

GED Online WEEK 1 RLA ANSWER KEY

Answer Key

Ellis Island, an immigration station in New York Harbor, opened for the first time on January 1, 1892. During its busiest days, thousands of immigrants entered the United States there. More than 100 million Americans can trace their roots to an ancestor who passed through Ellis Island. Today, Ellis Island is a museum. Museum visitors can learn what it was like for 12 million immigrants who arrived in America at the turn of the century.

1. There are two math webinars because they are based on your total TABE math score.
2. I should look at my TABE report to determine which math webinar to attend.
3. I should log in to the webinar about five to ten minutes before it begins.
4. If I enter the live webinar too late, I can stay, but I will have to write the one paragraph summary.
5. The web address of the class blog is <http://aceleecountygedprogram.blogspot.com/>
6. If I can't attend the live webinar then I should watch the recording and write a one paragraph summary.
7. The subject line of my homework emails should be "First & Last Name Webinar Assignments Week #__"
8. I need to email my teacher of record with my homework each week.
9. It's important to complete the pretests in Aztec each week so that I am doing only the lessons in which I need to improve.
10. The difference between time on task and time logged in is time on task is a total of time I am actually doing work. Time logged in is simply the time I log in and out. Our program measures time on task.
