

Fourth Album:

Angus II the son of the Native Angus who put Native Zargo on ice, Native Angus 1st is dead, gathers the gang and seemingly Ralathor and goes on a quest to find the Vorpil Blaster (the third Artifact of Power). Zargo Clone already has it and is ripping up through the Brotherhood of Crail who guards the Native Zargo. Angus teams up with the Robot Prince while Zargo Clone wakes up Native Zargo. With the Knife of Evil and the Vorpil Blaster, the two are unstoppable and merge consciousness. Double Wizard. Angus cannot win, but the Starlords of Eternity arrive since all three of the Artifacts of Power were brought together and punish everyone involved, eradicating Earth but sparing Angus. The Artifacts of Power either collide and blow up everyone (possibly including the Artifacts themselves) or they collide and merge into one super weapon. It's unclear. Angus is then whisked away for a new multiversal quest. Perhaps to save the Main Timeline? Both Zargos are dead? Possible transmission at the end of the Epic, has not been decoded yet, perhaps more clones await.

Native Fife is invaded by Native Zargo, Native Angus quests for the 3 relics (only gets 1/3 of them correct). Native Angus fights Native Zargo with the gang. Puts him on ice.

Dundee gets nuked.

After Nuking

Zargo Clone goes to another timeline (where Angus won and a Zargo is perfectly preserved in ice) with the nuke.

Third Album:

Angus arrives in twisted alternative dimension during the Siege of Dunkeld. Tries to fight back, hammer does not work. Joins rebellion and gains jetpack to charge hammer in the sun. Joins Ralathor on Hootsforce and fights Zargo. Solar convergence happens, but instead of hitting Zargo it hits the intangible God Hootsman, making him the God. Zargo stabs Angus with the Knife of Evil (one of the Artifacts of Power) and dies, Angus kills himself. Alpha transmission sent out.

(Some future)

Zargo uploads his consciousness into/wakes up Zargo Clone. Goes to alternative (?) timeline to grab a nuke.

Fife Founded. Native Zargo dies in basketweaving accident.

Zargo arrives, conquers Dundee

Twisted Dimension Timeline

(Alternative Reality)

1992

Portal opens to twisted alternative dimension. Time dilation is likely, as even though Angus went in right after Zargo, it seems like Zargo has been there for a while. This can be further proved by the fact that Hoots is a known God, as his explosion particles/soul was likely the very first thing to enter the portal and therefore was in the dimension longer than Zargo and could've formed a following for himself. Ralathor perhaps goes in as well, or dude just manifests himself in the dimension by other means. It is confirmed that the Ralathor piloting the Hootsforce is Ralathor.

Second Album:

Chaos wizards bust Zargo out of Triton prison takes over Dundee. Angus 13 gathers the Gang on Mars while Zargo gets key for the 18th hell dimension. Fight ensues, Ralathor rolls up and tells Hoots about Zargo's plan, Hoots blows up Earth. Hoots, Zargo, Angus, and perhaps Ralathor go through the portal made by Zargo.

Via Fly Away:

"[his] destiny in outer space in 1993" ...?
