PARIS CITY

DROIT

Paris,
6–8 July 2023

After the success of its first edition, Paris City of Law is happy to welcome once again 20 rising stars of the legal profession from all over the world for the second edition of its Summer Camp in the heart of a vibrant and multi-cultural city.

The event will convene thoroughly selected top practitioners from the legal field for a 3-day summer camp in Paris. The Summer Camp will be an amazing forum to engage in discussions, analyze current and future legal issues and find concrete solutions to the global challenges faced by in-house counsels and young lawyers in a transnational world.

The Summer Camp is an excellent chance to participate in practical and interactive sessions on various topics organized specifically for the participants, as well as to join open lectures from guest speakers which will focus, this year, on “the Legal Leader of Tomorrow” (i.e., the impact of Artificial Intelligence on the Legal Profession, Behavioral Persuasiveness, Data Protection, the changing Sociology of International Law, etc.).

The Summer camp is also a wonderful opportunity to network and exchange in a less formal setting through fun activities (between the participants but also with Paris legal community) and to enjoy all Paris has to offer.

Who can participate?

Alumni feedback:

«The topics covered were truly thought-provoking and particularly attractive to lawyers coming from different specialties and practices. Thank you also for organising such pleasant activities, in particular the petanque tournament, which we hope will continue every year!»

Mikaël Schinazi, Alumni 2022.

«As a participant, you feel really spoiled. I really had the opportunity to share my positions and experiences freely and authentically and I enjoyed the mix of cultures and opinions.»

«The themes were all very enriching. The activities and locations were perfect for creating bonds between participants and discovering secret or normally inaccessible places.»

Aubane Dauvert, Alumni 2022.

Larissa Cenán, Alumni 2022.

«I found the variety of topics excellent - from climate change to NFTs. It's a cliché, but my favourite part was meeting the other participants and learning from them during the working sessions.»

Gill Ben Ainsley, Alumni 2022.
