Who are we?

*“Tell me and I forget,
Teach me and I may remember,
Involve me and I learn”
- Benjamin Franklin -*

We want to make a difference for your children, we believe that each child has to have the perfect education in preschool and that is why we started Childcare Educational Center.

CHILD CARE

Preschool English Education

Guiding Educational Principles

- English and Romanian teaching

- Healthy diet, rich in fruits and vegetables

- Daily outdoor games, fun, activities

- Parent - Teacher communication

- Safety comes first

- Respect for the children

- Small group (12 max)

Our Educational Offer

LEARNING TOGETHER

With a warm, relaxing and soothing approach, dynamic and engaging in the same time, based on mutual trust and respect, the children are engaged in learning experiences that are stimulating curiosity and creativity. These experiences are meant to enable children to discover their identity, to enhance their self esteem and to become independent and to grow.

At Childcare Educational Center we speak English and Romanian. Our educational methodology is based on modern, creative, interactive techniques focused on children. We support this with unique educational materials, preparing children for their next journey: school.

Curriculum:

We combine the Romanian pedagogic principles with alternatives pedagogical methods in order to bring up to live the best approach for your children development.

Romanian Curricula: The planned activities are following the educational ministry agenda and incorporates all the development milestones for the specific children's age. We achieve this through games, exploration leading and preparing the children for self learning when they will go to school.

Childcare is an Helen Doron English partner and we use the best in class English language teaching methodology for all of our children.

Helen Doron English at Childcare

BEST IN CLASS ENGLISH LANGUAGE METHODOLOGY

We deliver to all our children the best English Language teaching methodology, full module specially designed for children aged 3 to 5. The module consists of 72 workshops, 2 workshops per week.

Fun with Flupe program consists in 80 workshops of one hour, two per week and has the objective of introducing 600 words in children's vocabulary.

This course develops child's spoken English skills and will help children familiarize language structures through dialogues. Students learn to speak English naturally as they learn their mother tongue—through stories, songs, interaction and games.

Student Materials

- 4 Activity Books
- 4 CDs
- 1 DVD
- 1 Script Book

Outdoor FUN is mandatory

CHILDREN SHOULD PLAY OUTSIDE - DAILY

We strongly believe that children need to spend time outdoor daily, no matter the weather condition.

We do daily outdoor activities, games, quests, exercises.

Children love playing and they learn while they are doing it so. non-negotiable we do this everyday. If it's raining we will put our rain coats on and we will play outside. If it is cold we will dress accordingly.

Healthy habits

WHAT WE EAT AND THE STORIES AROUND EATING

We promote a healthy diet, rich in fruits, vegetables and food variety.

Eating habits are an important part of the daily learnings and we assure that children will learn all the associated activities around that.

In our daily routines we have the following meals:

- Morning Snack (provided by each parent)
- Fruits Snack
- Lunch
- Afternoon Snack

We provide catering service for all our children (included in the monthly tax) rich in vegetables and fruits.

If by objective reasons children are not attending in some days the monthly tax will be adjusted accordingly.

Communication with parents

WE COUNT ON A VERY GOOD COMMUNICATION

We value communication between parent and teacher and we constantly provide and ask for feed back related to child's development and needs.

Each children is unique and special in his own way. Communication with parents is essential for us so we will keep track of your child's progress and needs together with you.

- Weekly report: sums up all the activities that we have been through for the entire week - Each Friday
- Parent - Teacher Meetings: One on one meetings with each parent, three times a year for feed-back on initial evaluations, sum evaluations, final evaluations
- Logistic meeting: once a year
- Photo Album and Portfolio: at the end of the year
- Interactive workshops with parents: as per calendar
