- For the purposes of the QPC only, The Player will be awarded points per the relevant mapping table in the pages to follow
- Points earned during QPC will not contribute to the regular WPT League player points and will *not* be indicated on the WPT League website
- The Player is wholly responsible, upon their departure of the tournament, for ensuring their placing is recorded by a TD for POTS purposes
- If The Player does not confirm their placing has been validated and noted by a TD prior to leaving, the associated points may be forfeited
- “Entries” is defined as total entries to an Event including rebuys, with the exception of Event #1 Accumulator, described below:
- For #1 Accumulator, “Entries” for POTS purposes will be defined as the number of unique entries to the Event multiplied by 1.75
  - o This exception is due to the accumulation of stacks of each flight providing incentive to play as many flights as possible. If the number of total entries including rebuys were to be used, it would be grossly overrepresented in terms of POTS points (up to 8x unique entries), especially relative to event #9 Main Event.
- Per the tables, the heading indicating Entries are representative of the upper boundary e.g. if there are 72 Entries, points will be allocated from the column ‘80’
- Rebuy/re-entry will not constitute additional participation points
- For #1 Accumulator and #9 Main Event, The Player will be awarded with 15 points for each flight played
  - The table below becomes relevant on Day 2 for ITM (‘in the money’) players only
- For #12 Teams, The Player will be awarded with half (50%) of the points shown in the given table
  - This is indicative of the team consisting of two Players earning the relevant placing as one
    - A minimum of 10 points per Player will apply for #12 Teams
- An Event with  $\geq 500$  Entries (i.e. not indicated in the tables below) will receive the points from the column ‘500’
- A Player result of  $\geq 151^{\text{st}}$  (i.e. not indicated in the tables below) will be awarded with the same points as  $150^{\text{th}}$
- WPT League Illawarra retains the right to alter the POTS points structure up to 1 hour prior to the start of a given Event
- WPT League Illawarra retains the right, with guidance from an impartial 3<sup>rd</sup> party, to alter the POTS structure at any time
  - WPT League Illawarra may take up to four (4) weeks following the completion of the QPC to payout any prizes
    - Any non-cash prizes are not redeemable for cash
