From USA Today & Wall Street Journal bestselling author Michelle Heard comes a new standalone, full-length Greek Mafia Romance novel.

Drowning in the murky waters of the mafia, I'm determined to find a way out. I have my sights set on becoming a film producer and won't let anything or anyone stand in my way.

Then my mother marries a retired Godfather, and I get the head of the Greek mafia as a stepbrother.

Nikolas Stathoulis is set on ruining my well-laid plans. His ruthless reputation has me running for the safety of my apartment.

But he's always there. On campus. In my apartment. Expecting me to play by his rules.

If only I can ignore his godlike features and stop my heart from doing cartwheels at the sight of him.

Greek God? *Pretty much.*

But he's rude, demanding, and hell-bent on making my life a misery.

Two can play this game... Right?

STANDALONE: A Greek Mafia Romance full-length novel.
