

Justin, Andrew, Jagmeet, and Elizabeth,

We are CEOs of Canada's fastest growing, technology-intensive companies.

We're writing because Canada's productivity is lagging and our future economic prosperity is at risk. We want to work with all parties in this election to address this challenge.

Last year, our companies employed more than 35,000 Canadians in high-quality jobs. We exported to over 190 countries and generated over \$6B for the Canadian economy.

We want to continue to contribute and grow our businesses.

From Canada. To the benefit of all Canadians.

You can help by developing economic policies that advance innovative Canadian companies including increasing their access to skilled talent, growth capital and new customers.

Signed,
