

3 Simple Makeup Looks you can do Everyday

As a makeup lover, we are spoiled with choices. From *traditional* [bridal makeup](#) to everyday make up looks, the options become boundless with beautiful colors and finishes to create an impact. Often times however, the endless options can create a dilemma. What goes with what? Matte or glossy? Worry not. We are here to help ease the indecisiveness with 5 everyday make up looks that are perfect for day to day wear.

SIMPLE NO MAKE- UP MAKE UP LOOK

Ease your 7am hassles and create a look that hides your stressful dark circles for a natural looking beautiful transformation. Embrace your natural beauty.

- **Prime**

Primer not only extends the life of your makeup but also smoothens the textures on your face to make the foundation last longer. It creates the perfect canvas for product application and restricts your makeup from creasing.

- **COLOR CORRECTION**

Hide all your imperfections, under eye circles and eye bags with the right color on the color wheel. Choose a medium peach tone to camouflage dark circles, a green concealer to cancel redness and a yellow concealer to even out discoloration.

- **MATTE FOUNDATION**

use a matte foundation all over your face and blend with a makeup blender. For a long lasting look that keeps you looking gorgeous all day, wet your make up blender and squeeze out all the water before using it to dab the foundation generously on your skin.

- **PRIME YOUR LIDS**

This makeup step often gets overlooked but when done correctly; it can transform your whole face. Priming your lids with a good moisturizing primer smoothens eye make-up application.

- **NUDE SHADOW**

Colors are irresistible when it comes to eye makeup but a nude shadow can give you richer, natural looking eyes. Choose your favorite nude from your nude eye shadow palette and wash your lids with a generous touch. Add a deeper brown or peach if you want to add some extra magic and shade in your crease. Follow with a lighter shade on your brow bone and create a highlighting effect for the complete look.

- **BROWN EYELINER**

Subtle and simple, brown eyeliners add a natural softness to your eyes in comparison to the classic black option. Dot your lash lines with the liner and connect them using the same brush.

- **DEFINE YOUR BROWS**

a good eyebrow defines your bone structure and adds definition to your face. Use a good brow tool box and shape your brows before going in with a color that matches your natural brow hair and fill in your brows for a fuller look.

- **MASCARA**

Since your makeup is simple, add some drama with thick voluminous lashes. A generous coating or two of mascara will surely make you look appealing.

- **LIPSTICK**

Complete your look with your favorite nude lipstick

You can opt from a wide range of colors like warm peach, light pink or cold browns to turn heads. You can also add a dollop of gloss in the center of your mouth to make your lips appear fuller and dewy.

YOUTHFUL LOOK

Are you looking for a makeup look that keeps you glowing without the hassle of using too many products? Then this is the look for you.

- **PRIMER**

For a crease free look, apply primer on your face after the moisturizer and let it sit for a few minutes before you apply your foundation.

- **COLOR CORRECTIO**

Hide all your imperfections with color correctors as per your requirement. Choose a medium peach color corrector to cover dark circles; green to cancel redness and a yellow conceal to even out discoloration.

- **FOUNDATION**

Use an illuminating foundation for the good glowy-dewy skin that looks highly radiant with zero efforts. Use a wet makeup blender and squeeze a thin layer of the foundation to dab on your skin.

- **UNDER EYES**

After concealing your dark circles, use a concealer that's a shade lighter than your skin tone to brighten up your under eyes. This will make you look fresh and well slept.

- **BLUSH**

The game changer product, blush adds a lovely flush to your cheeks that make you appear energized and radiant. Dust a peachy blush on your cheeks and voila, your youth is blushing back at you.

- **TWO TONED NUDE EYE**

Begin with a nude shade and blend it well on your lids. Now add a pink eye shadow to your crease and blend it in with the nude eye shadow.

- **LIPS**

Add a coat of pink or mauve lip color to your lips to complete the look

MODERN GLOSSY LIDS & LIPS

From the runways to wedding functions, glossy makeup is back from the 2000s to take us back to the nostalgic charm.

- **EYE PRIMER**

Use a primer to avoid your eye lid make from creasing.

- **LIDS**

Begin with a nude eye shadow and generously color correct your lids. Now add your favorite candy color, an orange or pink for the splash of color on your lids and blend well.

- **GLOSS**

Don't be afraid to experiment. Take a clear lip gloss and lightly apply it on your lids, over the eye shadow. Use a very small amount so your eye makeup doesn't clump up.

- **MASCARA**

In this makeup look, the eyes take the center stage. Add a generous coating of mascara after curling your lashes with eye lash color for the perfect flutter.

- **LIP**

Use a satin finish lipstick or a matte lipstick in your favorite shade matching your eye lid shadow color and add a generous amount of lip-gloss for the glass effect.
