

**Attention Shinobi Organization:** The Arrest On Sight order on Shinobis will not be lifted in light of your recent threats against our land. The entire organization is being punished for the acts of a member of the organization since the crime, the theft of the Scroll of Melody, was done in benefit of the Shinobi. Furthermore, the theft of the scroll has brought danger to our land, and that can not be forgiven. As a result, The South will be trialing the leader of the Shinobi, who will be accused of the crime of stealing from the Moth Temple and threatening our civilians. The arrests will not stop until the Scroll of Melody is returned.

The trial will happen on Friday, July 31st at 4pm EST. If the leader does not show or does not try to reschedule this date if he can not come, the anger we have against the Shinobi for their actions will only worsen.
