Natasha Mupemo

NATASHA MUPEMO is the CEO and founder of Judah designs. She started the brand in the year 2018. Judah designs first started as Tashine Designs which was a combination of her names, Natasha and Christine. Natasha-Tash and Christine-ine, which makes Tashine. Yet now, the name has been changed to Judah Designs which according to the owner, symbolizes that the clothes she makes are garments of praise, which was taken from Isaiah 61:4. She believes that her passion in fashion should be an expression of the creative mind that God has given her. Furthermore, she is a firm believer that people must glorify God even in their dress code, their clothing items must be garments of praise!

Her passion for fashion started at a young age, when she was 13 years old. She loves art and that was one of the things that led her to discover that she could also design clothes. "I love fashion and I find it to be very artistic and beautiful, where one can have an idea of what they or someone else can wear, they draft it and its off to the sewing room. Passion is the driving force for a vision. As my pastor, Pastor Daniel Kaira once said, '**PASSION IS A SEED FOR IDEAS**' so I believe that when someone is passionate about something, their desire for achievement exceeds their desire to make money and in entrepreneurship that is key!"

Being a Fashion designer means being up to date with the latest fashions and trends and that is exactly what Judah designs does.

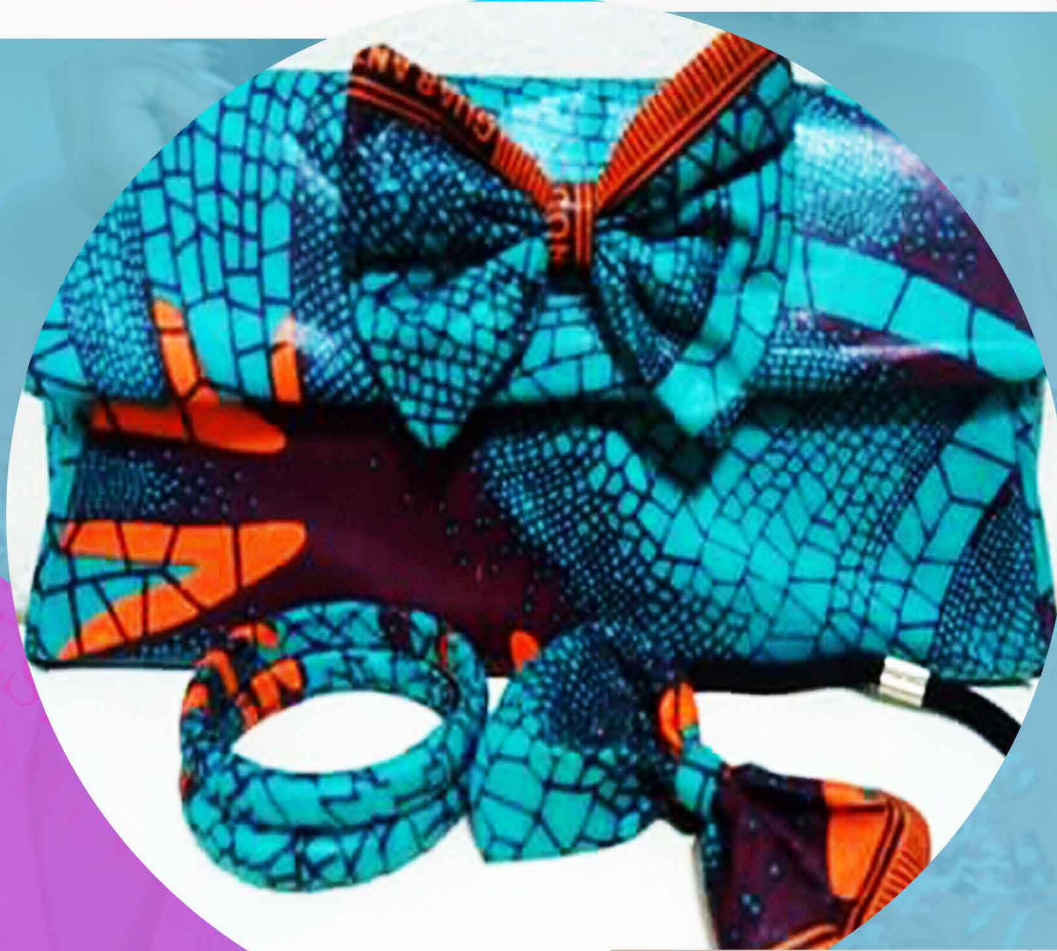

Miss Mupemo has been inspired by many designers in the fashion industry both within Zambia and outside Zambia, but she has top three favourite designers from Zambia who inspire her the most, these are; Martha Kabaso the founder of Africouture clothing, Kapasa Musonda the founder of Mangishi Doll and Kasonde Nkole the founder of Kasslita's Designs. She says "When it comes to being an Entrepreneur, you need to pattern your success after someone who is successful in that particular area."

“ ”

IF IT AIN'T PREACHING, IT AIN'T RAP.

Meaning someone shouldn't just listen to rap music cause they want to praise the beat and the production but they should listen to Christian rap cause of the message they have to get from it, just like sitting down to listen to a sermon.

Dumisani believes that with his music, people can actually find their identity in Christ and be encouraged and motivated to know what to do next after they are saved.

He is motivated by 1 Peter 4:10-11 that tells us that God has given each one of us gifts according to His grace and we should use the gifts to minister to the glory of God.

Dumisani TGR has currently released one music video titled **CONTENTION** and he also released an EP titled **THE CROSS ROAD** and many other singles. His music can be accessed on **Itsretunes** or **Thenativez**.

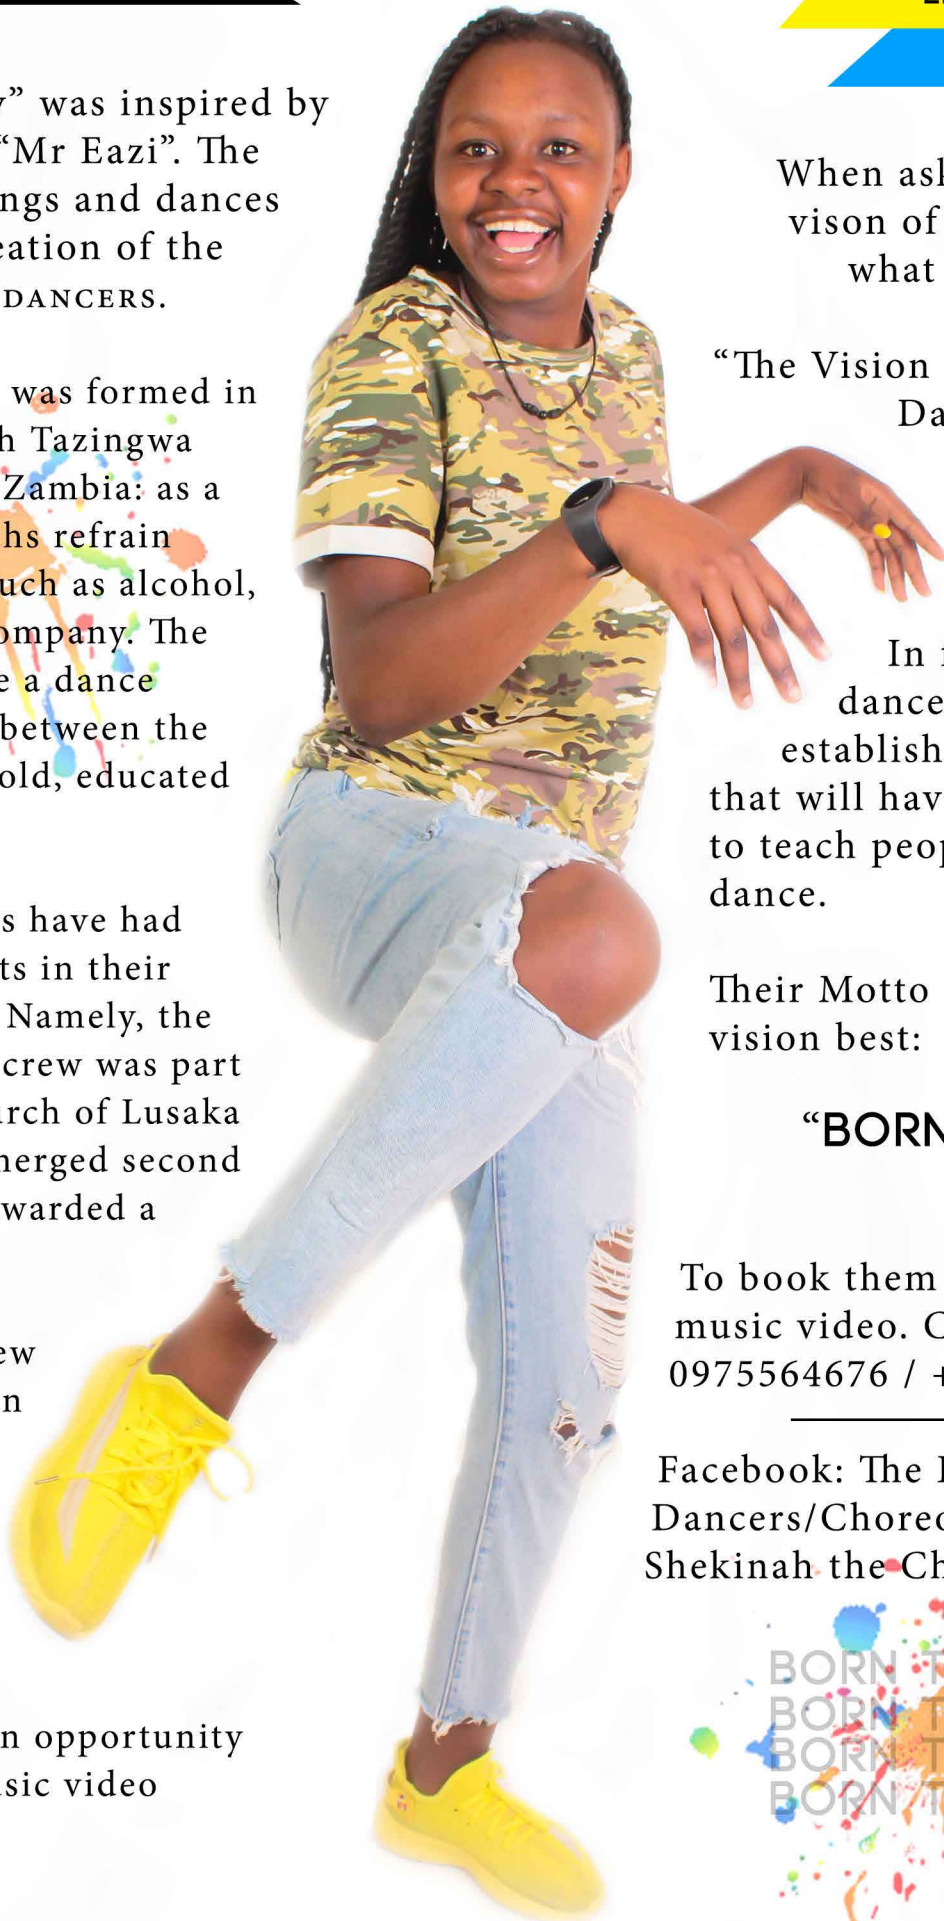

The name “Eazy” was inspired by the Afro artist “Mr Eazi”. The Artist’s Afro songs and dances inspired the creation of the name THE EAZY DANCERS.

The dance group was formed in 2019 by Shekinah Tazingwa Phiri in Lusaka, Zambia: as a way to help Youths refrain from bad vices such as alcohol, drugs and bad company. The Eazy Dancers are a dance group of people between the ages 10-20years old, educated and disciplined.

The Easy Dancers have had some achievements in their time as dancers. Namely, the competition the crew was part of at Jubilee Church of Lusaka in which they emerged second place and were awarded a Trophy.

Secondly, the crew participated in an online competition on facebook hosted by the Gospel Artist “Sticka”.

The competition accorded them an opportunity to dance in a music video “Yesu”

When asked the goal and vision of the crew, this is what they had to say:

“The Vision of The Eazy Dancers is to be the best world wide dancers. ”

In future the dance crew hopes to establish a Dance Studio that will have the capacity to teach people how to dance.

Their Motto expresses the vision best:
