INTRODUCING STEALTH COMPOSITE AIR TOOLS

We at Just Pro Tools are excited about our new range of Professional Stealth Composite Air Tools. We have been looking for the right supplier of tradesman quality Air Tools for many years and believe in partnering with the leading Air Tools supplier in Taiwan, we can now supply the best quality at realistic prices. What finally swayed us to this partnership, was the Taiwan supplier's 30 years history, and the fact that they supply some of the best known brands in the USA and Europe.

All our Air Tools have a 12 month warranty, and we are offering an **additional 12 month warranty** for \$19 per air tool (except for the 3/4 Impact Wrench which is \$39). Feel free to drop into our Penrith Showroom and we can show you the full range.
