

Congressional Survey of Accountability, Truth, and Freedom From Service Members Facing the DoD's Vaccine Mandate

Enclosure 3: Previous Medical Exemptions Approved

*If you would like to receive the unredacted version of this survey, contact any of the service members who took the survey (besides those who wish to remain anonymous), or have a copy of the raw data, please send your request to Congressional.Survey.ATAF@protonmail.com, the Congressional Survey for Accountability, Truth, and Freedom (ATAF) from your official .house or .senate email.

Service members to list any previous medical exemptions that they have had approved prior to COVID where it has shown to be next to impossible to get an exemption approved from the DoD. Here are their responses:

Anthrax for severe allergic reaction, flu allergic reaction, MMR for immunity
Have a RAR for the flu shot prior to COVID-19 vaccine mandate
Hepatitis B vaccine
Varicella
Chickenpox
Smallpox due to young children in the household
Civilian doctor approved med exemption for heath denied by the Air Force
Varicella, due to its relationship with aborted fetal cells an my demonstrated natural immunity.
Anything that contains latex
Anthrax and Typhoid during breastfeeding
Anthrax vaccine allergy (In my medical records it is listed as an allergy and a medication I cannot take, there is no "exemption")
Allergies
Natural immunity
Childhood Eczema; small pox exemption
MMR, Hep A, Hep B, Td, Varicella
Flu shots, eggs
Smallpox vaccine
Flu vaccine
Anthrax during pregnancy
Complicated answer. I had a severe reaction to anthrax after the 5th shot. I was exempt from the shot until the COVID 19 mandate. The allergy is listed in my records.
Allergy for penicillin
Anthrax
Smallpox

Smallpox vaccine
Flu shot exemption
Small pox (heart condition) and chicken pox (natural immunity)
Flu, Tetanus (no DOD immunization after September 2012 due to injury)
Anthrax vaccine: it made me temporarily blind for 3 days the first time. Then blind for 3.5 days the second time.
serologic immunity (natural immunity)
Flu shot
Flu vaccine, no vaccines taken since 2018.
Varicella (Natural Immunity)
Anthrax
Annual Flu shot
Smallpox, Varicella
Influenza vaccine
Flu Shot
Anthrax vaccine, allergic
Small pox for an infant in our household
Influenza
Smallpox—permanent exemption
Small pox due to acne as a child.
Chicken Pox and Hep B natural immunity
Temporarily exempt for smallpox due to skin condition
As a civilian I was exempt from vaccines K-12 due to religious beliefs.
Tetanus- submitted to the military medical clinic lab results I ordered privately that shows I have tetanus antibodies from 10 years ago; subsequently turned "green" (compliant) in the USAF medical database
The annual flu vaccine.
Small Pox vaccine
Smallpox, history of eczema
Varicella (Natural Immunity)
Anthrax
Pre-existing immunity
Small pox
Smallpox (Hx of Eczema)
I have always refused my HIB vaccine, my IMR had said "admin refused" with no issues.
Anthrax
I have medical exemptions for Varicella, Measles, and Hepatitis B. I have had these exemptions from the date I entered service.

Small Pox Vaccine
Chickenpox due to natural immunity. Also have religious exemption that carried over from childhood for HPV vaccine
Anthrax, flu, MMR, smallpox
I have had a smallpox medical exemption for the whole length of my service. I also have other exemptions from antibody/titer test conducted when I enlisted.
I am exempt from Varicella for prior infection
Smallpox (prior to deploying to Afghanistan)
Skin condition negating smallpox vaccine
Influenza Vaccine
Natural Immunity (positive serologic testing)
Small pox vaccine, indefinite exemption, deployed 6 times without it to CENTCOM
Flu vaccine
JVE, TB, Smallpox, VZV
Varicella
Varicella- medical immune
Chicken Pox - Natural Immunity
Influenza- exempt since Oct 2016
Prior Immunity to 2 viruses we receive vaccinations for.
Smallpox
I have been exempt for chicken pox... because I have had it and revived from it before... the same way I have recovered from COVID 19...
Smallpox, skin sensitivities
MMR - medically immune
Not medical, but told medical the MMR vaccine goes against my beliefs and it is listed in my records as "exempt"
Naturally immune - chicken pox
Smallpox
Titers for immunity
Influenza vaccine
