

Empowering Educators  
Engaging Parents

# A SMART SOLUTION FOR EDUCATORS

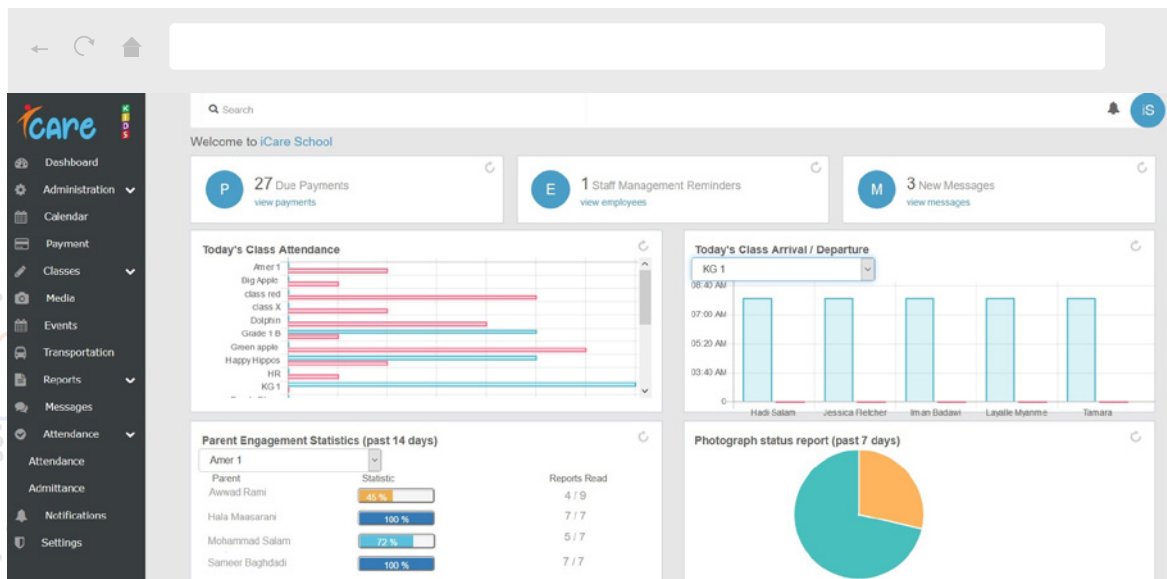

Through the iCare App Management Dashboard, educators update and manage the iCare suite of apps with ease.

At the touch of a button, you can easily send push notifications, invite parents to your next event, set staff permission levels, track your bus fleet, see if a driver is speeding and much more.

TRUSTED BY OVER

# 170

Schools & Nurseries

Available in English, Arabic and French

# FREE MOBILE APPS

## BUS DRIVER APP

Log students on/off the bus via the app or using NFC card technology.

Notify parents when the bus is nearby and save time at pickups.

## PARENT APP

Free to download by parents and easy to use, the iCare Kids app provides parents with real-time information, updates and reminders relevant to their child or children.

## TEACHER APP

Free to download and compatible with tablets and smartphones.

Track attendance, complete daily reports, take pictures and send reminders to parents via push notifications.

# CUSTOMISABLE DASHBOARD FOR MANAGEMENT

## SHARE INFORMATION

- Select access levels for teachers and share only relevant information.
- Approve photographs and daily reports submitted by staff.

## MANAGE YOUR BUS FLEET

- Manage your bus fleet with real-time information such as current bus location, speed, pickup/drop-off points and start/finish times.
- Receive alerts when drivers speed or buses are stationary for more than 5 minutes.

## GENERATE REPORTS

- Track student attendance by individual or group for any given time period.
- View which parents are reading daily reports sent by teachers.

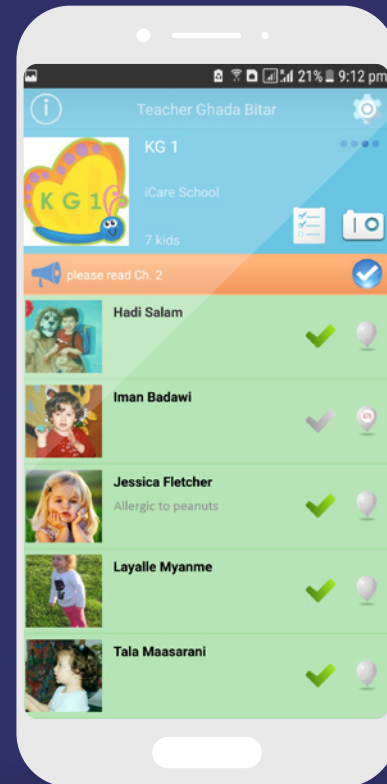

## REDUCE ADMIN WORK

- Share upcoming events with parents and track responses.
- Share newsletters and pdf documents with parents.
- Track new student prospects and manage waiting lists.
- Send payment reminders for tuition fees or special events.
- Generate progress and grade reports.
- Effectively manage and view reminders for upcoming staff admin tasks such as visa renewals.

# TEACHERS APP

## REDUCE ADMIN FOR TEACHERS

- Take attendance effortlessly and sync to the Dashboard.
- Send short broadcast messages to parents of a specific class or group effortlessly.
- Have the latest student information such as allergies or injuries at your fingertips.
- Track learning outcomes with quick and easy-to-update reports.
- Share special moments and achievements with the year group, class or specific parents.
- Never miss a child's birthday.
- Submit homework and grades.
- Use the same app to manage multiple classes.

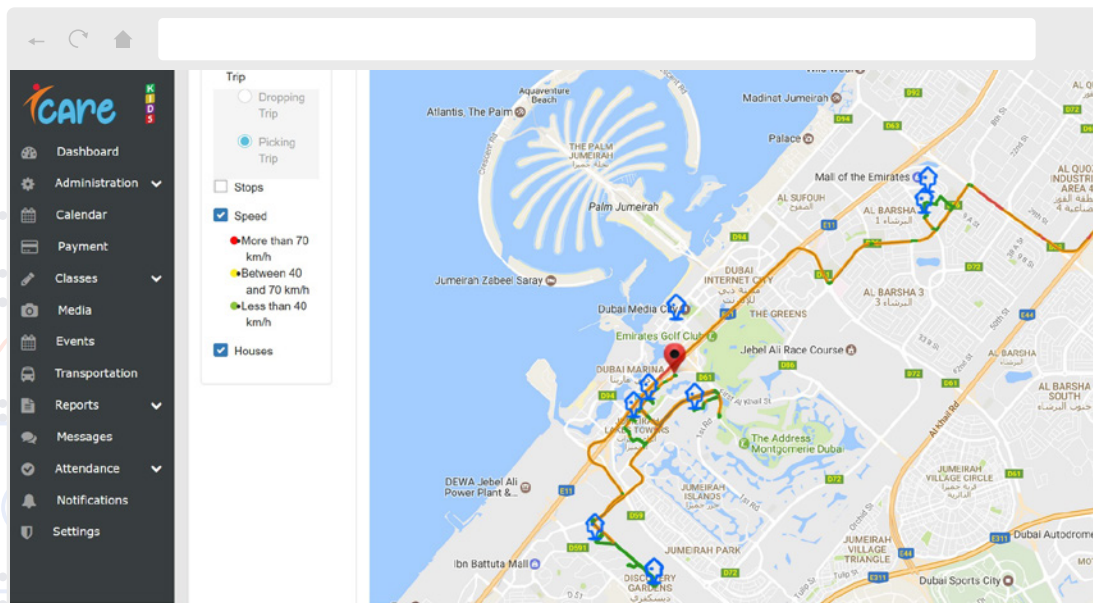

# BUS FLEET MANAGEMENT

## MANAGE YOUR BUS FLEET WITH EASE

- Manage your bus fleet with real-time information.
- View maps of routes including pickup/drop-off points and start/finish times.
- Receive alerts when drivers speed or buses are stationary for more than 5 minutes.

## GENERATE REPORTS TO OPTIMISE ROUTES AND SAVE FUEL

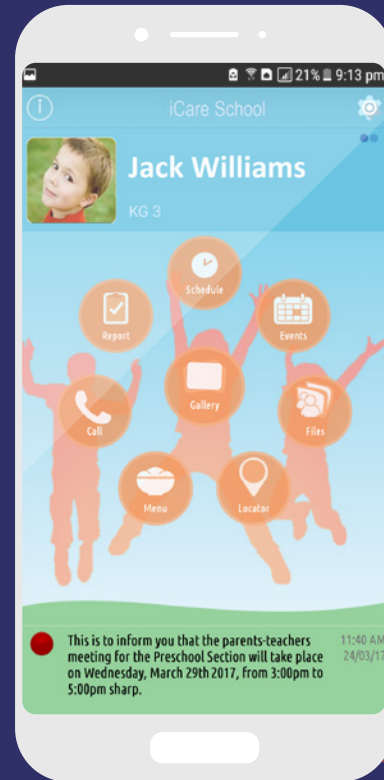

- Track when and where students get on and off the bus.
- Generate reports to identify students causing delays at pickup locations.
- Improve student safety through automated in-app alerts.

# PARENTS APP

## SUPPORT AND ENGAGE PARENTS

- Daily schedule and progress reports.
- Receive photos of your child.
- Confirm or decline upcoming events.
- Easy to access files and documents.
- Real-time bus tracking and alerts.
- User friendly.
- Receive relevant information for your child.
- Reminders sent direct to your mobile and saved in one location.

# KEY FEATURES AND BENEFITS

## SAVE TIME AND MONEY

Through effective communication and real-time updates you will save your staff time and save money printing newsletters and reports.

## EASY TO USE DASHBOARD

Our apps are easy to update from your Dashboard, but help is always available if you need support. You can make as many updates and changes to your app as you want at no extra fee.

## MAKE YOUR ORGANISATION GREENER

By uploading documents to your app, you reduce your carbon footprint and set a good example to students.

## IMPROVE SAFETY

Through the Bus App we help to keep children safe. You can track which children are on the bus and monitor their journey. Alerts warn you if a driver is speeding so you can take action.

# KEY FEATURES AND BENEFITS

## SUPPORT TEACHERS

With less work needed to complete their tasks, teachers are able to focus more on what matters most: our children.

## GAIN VALUABLE INSIGHTS

Thanks to the data you capture and our helpful reports, you gain valuable insights to improve parent engagement and the day-to-day running of your organisation.

## A SMART SOLUTION WITHOUT ANNUAL MAINTENANCE FEES

We work tirelessly to make improvements that will make your life easier. You will continue to benefit from new Dashboard and App features even after you have signed up. Plus you don't need to worry about when the latest software update will be released. We have it covered.

## ICARE PROVIDES SMART ALTERNATIVES TO

### TEXT MESSAGES

Communicate using direct messages without the cost of text messages.

### WHATSAPP

Send reminders through push notifications and share documents in the file folder.

### PAPER DOCUMENTS

Provide parents with easy and convenient access to documents. No more lost newsletters or reports hidden in the bottom of a bag.

### WEB PORTALS

Parents no longer need to login to websites. Information is pushed conveniently to their mobiles.
