# About Aprepitant Capsules

Emend is the trade name for generic drug Aprepitant. It blocks the actions of chemicals in the body that trigger nausea and vomiting. Emend Aprepitant is used in adults and children to prevent nausea and vomiting caused by Cancer chemotherapy. Aprepitant is also used (only in adults) to prevent nausea and vomiting that may be caused by surgery.

# MSD Emend Aprepitant Capsules

# Some Precautions To Be Taken While Consuming Aprepitant Capsules

- Inform your doctor and pharmacist if you are allergic to aprepitant or any other medications.
- If you buy any medicines, check with a pharmacist that they are suitable to take with your other medicines. This is because many other medicines can interfere with emend capsules and therefore may not be recommended for you.
- Tell your doctor if you have or have ever had liver disease.
- Speak your doctor if you are pregnant or breast-feeding. Do not breastfeed or pregnant while you are taking this drug.
