INTRODUCTORY SPEECH OF NAPS-EMU IN PANS 40TH ANNUAL NATIONAL CONVECTION NIGERIA...by Sen. AJIBORO TEMITOPE (NAPS Chairman)...Delivered...by Evangeline Samuel.

Good day, distinguish guests of honor, all the officials here today, students from various institution present at this convection, PANS National Executives, members of the press, ladies and gentlemen, all protocol duly observed.

Today is a wonderful day, it is a great day in the history of pharmaceutical sciences and pharmacy at large as we leaders of tomorrow has taken a delight to unite, relate, agree and determine our advances on the future of pharmacy and science at large. Am so happy to see us scientist and

pharmacist in embryo taken a turn in history to change the course of pharmacy education, career and practice.

I want us to have it at the tip of our minds that this is not just a convention, it is a convention to take a turn in history of pharmacy because if it just an ordinary convention, we NAPSITES will not be here.

Let me take this time to introduce NAPS-EMU and what our goals and objectives are. NAPS-EMU in full means Nigerian Association of Pharmacy Students Eastern Mediterranean University, North Cyprus Turkey.

We are a non-governmental institution that is committed to improve every area of Pharmacy Education and innovative research development in the field at large.

We have teams of expert, analyst, and education consultants who have made major contribution in modern scientific discovery today, we are proud to say that we have them in our institution.

Furthermore, NAPS-EMU has been one of the leading Associations in Europe who has been able to gather the highest number of Nigeria Pharmacy Students and we don't just have Nigeria Students alone, we are playing a major role encouraging Students to learn, master and come back home to contribute their own quota to our beloved country Nigeria.

We all know that Nigeria is one of the greatest country in the world, believe it or not we have lots of Nigerians who have made head way in their field but the major problem is that they never give back to Nigeria, when I mean give back I mean we owe Nigeria our services and we have to pay our deeds, which is contributing what we can.

Without wasting much of your time we are here today to propose a working partnership with PANS to join this moving train of intellectuals to win this fight. Our campaign has started as we are affiliated to many organizations through the help of our university. We will be holding an international convention soon in which we also want PANS to be part of it.

They are lot of things to be discussed about NAPS motive in which time may not permit me in this speech but I want us all to believe that we have travelled

miles to prove our enthusiasm towards this motive and we can't do it alone we need your help to make this impossibility possible.

GOD BLESS NAPS-EMU, GOD BLESS PANS, GOD BLESS NIGERIA AND AFRICA AT LARGE.

Thanks

Sen. Ajiboro Temitope Oluwole

(NAPS-EMU Chairman)

Represented by Evangeline Samuel.
