## Before we go any further, a little disclaimer:

My work is **fan art and parodies**. That being said, despite whatever source material I use, **all characters depicted are, and always will be, 18 years old or older** and look the part. My games and images are **free, and for adults only**. They are **works of fantasies** and **made for recreational use only**.

I truly believe that **all fantasies are good** as long as you know **which belong in the fictional realms only**. I see my work as a **safe outlet** to deal with these and **not** a way to encourage this kind of behavior. **Do not try to reproduce any of it in the real world.**

Thank you!

Built in the middle of an asteroid field, Vorkss Station has become the hub of the slave trading in this sector...

And, WHY do I need to pretend to be your slave again?

RRHAAARRRARRGH

An ex-jedi, I know.

Still... I'm not comfortable with this.

Don't think because I let you fuck me, sometime...

... Ok, pretty much all the time...

The point is...

I'm not your fucking slav...

The fuck is this?

?!?

I'm not wearing that... thing!

GGRRRIIIIIIOOHHRRR

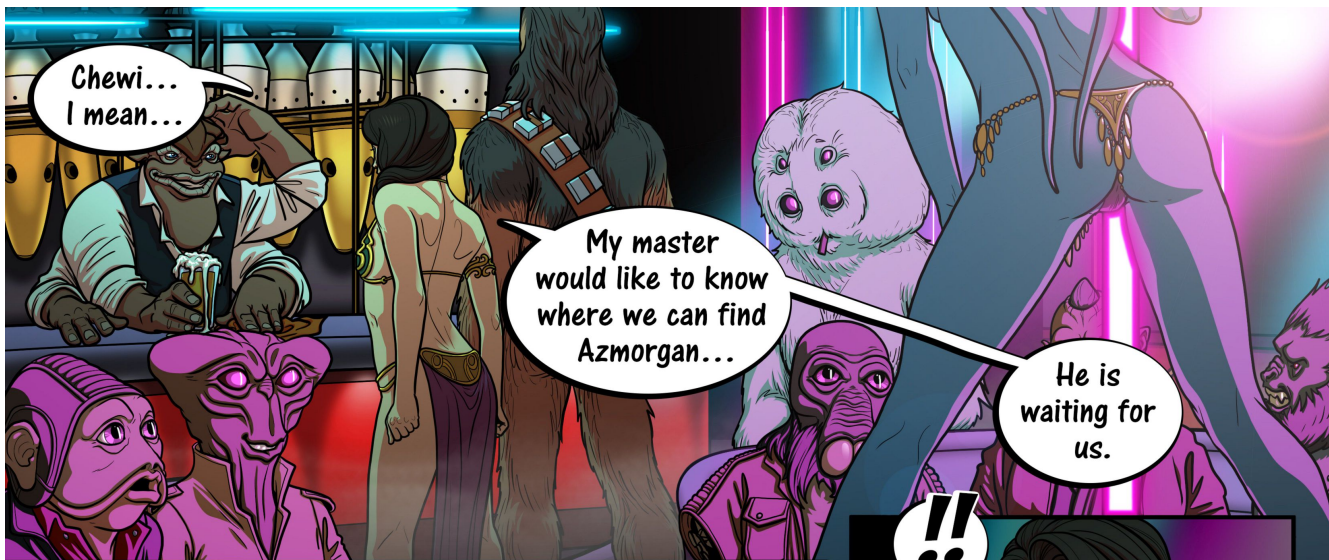

This is such a cliché!

NO!

This is humiliating enough... I'm not wearing a fucking leash!

hentai-foundry.com/profile-fuckit.php

Chewi...  
I mean...

My master  
would like to know  
where we can find  
Azmorgan...

He is  
waiting for  
us.

!!

Oh!

You're  
here for the  
trainer...

Say...  
Are you for  
sale?

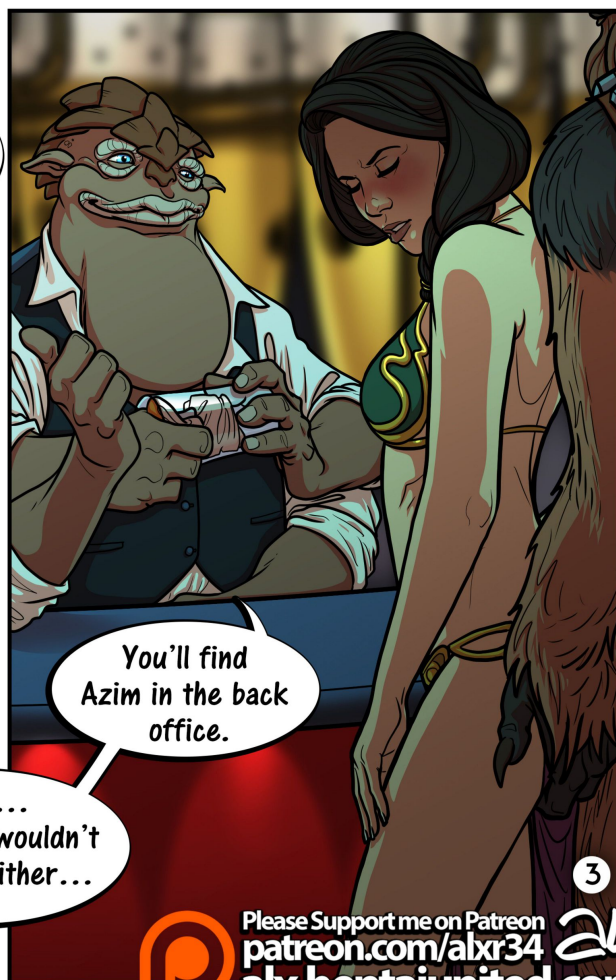

I certainly  
would like someone  
like you around  
here.

YYARRHH

Master says:  
he would never sell  
his favorite toy.

Yeah...  
I probably wouldn't  
sell you either...

You'll find  
Azim in the back  
office.

hentai-foundry.com/profile-fuckit.php

The mighty Chewbacca...

So nice to finally meet you.

Master says...

It's ok girl...

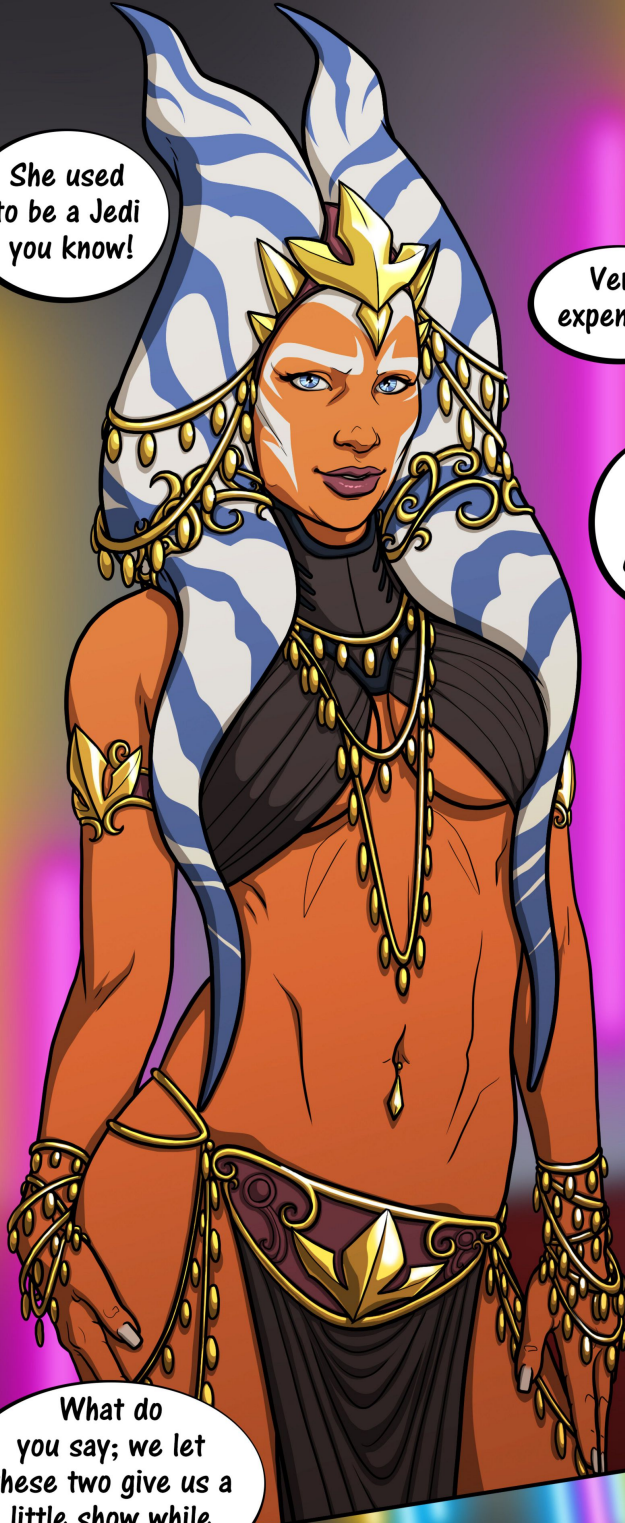

I speak Shiiriwook.

AHSOKA, MY DEAR...

Peoples are here to see you!

She used to be a Jedi you know!

Very expensive!

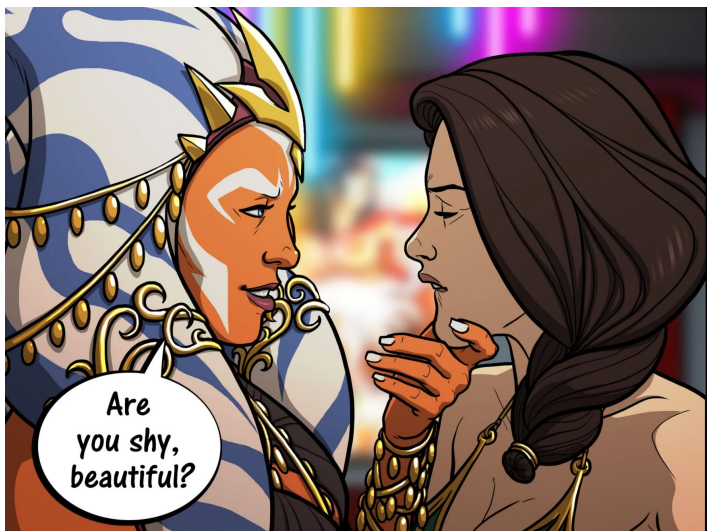

Worth every credits.

What do you say; we let these two give us a little show while we talk?

I'm not so sure about this....

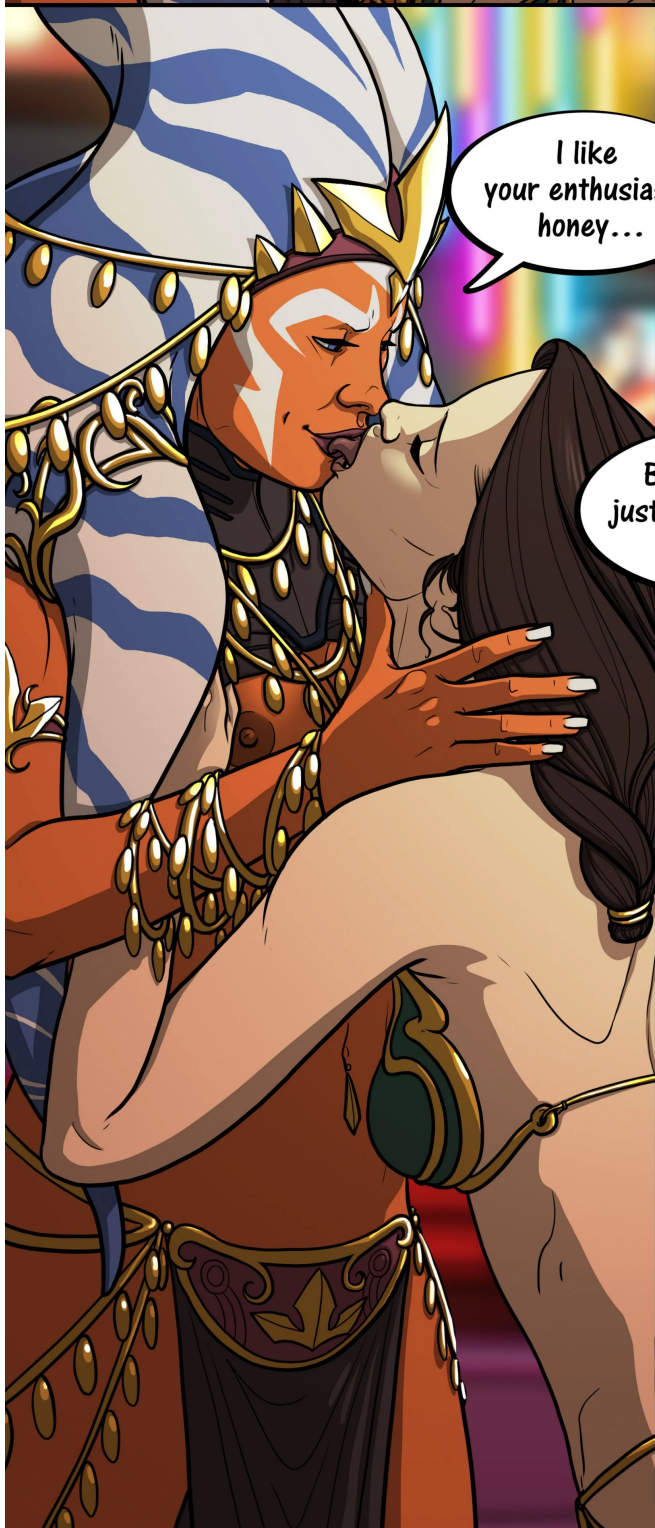

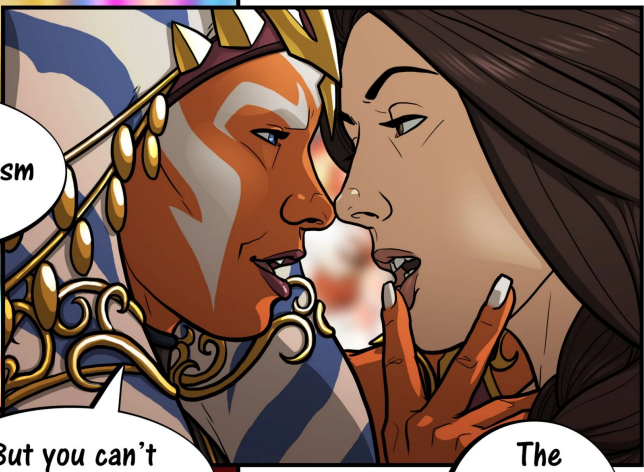

Are you shy, beautiful?

Just go with it!

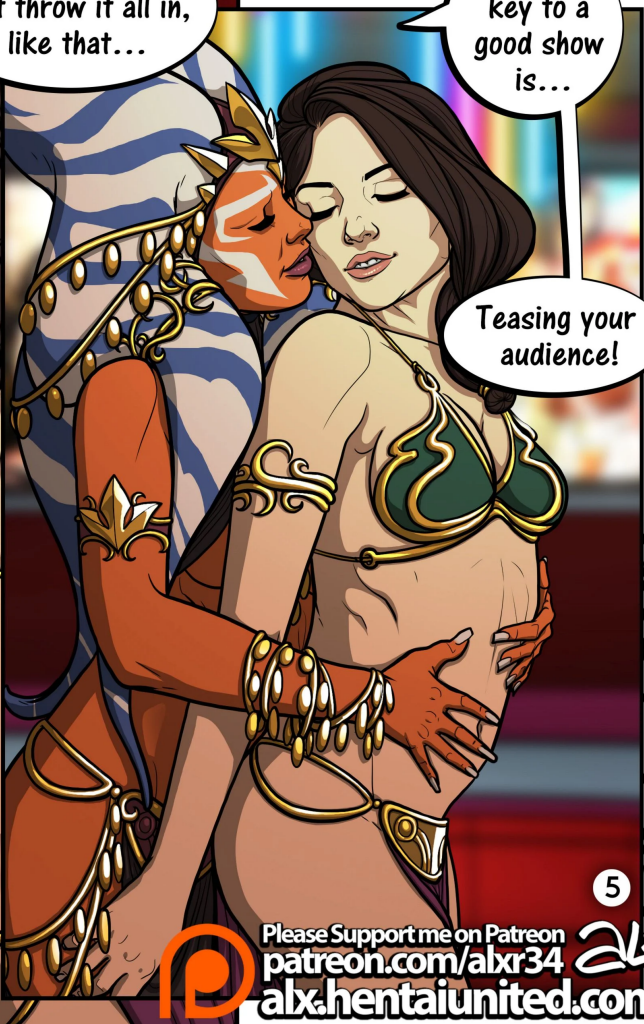

I like your enthusiasm honey...

But you can't just throw it all in, like that...

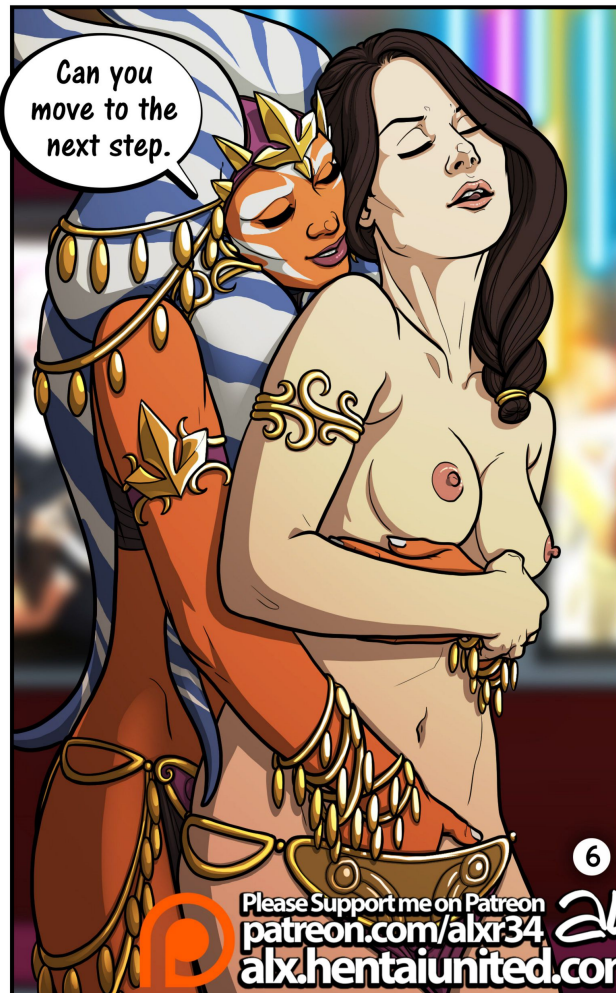

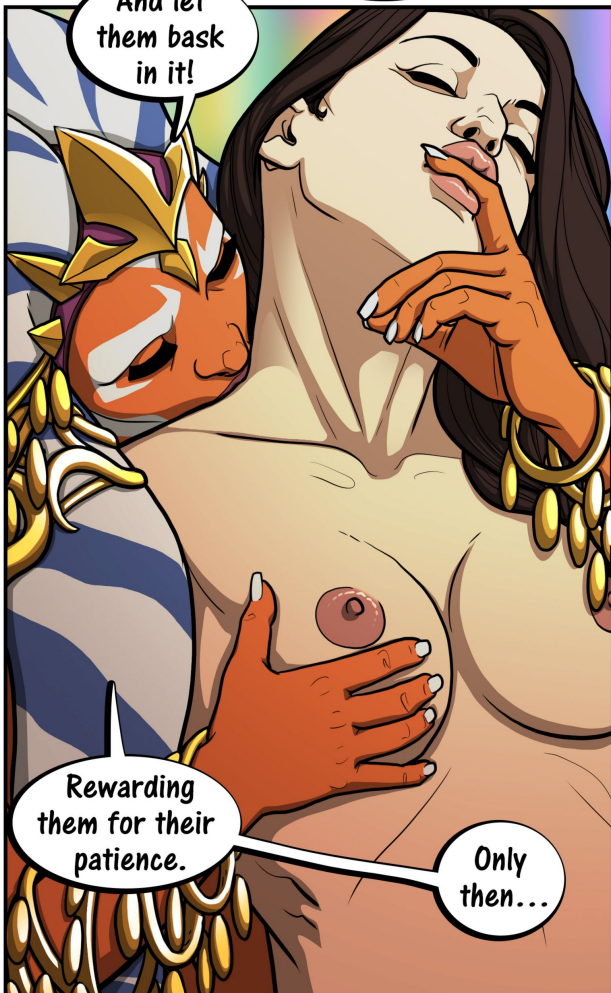

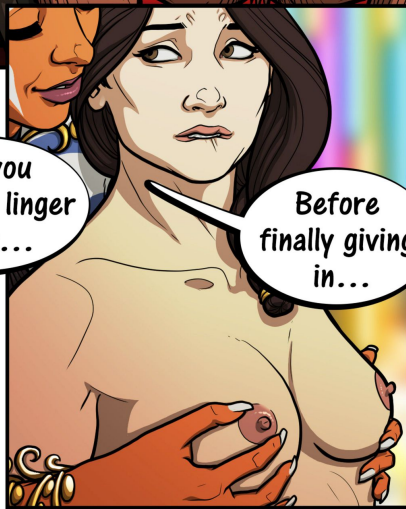

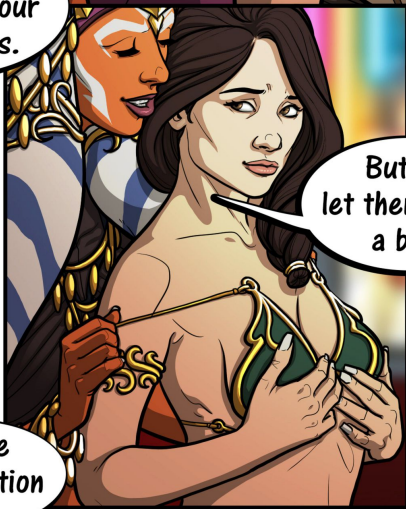

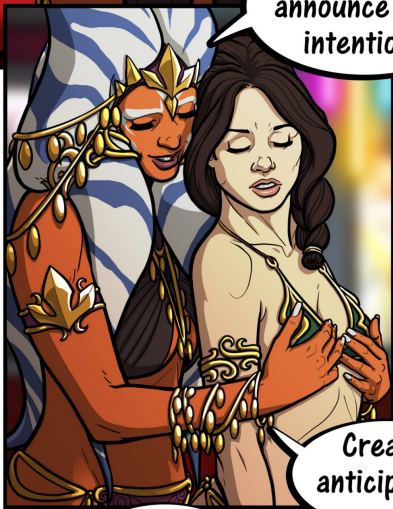

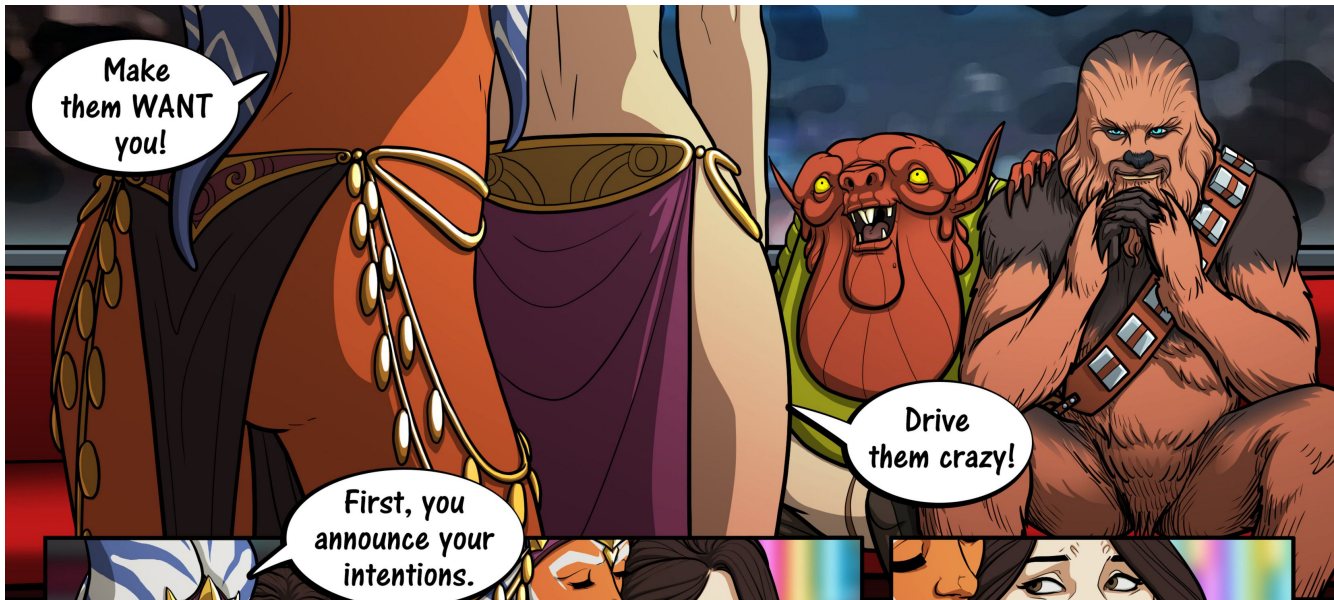

The key to a good show is...

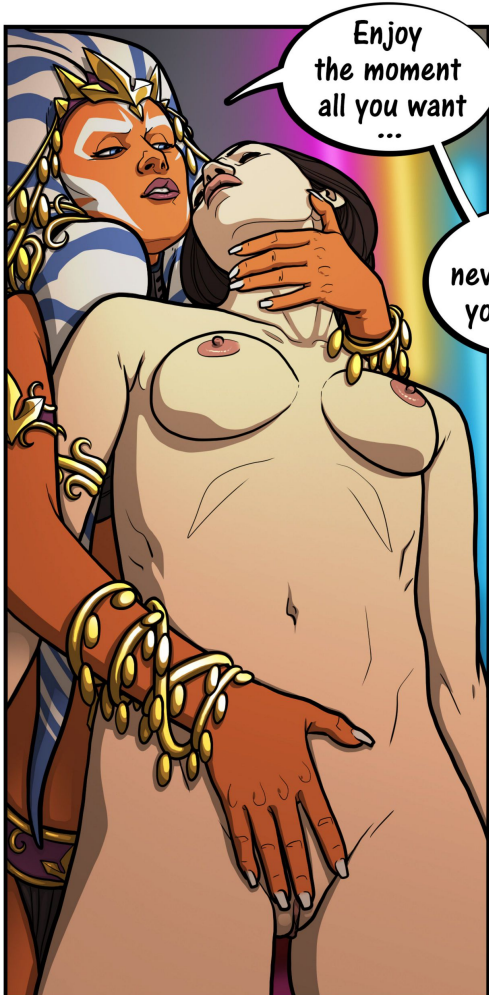

Teasing your audience!

hentai-foundry.com/profile-fuckit.php

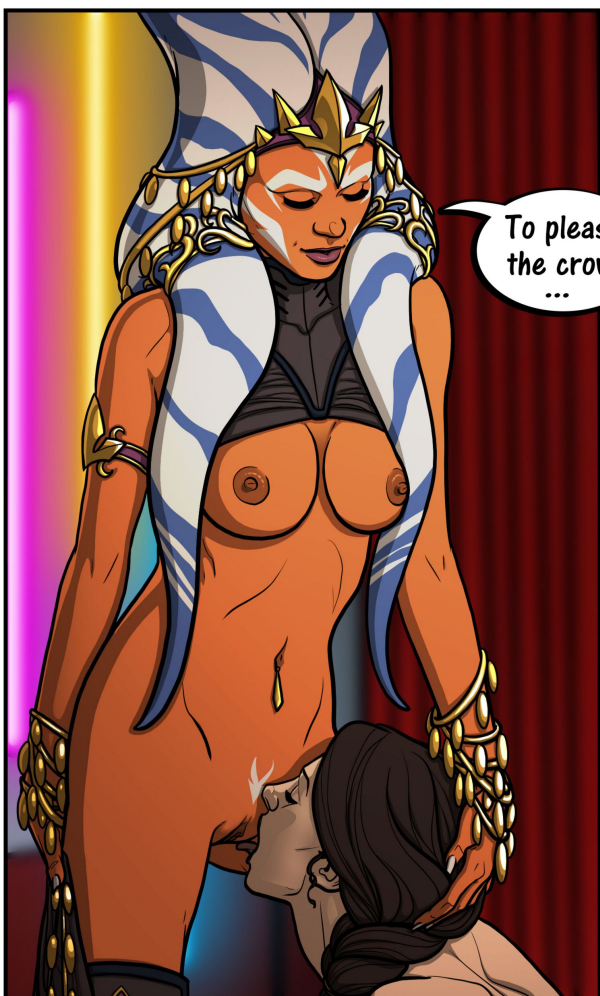

Enjoy the moment all you want ...

But never forget your place.

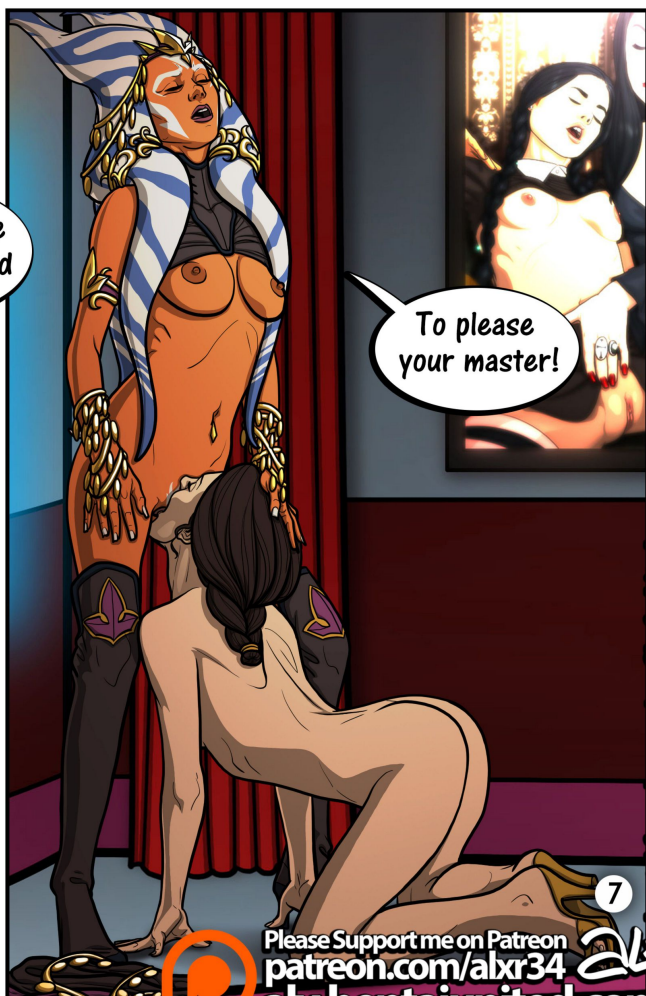

You're here for their enjoyments!

Always give your all...

To please the crowd ...

To please your master!

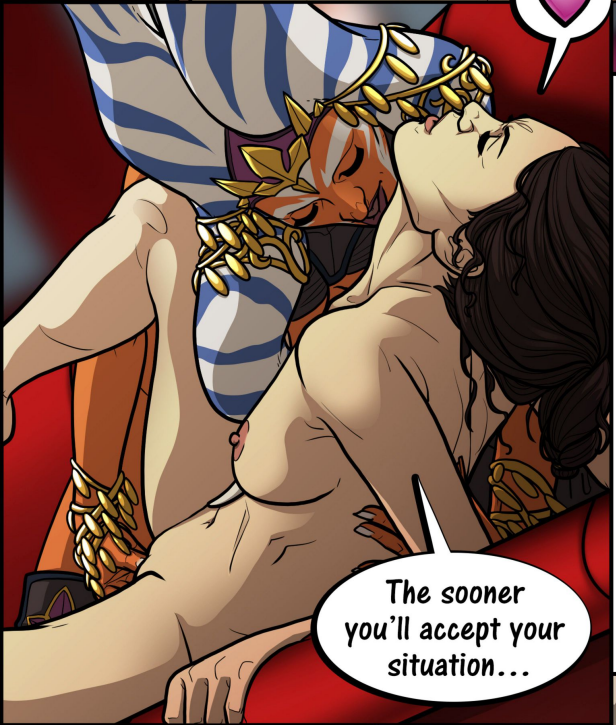

Be good ...

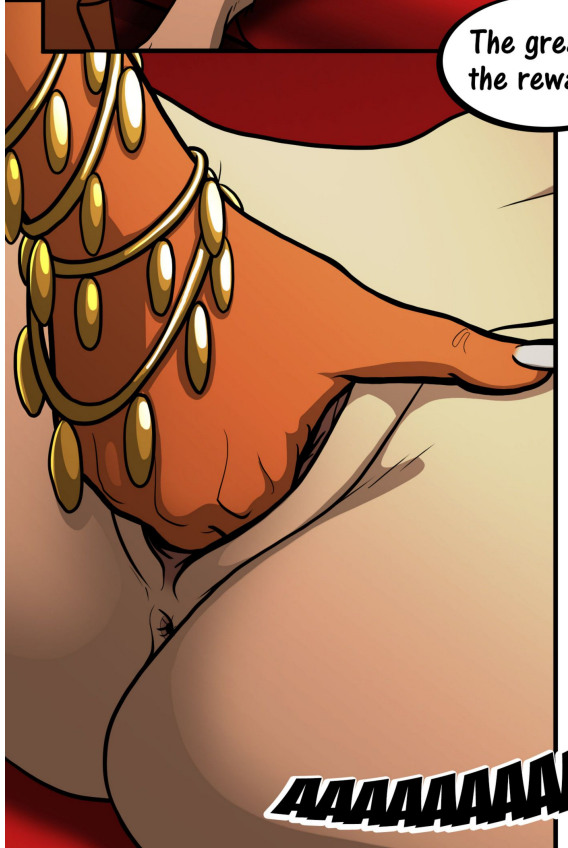

And you'll be rewarded for it.

Slavery has its perks ...

The sooner you'll accept your situation...

The greater the rewards!

AAAAAAAAHHH!!!!

Good!

I'll be able to use my little toy...

Without hurting you ...

Much.

I think she is ready for the next stage.

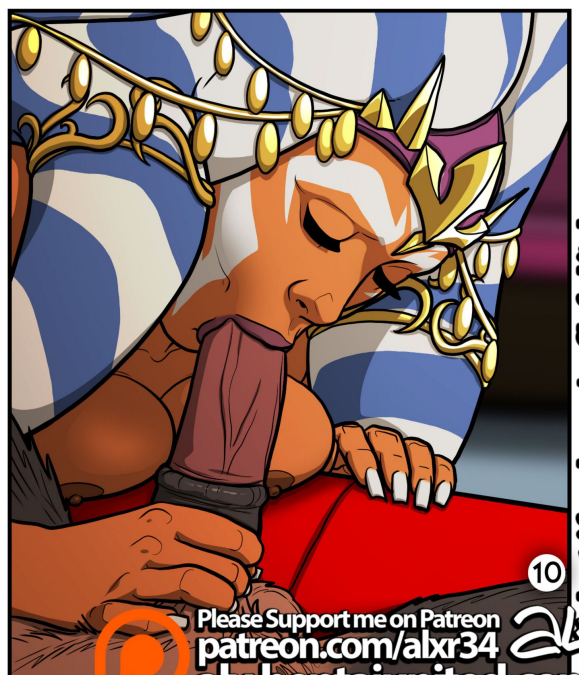

RHYHHGYRR

Yes!

I told you my lady is quite efficient.

The joy, only your master can give you.

The pleasure ...

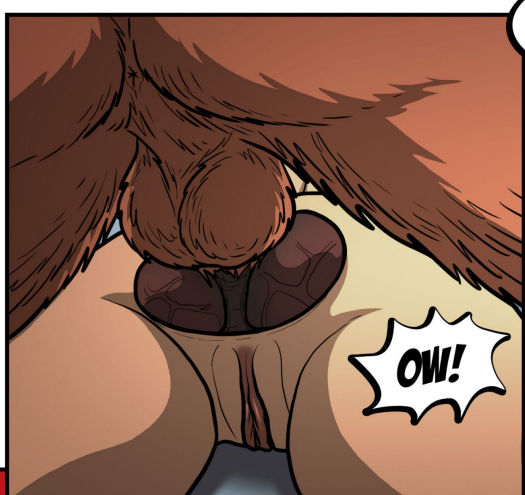

Use this feeling...

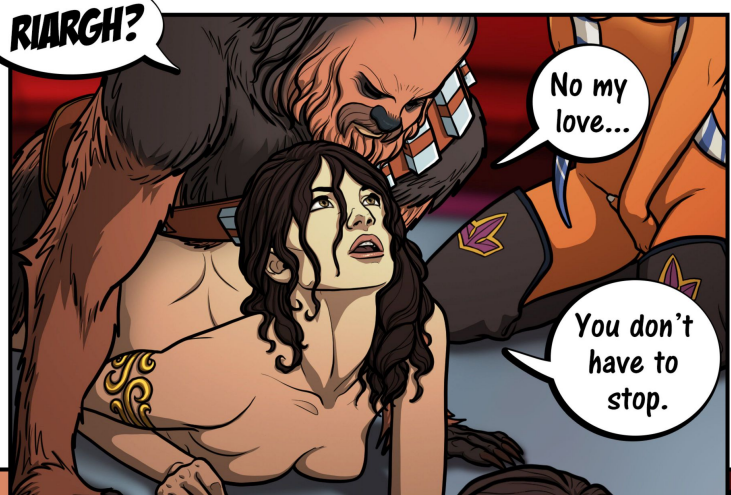

Your love for your master...

The bliss of submitting to him...

OW!
