Diagnostic
Version 1.4.1
This report was generated on 24/04/2019 at 05:34:02

SUMMARY

FL Studio 20.1.2.887 was installed in **"C:\Program Files (x86)\Image-Line\FL Studio 20\"**
User data location: C:\Users\erl11\Documents\Image-Line\
Search folders: **"C:\Users\erl11\OneDrive\Erlend\FL Studio\Presets\"**
   "C:\Users\erl11\OneDrive\Erlend\FL Studio\Projects and files\"
   "C:\Users\erl11\OneDrive\Erlend\FL Studio\Sound packs\"
You have **10 registered FL Studio plugins or tools**
You are running **Microsoft Windows 10**
2 ASIO devices were found

VST folders found:
   "C:\Program Files (x86)\Image-Line\FL Studio 20\Plugins\VST\"
   The program didn't look for VST plugins
No 3rd party applications that may interfere with FL were found

0 MIDI inputs and **1 MIDI output** were found
The Ogg Vorbis codec is not installed
Quick FontCache Info:

QuickFontCache   1106872 bytes 22/02/2019, 10:27
QuickFontCache_x64 1844152 bytes 22/02/2019, 10:27

DSP Ip Info:

dsp_ippv2   28579768 bytes 22/02/2019, 10:26
dsp_ipp_x64 41378232 bytes 22/02/2019, 10:25

SoftVoice is installed

FL test results

Your Fl Studio installation:
1.   **FL Studio 20.1.2.887**
         Location: "C:\Program Files (x86)\Image-Line\FL Studio 20\"
         Username: "32313237383932347466F746E6253656F666D7346"
         Audio device: FL Studio ASIO
         Audio buffer length: 11ms
         Audio sample rate: 48000Hz
         Interpolation method: 128-point Sinc

No slicer tool was found

Fire controller last attached: never
You have **10 registered FL Studio plugins or tools** (click to open)

System test results

You are running **Microsoft Windows 10**, version **10.0 (64bit)**
         You don't have a servicepack installed
         Windows is installed in **"C:\Windows\"**
         The program files location is **"C:\Program Files (x86)\"**
         The default browser appears to be **""**
Your system has **12 processors**
The cpu is a **AMD Ryzen 5 2600 Six-Core Processor**
Instruction support: FPU CMOV SSE SSE2 SSE3 x64 DAZ
You have **16315MB** physical and 4096MB virtual memory
You have **1 monitor** set to 32bit color for a desktop resolution of 2560x1440 pixels
Screen PPI is : **96ppi**
The video card is **"NVIDIA GeForce GTX 1060 6GB"**
You have administrator privileges

3rd party software

No 3rd party applications that may interfere with FL were found

ASIO test results

2 ASIO devices were found
1.   **FL Studio ASIO**
         It has 2 input channels and 2 output channels
         The following samplerates are supported:
              44100Hz
              48000Hz
              96000Hz
2.   **Realtek ASIO**
         It has 2 input channels and 2 output channels
         The following samplerates are supported:
              44100Hz
              48000Hz
              96000Hz

VST test results

Global VST path:
The program didn't look for VST plugins

ReWire test results

The ReWire dll was not found **No ReWire devices** were found

MIDI test results

0 MIDI inputs and **1 MIDI output** were found
