

My unicorn backpack

20" tall x 14" wide x 9" deep

~30 liters

Internal compartment + 4 pockets

All black everything

~16oz

**Physically reuse Kelty Redwing 32 back components
(bag provided by me, still in tact)**

Copy the design of pockets of Kelty Redwing 22

Copy the full panel main compartment of Osprey Fairpoint 40

Ultra 400 for everything except front pocket

YKK #3 for all zippers

Weights:

> Kelty Redwing 32 reused components = 10oz

> Ultra 400 ~1 square yard = 4.65oz

> YKK #3 ~88" = 0.8oz

> Front pocket stretch mesh 0.8oz

> Total weight estimated 16.25 oz

Kelty Redwing 22

Main compartment, full panel open & border comes up 100% like this >

Osprey

Farpoint 40

Main compartment
10" wide x 20" tall
9" deep
Full panel zip

No grab handle

Add zipper

Side pocket
2" wide x 12" tall
9" deep
75% open zipper
like this

REDWING 22

Front pocket
10" wide x 15" tall
Durastretch 544p
66% nylon/34% spandex
stretch mesh

Same as other side

Kelty Redwing 22

No velcro

Simple laptop sleeve

Kelty Redwing 32

Minimalist grab handle >>

Reuse:

Shoulder straps 4.0oz

Sternum strap 0.6oz

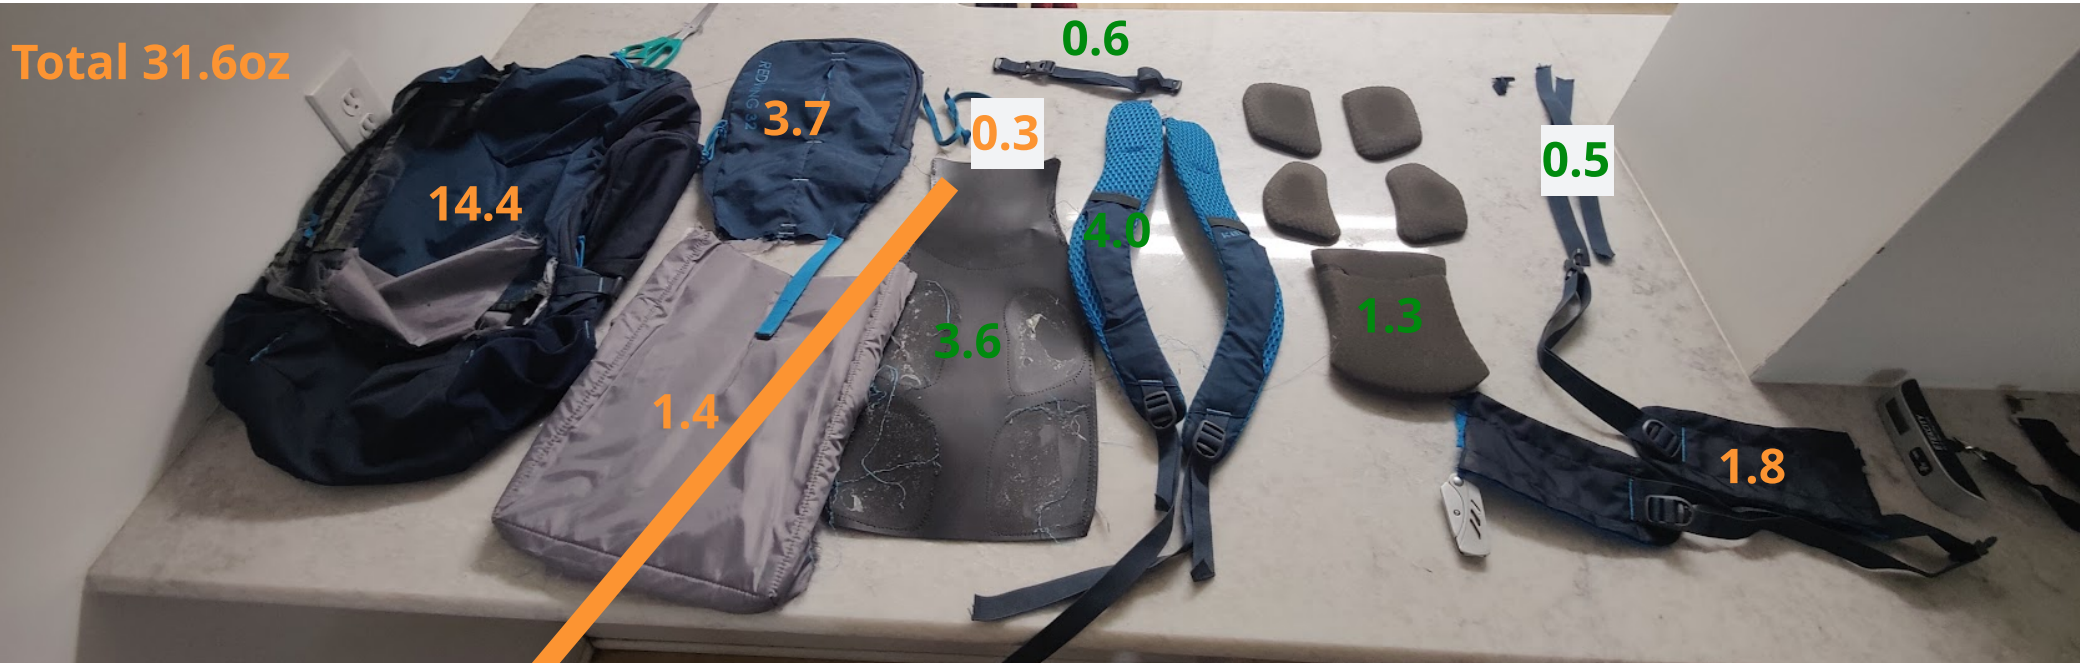

Load lifters 0.5oz

Back panel foam 1.3oz

Framesheet 3.6oz

No hip belt

Kelty Redwing 32

Weird shape at top, not sure how to handle this...
Ideally perfect 20" x 10" rectangle
