“MozEgy Summit” Conference 2017.

Egypt - 18.9.2017 - 19.9.2017 (Round1)

BUE student union - Mozilla campus club at BUE
R.O.Organization

It's our pleasure to present our proposal for “MOZEGY Summit” list of conferences in Egypt 2017-2018.

-(International participants version)

Overview

Individuals must have the ability to shape the Internet and their own experiences on it. That's why we made “MOZEGY” SUMMIT 2017.

Principle NO.5: [The Mozilla Manifesto](#)

About “MozEgy” Summit

- “MozEgy” Summit is a new project powered by British University in Egypt and BUE student union as we believe that free and open source software promotes the development of the Internet as a public resource.

At this summit we will discuss topics such as (Web development, Visual Reality, Entrepreneurship, Social Entrepreneurship, Leadership, Web and Graphic Design).

Other topics related to the Mozilla project such as (WebVR - Rust programming language - campus clubs - and more) will also be discussed.

A separate section for mobile apps developers, workshops in closed rooms may be available as well.

-It's a great chance for the Egyptian society to meet the co-founders of many global successful startups and community leaders, also to know more about the Mozilla project and our last activities and programs in Egypt and around the world.

-"MOZEGY" brings together visionary speakers and companies to explore new frontiers in the open web.

Estimated number of speakers will be approximately between 16 and 19 speakers.

Participated speakers will be from Egypt and other several international countries such as (Germany - USA - MENA region countries).

Projects Goals

The project aims to:

1. Promote the Mozilla mission in Egypt
2. Present many new projects developed by applicants.
3. Provide sessions at which developers who have already made successful startups will talk about their ideas, and how they were able to make their own startups. also, they will talk about the problems they have faced, and how they were able to deal with that.
4. Help the social entrepreneurs to participate in our new programs and guide them to make their own projects.
5. Construct "BUE campus club" and inviting new members to join the club,
6. Bring all the campus clubs leaders and members from different regions all over the country in one place and one event, so they can know more about Mozilla. also, to make a future plan for the next few months.
7. Present Mozilla's new projects and programs to the tech. Community in Egypt.
8. Activate the club in BUE.

Specifications

the number of attendees will be around 1200-1600 guest (approximately 800 each day) based on the number of invitations which will be sent. also, there will be a live stream on many different platforms and websites at the same time, The live stream may reach about 100k followers online.
