

# WHITE PAPER.

Everyone loves Neko's.

Korat Neko is a Defi token designed to make money holders by developing a Staking and Farming Platform, and at the same time, being able to help abandoned dog and cats shelters.

This is just the beginning, our goal is to have a robust community-based coin, make it useful and make money from it.

We will donate to Associations as we go, increase the profits with the donation funds and begin to help those dogs and cats so much in need.

# ROADMAP
