Dr. Virus (An evil scientist and a robber)

Ninja 420 (A robber with the skills of a ninja and Dr. Virus' friend)

Tro the bro. (A robber and Virus' friend.)

Fred (The person who made the contest)

Story

Once there was a scientist. His name was “Dr. Virus”. He lived in the U.S.A., New York. No one knows his house address because he lives in a small house in a super-high security cave.

But there was one bad thing. He was Robber! He has done thousands of robberies and ninety-nine big Heist! The Police have never found and never caught him. The tanks and fighter jets are also nothing in front of him because he always has some massive sticky grenades made those things which the world’s scientists have not made yet like the 4-Dimension pocket in which he can put anything he wants but he’s still working on that, Plasma Rifle, Sticky plasma grenades, a car with the top speed of 3640 km/h and a time machine but it’s not completely made yet.

One morning he read in a newspaper that “The world’s most rich person “Fred” has made a competition in Montana. The person who will do the most helping things like picking trash etc. next week will get a diamond in the prize. The diamond is given by the government, it does not belong to Fred. The diamond will be in the museum of Helena city for that week. The prize will be given in the museum of Helena as a function at 8:00 pm.”

Then, he thought to steal it but there will be too much security so he thought to take help from a person he know. He calls someone. A person said on the telephone, “Hello. This is Ninja 420 speaking.” Virus said, “Hey! Ninja 420, I want to talk.” Ninja 420 said “Yes. What do you want?” Virus said, “Have you got the news of the diamond yet?” He said, “Yes and I am ready for the trip to Montana.” Virus said, “Perfect but there is too much security so we need one more person.” “Yes

of course!” Virus said, “But who?” Then they both thought about the same person they knew. Virus said, “Are you thinking that I am thinking?” Ninja said, “Oh yes.” Then Dr. Virus called another person. A person said on the telephone,

“Hello?” Virus said, “Hey! Tro the bro! Have heard about the diamond yet?” Tro said, “Oh yes let’s go on a trip!”

Then they both were going in Virus’ car. Ninja 420, Tro and Dr. Virus are best friends. Tro said “Cool car. Which car it is? Virus said, “Introducing Virus-Car. I made this car by myself. It goes faster than the lock heed sr-71 blackbird’s top speed which is 3540 km/h. This car has a top speed of 3640 km/h. 100 km/h faster than it. It can also move underwater with the speed of 500 km/h.” Tro said, “COOL!!! Can we go at top speed?” He said, “No then our destination will be left behind.”

Then after a while, they reached Montana's capital city, Helena. Virus parked his car in the parking area of the museum. Ninja 420 also came there on his bike.

Then they all went inside the car and planned to steal the diamond. Dr. Virus said, "Now listen carefully. Tro, you will do something wrong to make the guards attracted to you more, less on the diamond. Then I will make unconscious the guards and put them in the bathroom so no one will mind where the guards are. Then I will put a fake snake near the diamond so all people will be scared and move away from there. Then, Ninja 420 will steal the diamond. Then finally, we will be going home with happiness."

"So how's the plan?" Tro said, "Superb!" Ninja 420 said, "Wait! The weight of the diamond is 1,200

grams and we need to put something with the same value, if the weight will be heavier or lighter, then the alarm will ring and we will be caught.”

Virus said, “How about 5 iPhone 13 pro max? Each weight is 240 grams. 240 multiplied by 5 is equal to 1,200 grams.” Tro said, “Brilliant! Great idea Virus.”

Then they all went inside the museum. The museum was so big and expensive. Ninja 420 said quietly, “I want to steal the property papers of this building.” Tro said, “Quiet.” Then everyone went to work on the plan. Tro broke a window which was on a table. The guards went towards him and left the diamond there. The guards were asking questions of him and Virus made them unconscious with his sting with the medicine of sleeping. Then Tro took them to the bathroom. Meanwhile, Virus put a fake snake and everyone went away from there. Then Ninja 420 moved towards the diamond.

Then he quickly exchanges the diamond with 5 iPhone 13 pro max. Then he said, "Yes!" But the iPhones were a little lighter than the diamond. The alarm rang. Everyone got alerted.

Then they all ran out of the museum and left the diamond inside. They were about to sit in the car but the police came and put them all in the police car. Then the policeman asked, "Where you have put the diamond?" Ninja 420 said, "I put that diamond on a table. Then another policeman said, "I am going to check where the diamond is." After a moment he said, "The diamond is at its place but I found guards unconscious in the bathroom." Virus said, "Oh no." Then the police took them to jail.

At midnight, they all were in jail. Dr. Virus said, "What do we do now?" Ninja 420 said, "Hmm... Oh! I know, I have a tiny flame thrower. We can get out of here by melting the steel rods of the jail." Tro said, "Good idea." Then Ninja 420 started to melt the bars. It took an extremely long time to make space to exit. It was the time of dawn and finally, Ninja 420 made a way to exit. Ninja 420 said in low volume, "Hey you two. Don't want to go home?" Tro and Dr. Virus wake up. Tro said to Ninja 420, "You were busy in melting the bars for the whole night! Are you kidding me?" Ninja 420 said, "And you were sleeping for the whole night without helping me! Are you kidding me?" Tro becomes quiet. Then they all went out of the police station secretly.

Tro said, "Let's go to the museum to pick up Virus' car." "We don't need to go towards the car. The car will come to us." Virus pressed a button on his car key." After a moment, his car came and stopped near them. Tro said, "Auto driving system. I want to have a car like this." "I will build one for you." Said Virus. Tro said, "Thanks!!" Then Virus said, "But you're going to pay." Tro said in sorrow, "Oh man." Then they went away in their car. Dr Virus was driving the car.

Tro said, "Now where do we need to go?" Virus replied, "Today at 8:00 pm, the function will be started. First, we all will try to steal the diamond. Then we'll go back home. Now listen, when Fred gives awards, Tro will hack the security systems and machines. Ninja 420, you will secretly use your skills to get inside the diamond room. When Tro will make machines hacked, then you will pick the diamond. The diamond will be in a box and when

you will pick the diamond then you need to put a thing with the same weight as the diamond.” Ninja asked, “Which thing I should put in place of the diamond?” Virus replied, “Five iph...” “DON’T SAY THAT!!” Tro interrupts, “You have already got us caught by your idea. What about this ball of metal? It’s as heavy as the diamond.” All agreed.

Now it was 8:00 am. Fred was giving awards to people. Meanwhile, Tro was hacking the security systems. When systems were hacked, Tro gave Ninja 420 a signal by waving his hand. Then Ninja 420 started his work. He went towards the diamond room which was behind the stage. Ninja 420 found two guards at front of the door. He smashed their heads with the wall and made them unconscious. Then he opened the door. There was a big curtain behind the door and was locked so no one can enter. Ninja 420 thought in his mind, “Fool guards, why they have locked it? I can go from the bottom of the curtain by pulling it up. Nonsense!” Then he went inside from the bottom of the curtain.

Now, he was in the diamond room. The security system was hacked by Tro so the alarm can't be ranged. Then he moved toward the box containing the diamond. Now he was going to steal the box but suddenly, a big problem happened. The front gate opened which was at the side of the stage. "So the winner is Bill!" Fred announced, "Come on boy. The diamond is yours now. Wait I'm going to pick the diamond." Fred enters the diamond room to pick the diamond. Ninja 420 was hidden under a table. When Fred opened the box, he shouted, "OH NO! Someone has stolen the diamond!" Fred accidentally threw the table down in which Ninja 420 was hidden. Fred shouted again, "A ROBBER!! He must have stolen the diamond!" The police also came there. Tro and Dr. Virus also came there. The policeman said, "They are the people who ran from the jail." Ninja 420 said, "I am honestly saying, I have not stolen the diamond yet. I don't know where it is?" The policeman ignored him and said to go towards his police car. While they were going towards his car, Dr. Virus secretly put his hand in Fred's pocket to steal anything present there but instead of money or his phone, there was the diamond which Fred has to give to the winner! Dr.

Virus shouted, “HEY POLICE BOY! Look here! Fred was having the diamond!” All people got surprised by watching it.

The Policeman said, “This means Fred was trying to get a diamond for free and blamed these people! Fred, you are now going to jail, this diamond doesn’t belong to you. The government gave it to you for competition. Now move!”

Then the policeman took Fred to jail. Dr. Virus said, “We’re saved!!” Tro replied, “Oh yes!” Ninja 420 said, “Perhaps, we didn’t get the diamond. But we do have a lot of fun. Let’s go home!” Then they all went to their home. Fred was a bad man but the real bad man who tried to steal the diamond but they couldn’t. Everyone was happy.

They all were going home in Virus’ car. Virus saw in the newspaper, “A diamond ring has been put in a museum.” Virus said, “Ready for another big heist?” Tro and Ninja replied,

“YEAH!!!”

The Big Heist

The A Story Books

Summary

“Dr. Virus heard that there is a competition and its prize is a diamond. Virus wanted to steal it because he’s a robber. But there is too high security so he called two other people for help.”
