

Platelet-Rich Plasma Facial Rejuvenation At Luxe MD Aesthetics

Dr. Bikas Sharma at Luxe MD Aesthetics provides a wide range of treatments including [platelet rich plasma facial rejuvenation](#). He is a renowned specialized aesthetic physician providing quality treatments in Las Vegas, NV. The platelet rich plasma (PRP) facial rejuvenation treatment is perfect for people who are looking for a natural beauty treatment. PRP facial rejuvenation reduces face wrinkles, improves skin appearance, and also improves skin tone. This is the most effective, safe, non-surgical treatment with natural-looking results. The treatment involves injecting the platelet rich plasma of the patient into her own skin. With this, the blood cells activate and stimulate collagen which allows the rejuvenation of the facial skin.

At, Luxe MD Aesthetics we also offer the best [laser hair removal Vegas](#), NV. The laser hair removal treatment is a no pain treatment that helps the patients to get rid of unwanted hair on the body. We use an FDA approved laser that targets the melanin of hair follicles. The laser light converted into the heat damages the follicles and hence gives a long-lasting result.

If you are looking for treatment with [botox Las Vegas](#), Dr. Bikas Sharma is the best physician you can consult. He provides quality neuromodulators and fillers treatment using botox, Xeomin, and Dysport. During the treatment, the doctor will insert a needle into the skin to the underlying muscles. When a small amount of botulinum toxin is released, the neuroreceptors of the muscles are disrupted. You might experience slight pain with the cosmetic injection but if you desire anesthesia you can discuss it with the doctor.
