amp Program (App)/Field Recorder with inbuilt Pre-Amp > Power Source/Phantom Power > Speaker/s = Missing Part: Separate Pre-Amp – One less device to carry.

Purpose: System used in building, on foot & car - Broadcast thoughts, ears dropping & V2K messaging.

Method Three Combination: 4/3 Items to carry - Separate Source of power is optional.

Microphone/Parabolic Dish Microphone > Field Recorder with inbuilt Pre-Amp/Device with Pre-amp Program > Power Source/Phantom Power > Headphones/Speaker/s = Missing Part: Separate Pre-Amp – One less device to carry

Purpose: System used in buildings & on feet – Phantom Power in use. - Broadcast thoughts, ears dropping & V2K messaging.

Method Four Combination: 3 items to carry – Phantom Power in use.

Microphone > Field Recorder with inbuilt Pre-Amp/Device with Pre-amp Program (App) > Headphones or Speaker/s

Purpose: System used in buildings & on foot – Broadcast thoughts, ears dropping & V2K messaging.

Method Five Combination: 2/3 items to carry – Phantom Power in use.

Microphone> Power Source/Phantom Power > Headphones/Speaker or Human voice

Purpose: System used in buildings & on foot - Broadcast thoughts, ears dropping & V2K messaging. They can hear the broadcast and sometimes use their own voice as a response.

Method Six Combination: ½ items in use - Separate Source of power is optional.

Microphone/Mobile/Device > Power Source > Car Speakers/Speaker

Microphone > Power Source > Secondary Separate Speaker (used in combination to hear handler's voice & V2K messages at the same time).

Purpose: System used in car to broadcast handler's voice from their own home location. Loop V2K messages or broadcast the stalker's voice instead. Useful when car is parked or in close range usually, unless separate speaker is used instead for long range. Method used in buildings as well.

Method Seven Combination: 2 items to carry.

Device/Mobile > Wireless Speaker/s

Purpose: To broadcast V2K messages around you. Method used in buildings or on foot.

Method Eight Combination: No items to carry

Human Voice.

Purpose: They use their previous knowledge about you to perform street theatre with your personal information/phrases you use. Usually done in comments or conversations with each other. This is to mimic V2K, when they don't have enough equipment to go around.

Method Nine Combination:

Use random strangers

Purpose: To appear that you are getting gang-stalked by many more people than what actually appears.
